UAC Guide 2022-23

Important information 2022-23

Dates relate to UAC applications only. Times indicated in this Guide are based on Sydney time.

Application dates

| | |
|--------------------------|--|
| Tuesday 12 April 2022 | Undergraduate applications open |
| Tuesday 26 April 2022 | International undergraduate applications open |
| Monday 19 September 2022 | Schools Recommendation Scheme applications close |
| Friday 30 September 2022 | Early bird applications close* |
| Friday 3 February 2023 | Applications close for semester 1, 2023 |

Some courses have early closing dates set by the institutions. Check the course descriptions on UAC's website at uac.edu.au/search.

* To avoid a higher processing charge, early bird applications must be **completed, paid for and submitted by midnight on Friday 30 September 2022**.

The processing charge is not refundable under any circumstances (except as required by law). For a complete list of UAC fees and charges, go to uac.edu.au.

Year 12 results and ATAR dates

All dates determined by external organisations are subject to change.

2022 NSW HSC students

Thursday 15 December 2022

2022 NSW HSC results released by NESA from 6am

ATARs released by UAC on UAC's website from 9am

2021 ACT Year 12 students

Thursday 15 December 2022

Statement (including ATAR) issued by ACT Board of Senior Secondary Studies. Students should collect their certificates from their college on or after this date

ATARs released by UAC on UAC's website from 9am

International Baccalaureate (IB) students

Monday 2 January 2023

Results released by IB Cardiff, UK

Key offer dates

All dates are subject to change.

Scan to view a full list of UAC dates and check for changes, or go to uac.edu.au/key-dates.

Undergraduate

To ensure your application is assessed in time for a particular offer round, apply and provide your additional documentation as early as possible. The main offer rounds for Year 12 students are December Round 2 and January Round 1, after ATARs are released.

| Offer round | Apply and pay by midnight on | Upload PDF documents by midnight on | Change preferences by midnight on [^] | Offers released at 7.30am on |
|------------------|------------------------------|-------------------------------------|--|------------------------------|
| November Round 1 | Thu 13 Oct 2022 | Thu 27 Oct 2022 | Thu 3 Nov 2022 | Fri 11 Nov 2022 |
| November Round 2 | Thu 3 Nov 2022 | Mon 7 Nov 2022 | Thu 17 Nov 2022 | Thu 24 Nov 2022 |
| December Round 1 | Mon 7 Nov 2022 | Fri 11 Nov 2022 | Thu 1 Dec 2022 | Thu 8 Dec 2022 |
| December Round 2 | Thu 10 Nov 2022 | Thu 17 Nov 2022 | Fri 16 Dec 2022 | Thu 22 Dec 2022 |
| January Round 1 | Thu 24 Nov 2022 | Thu 29 Dec 2022 | Thu 5 Jan 2023 | Thu 12 Jan 2023 |
| January Round 2 | Thu 5 Jan 2023 | Thu 12 Jan 2023 | Thu 19 Jan 2023 | Wed 25 Jan 2023 |
| February Round 1 | Fri 27 Jan 2023 | Thu 2 Feb 2023 | Thu 2 Feb 2023 | Thu 9 Feb 2023 |
| February Round 2 | Fri 3 Feb 2023* | Tue 7 Feb 2023 | Sat 11 Feb 2023 | Thu 16 Feb 2023 |
| March Round 1 | Fri 3 Feb 2023* | Thu 2 Mar 2023 | Thu 23 Feb 2023 | Thu 9 Mar 2023 |

* This is the final closing date to apply for courses starting semester 1, 2023.

[^] There are short periods before each offer round when you are unable to change your preferences in your application.

International

Conditional offers: You will receive a conditional offer approximately 48 hours after you have successfully submitted your application. You may use this as part of your pre-visa assessment if required. It does not make you eligible to enrol in a course of study. To enrol, you need an unconditional offer.

Unconditional offers: This table shows the UAC dates by which you need to apply and pay, and change your course preferences, to be considered for an unconditional offer in each offer round.

| Apply and pay by midnight on | Change courses by midnight [^] on | Unconditional offers released at 7.30am on |
|------------------------------|--|--|
| Tue 13 Dec 2022 | Fri 16 Dec 2022 | Thu 22 Dec 2022 |
| Sun 1 Jan 2023 | Mon 2 Jan 2023 | Sat 7 Jan 2023 |
| Fri 6 Jan 2023 | Sun 8 Jan 2023 | Fri 13 Jan 2023 |
| Sat 21 Jan 2023 | Sun 22 Jan 2023 | Sat 28 Jan 2023 |
| Fri 3 Feb 2023* | Sun 5 Feb 2023 | Fri 10 Feb 2023 |
| Fri 3 Feb 2023* | Sun 26 Feb 2023 | Fri 3 Mar 2023 |

* This is the final closing date to apply for courses starting semester 1, 2022.

[^] Do not change your courses between this date and the date offers are released; if you do, you may miss out on an offer to your preferred course.

Welcome to UAC

Finishing school and planning for next year is an exciting time; greater independence and freedom are just around the corner.

If your plans include going on to complete a degree or diploma, then UAC – and this book – are going to be really helpful for you.

When you apply for university through UAC, you can apply for multiple courses at multiple institutions, all in one place.

This UAC Guide leads you through the UAC application process, from choosing your courses and submitting your application through to getting your offer and enrolling. We provide impartial advice about all the options available to you and describe what will happen (and when) throughout the year.

First steps

To get you started, we've put together a high-level timeline that gives you an idea of when you need to be thinking about your UAC application over the coming months (and when you don't). Take a look overleaf and maybe add some reminders to your calendar.

We've also broken down the application process into eight main steps, from researching courses to enrolling. Just follow these steps and you'll stay on track.

Getting help

If you have questions about the content or structure of a course, your best bet is to talk directly to staff at the university. Open days are a great opportunity to do this. I can't recommend them highly enough. While you're there, you'll also be able to talk to current students about their experiences and take a tour of the campus. Take a look at our [website](#) for a list of this year's [open days](#).

Here at UAC, we hold regular application Q&A sessions on our Facebook and Instagram channels. Our Community Engagement team gets out and about to schools and expos, and runs a series of webinars on a wide variety of topics relevant to you as you progress through Year 12. Follow us on Facebook and Instagram for event notifications or keep an eye on the [key dates](#) on our [website](#).

Of course, our Customer Service team is always ready to take your calls and answer your online enquiries. Please get in touch with us if you ever need advice or reassurance.

In the meantime, good luck with your studies.

All the best,

A handwritten signature in blue ink that reads "Kim Paino".

Institutions will continue to make progressively smaller numbers of offers until they have filled all the places in their courses. The last offer round is in March.

Most courses will start between mid-February and early March.

Scan to view a full list of UAC dates and check for changes, or go to uac.edu.au/key-dates.

Steps to study through UAC

01. Research

Search for courses in this Guide and on [UAC's website](#).

Check selection rank information, admission criteria and pathway options for courses you're interested in.

02. Apply for university

Apply and pay before 30 September.

Not sure what course to choose? It's OK: you can change your course preferences later.

03. Apply for entry schemes and equity scholarships

- **Schools Recommendation Scheme (SRS):** Get assessed on a range of criteria other than, or in addition to, your ATAR. Applications close at midnight 19 September.
- **Educational Access Scheme (EAS):** Apply to have any long-term educational disadvantages considered as part of the selection process.
- **Equity Scholarship:** Apply for financial support provided to disadvantaged students.

04. Order preferences for early offers

The Schools Recommendation Scheme makes early offers in November. Make sure you have the course you most want to do as your first preference.

05. Get your ATAR

You will receive your ATAR in December. The ATAR helps universities rank applicants for selection into their courses.

07. Get your offer

Most institutions make offers to Year 12 students in December and January.

06. Review your preferences

After you receive your ATAR, you will have a couple of days to update your preference list. Log in to your application on the [UAC website](#) to change, remove or add preferences.

08. Accept and enrol

Accept your offer and follow the institution's instructions to start the enrolment process. Don't worry, you can still receive offers in later offer rounds, even if you've already accepted a previous offer.

Change your world with a creative career

JMC Academy offers Degrees and Diplomas in Music, Songwriting, Film, Animation, Games, Entertainment Business, Audio, Acting and Viscom Design.

Now enrolling.

Open days

Get a taste of life on campus and talk to faculty staff.

Scan to view a list of open day dates and locations, or go to uac.edu.au/open-days

UAC fees and charges

All UAC fees and charges are in Australian dollars and include 10 per cent GST. They are not refundable under any circumstances, except as required by law.

The following charges are estimates for the 2022–23 admissions period and are subject to change after 30 June 2022.

UAC reserves the right to change its fees and charges during the admissions period.

For a full list of the latest UAC fees and charges, go to uac.edu.au/fees.

(distributed through schools)

Free

Processing charges

Applicants are encouraged to apply as early as possible to avoid higher processing charges.

Early bird

12 April 2022 to midnight 30 September 2022

Approx. \$73

Standard

1 October 2022 to midnight 3 February 2023

Approx. \$200

ATAR Advice Notice

2022 ATAR Advice Notice (digital)

Free until midnight 12 March 2023

Fees apply from 13 March 2023

There is no additional charge to apply for:

- the Schools Recommendation Scheme
- the Educational Access Scheme
- an Equity Scholarship.

Payment methods

Online applications: Debit card or credit card (Mastercard or Visa cards that have been enabled for online payment) or PayPal.

Domestic 2022 Year 12 students can also use BPAY.

All other transactions: Debit card or credit card (Mastercard or Visa only).

Submit your application before 30 September. You can then change your course preferences as many times as you like.

Choosing your courses

The essential questions

What courses are available through UAC?

Domestic undergraduate students can choose from more than 2,000 courses at 28 institutions.

International undergraduate students can choose from more than 1,500 courses.

For a list of courses offered at each institution, go to Part 2 starting on [page 57](#).

For courses listed by fields of study, follow these steps:

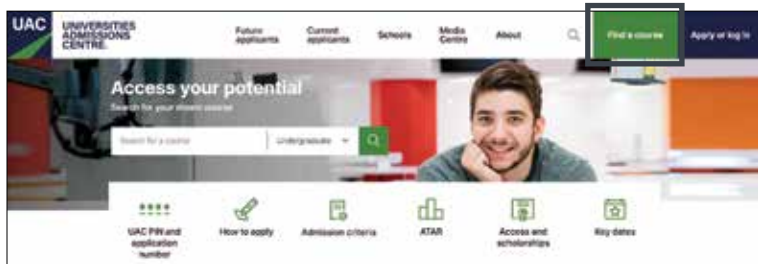

- 1 Go to the topic of interest index on [page 204](#).
- 2 Look up a topic that interests you (eg Aboriginal Studies) and you'll see the field of study it belongs to (eg Society and Culture).
- 3 Turn to 'Find your course' on [page 207](#).
- 4 Look up the field of study you found in Step 2 and you'll find related courses listed by institution.

For the latest course information throughout the year, search for courses on the [UAC website](#).

How do I choose the right course for me?

- ✓ THINK about what you're interested in and what school subjects you enjoy most and do well in.
- ✓ INVESTIGATE careers that relate to the subjects you're studying at school.
- ✓ VOLUNTEER at a workplace to see if you enjoy it.
- ✓ VISIT careers expos and open days.
- ✓ RESEARCH areas of job growth and skills shortages.
- ✓ BEWARE of:
 - peer pressure (don't pick a course just because your friends choose it)
 - family expectations (choose a course that's right for you, not one you think your parents want you to do)
 - lack of direction (resist selecting a course because it looks easy or is close to home)
 - misguided perceptions (eg not wanting to 'waste' a high ATAR).

Find a course on the [UAC website](#)

Find a course > Undergraduate (or International)

Course search

- ✓ FIND study paths taken by people with an academic background similar to yours – visit Course Compass at uac.edu.au/coursecompass.

What jobs could I get with this degree?

- ✓ Search for courses at uac.edu.au/search and read 'Career opportunities' in the course descriptions.
- ✓ Check 'Where to go for more information' at the end of this section for suggestions of other places to find career information and advice.

How will the uni select students for this course?

Universities will:

- USUALLY select students based on their selection rank (ATAR + adjustment factors)
- SOMETIMES select students using additional criteria, such as HSC subject prerequisites, personal statements, interviews, tests or portfolios.

Check the course description for details of additional selection criteria – go to uac.edu.au/search.

If you're considering courses to do with health, welfare or teaching, read 'Special requirements and policies' on this page.

What are my chances of getting in?

Selection is a competitive process and your chances of being offered a place in your chosen course depend on how well you meet its selection criteria. You can use the course's 2022 ATAR profile as a guide to the selection rank you'll need to be selected for semester 1, 2023.

- ✓ Search for your chosen course at uac.edu.au/search.
- ✓ Check the ATAR profile at the bottom of the course description, which shows previous students' ATARs and selection ranks. The lowest selection rank is the most important number. See the ATAR profile example below.

In the course descriptions, some institutions will specify:

- a minimum ATAR or selection rank you'll have to achieve to be considered for a place
- an estimated selection rank you'll need to be offered a place
- a guaranteed ATAR or selection rank. If you achieve this ATAR or selection rank you are guaranteed to receive an offer to the course.

What if I don't think I'll get selected?

Don't think you'll meet the entry requirements for your chosen courses? Include pathway courses in your list of preferences in your application. Read 'Pathway options' on [page 30](#) or visit uac.edu.au/pathways.

Special requirements and policies

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

- clinical/internship placements undertaken as part of your course
- proof of English language proficiency
- accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

ATAR profile

ATAR PROFILE TABLE
ATAR-based offers only (semester 1, 2022)

| Course code | Lowest ATAR (LA) | Median ATAR (MA) | Highest ATAR (HA) | Lowest selection rank (LSR) | Median selection rank (MSR) | Highest selection rank (HSR) |
|-------------|------------------|------------------|-------------------|-----------------------------|-----------------------------|------------------------------|
| 123456 | 73.30 | 78.95 | 83.95 | 77.30 | 79.60 | 83.95 |

Lowest selection rank includes the applicant's ATAR plus any applicable adjustments; if the applicant hadn't been eligible for the adjustments they may not have received an offer.

Get paid to study. Become a teacher.

Teaching is no ordinary job. It's a flexible career that can take you places, and gives you numerous choices. It can take you from the classroom to leadership and rewarding community roles.

Teaching supports you as you learn in and out of the classroom, and is a profession that offers wellbeing support and mentoring.

Scan to visit Teach NSW

Be financially supported while you train to become a teacher and unlock a world of opportunities.

Scan the QR code above to find out how you can become a teacher with the NSW Department of Education.

To find out more about scholarship programs, visit: tinyurl.com/teachscholarships

Teacher education courses

Requirements for students intending to teach in NSW schools

For accreditation as a teacher in NSW, graduates will need to meet the following requirements set by the NSW Education Standards Authority (NESA):

- Students entering all accredited undergraduate teaching programs need to have either achieved a minimum of three Band 5s, one of which must be in English, in their HSC or meet a comparable academic standard early in the program.
- Students entering primary teaching programs will need to have either achieved at least an HSC Band 4 in mathematics (any course) or demonstrate a comparable academic standard.

Ask institutions about their approved pathways into teaching and any specific academic and non-academic entry requirements for particular teaching programs.

Literacy and numeracy test for initial teacher education students

All initial teacher education students will need to meet the benchmark set by the national Literacy and Numeracy Test for Initial Teacher Education Students before their final professional experience placement and graduation. Read further information about the test at teacheredtest.acer.edu.au/.

Background checking processes

If you intend to engage in child-related work in NSW, you must hold a valid Working With Children Check (WWCC) clearance. For more information, visit the Office of the Children's Guardian website at kidsguardian.nsw.gov.au.

You must complete employment screening checks if you would like to begin an internship or associate teacher program in NSW public schools. This involves providing your paid WWCC clearance number and completing other employment screening requirements with the NSW Department of Education. Visit teach.nsw.edu.au for more details or phone 1300 300 498.

If you are undertaking tertiary practicum placement in NSW public schools, you must complete the WWCC verification process with the NSW Department of Education. This includes providing proof of identity and completing the 'Declaration for Child Related Work – Tertiary Practicum Students' online form. The Department must also verify your WWCC clearance before you start your placement. If you do not meet

these requirements, you will not be able to undertake practical course requirements in NSW public schools. The Department's Probity Unit can be contacted on (02) 7814 3825 or via email on wwcc@det.nsw.edu.au for further assistance.

It is now a requirement for all employees and volunteers to be fully vaccinated against COVID-19 to enter NSW public schools. For further information, visit education.nsw.gov.au/covid-19.

Health- and welfare-related courses

National Police Checks

In accordance with NSW Health policy, students who need to complete clinical placements in the NSW public health system are required to:

- obtain a National Police Check before they commence clinical placements in NSW Health facilities
- sign a Code of Conduct Agreement stating that they will abide by the NSW Health Code of Conduct.

To ensure you provide the correct documentation, search for 'clinical placements' at heti.nsw.gov.au or health.nsw.gov.au.

Infectious diseases

Students who need to complete clinical training in NSW public health facilities are subject to NSW Health requirements for healthcare workers to demonstrate their protection against specified infectious diseases in the first year of their course. This is included in the policy directive 'PD2020_017 Occupational Assessment, Screening and Vaccination Against Specified Infectious Diseases'.

Additional conditions apply to clinical practice of healthcare workers with certain blood-borne viruses. For more information, see 'PD2019_026 Management of health care workers with a blood borne virus and those doing exposure prone procedures'.

Both policies are available at health.nsw.gov.au/policies.

Where there is a legal requirement (eg under a public health order issued under the *Public Health Act 2010*) or a policy directive, students must receive the required doses of COVID-19 vaccination prior to entry to a healthcare facility.

For further information, also search for 'clinical placements' at health.nsw.gov.au.

If you do not comply with the above requirements relating to National Police Checks and infectious diseases, you will not be permitted to attend your clinical placement in the NSW health system and progress in your course may be affected.

Nursing and midwifery courses: English language proficiency

To become a nurse or midwife in Australia you are required to provide proof of proficiency in English.

Applicants for admission to a nursing course

You must provide either a written declaration that English is your primary language or evidence that you have achieved the institution's minimum English language test results. You can find information on which tests and qualifications are acceptable on UAC's website at uac.edu.au/elp.

Applicants for registration as a nurse or midwife

If you are applying for the first time in Australia for registration as a nurse or a midwife, you need to demonstrate English language proficiency. You must meet the English language skills registration standard of the Nursing and Midwifery Board (NMBA). For more information, visit the NMBA website at nursingmidwiferyboard.gov.au.

Where to go for more information

There are many places you can go to research career information and seek advice.

UAC's participating institutions

- ✓ Read the course descriptions on the UAC website via uac.edu.au/search for a list of possible career opportunities for your chosen courses.
- ✓ Contact the careers service at individual institutions – visit uac.edu.au/institutions.

School careers advisers

- ✓ Talk to your school careers adviser – they can give you valuable careers advice and information.

Professional organisations

- ✓ Search online for careers information from societies, institutes or other industry organisations.
- ✓ Visit tertiary institutions' websites – they sometimes list professional organisations.

Online

Check out the useful resources on the following page.

Australian Government

National Careers Institute

**Where might your course take you?
Are you aged 15–24?**

compared.edu.au

The ComparED website helps you compare official study experience and employment outcomes. The data is from Quality Indicators for Learning and Teaching (QILT) surveys completed by students, graduates and employers.

Try this:

1. Go to compared.edu.au.
2. Search for institutions and study areas or browse a list of each.
3. Fine tune your search by location, study level and institution type.
4. Click 'Add to compare +' and build up your list.
5. Once you're happy with your choices, click 'Compare now'.

The results you've generated provide an insight into:

- the experience of current students
- recent graduate satisfaction
- recent graduate employment and salary.

courseseeker.edu.au

An Australian Government website that collates information on undergraduate courses at all public universities – and some other higher education providers – across Australia.

Try this:

1. Go to courseseeker.edu.au.
2. Search for courses by any or all of the following:
 - course name
 - state
 - institution
 - study area
 - study mode.
3. Delve deeper into course details and add courses to your shortlist.
4. Click 'Compare your shortlist' and share the results with your friends and family.

myfuture.edu.au

myfuture is a government career information and exploration service, which can help you manage your career with information on particular jobs, general career areas and courses.

Try this:

1. Go to myfuture.edu.au and create an account.
2. Sign in and select:
 - **My career profile** to explore possible career pathways through activities and quizzes
 - **Occupations** to browse top trending and skills shortage occupations
 - **Industries** for the essentials on your chosen industry and its top occupations
 - **Career bullseyes** to see what occupations are related to learning areas you enjoy.

You can also read about the experiences of graduates in a range of professions and access useful job search resources.

yourcareer.gov.au

Leaving school and not sure what's next? Your Career is a government website with career advice tailored to Year 12 students.

Try this:

1. Go to yourcareer.gov.au/school-leavers-support.
2. Download the School Leavers Information Kit to explore your education, training and work options.
3. Watch the School Leavers Webinar Series for advice on a variety of post-school options.
4. Call the School Leavers Information Service on 1800 CAREER. Ask for a referral to a qualified career practitioner for a free, personalised career guidance session.

*2021 Graduate Outcomes Survey-Longitudinal (medium term outcome), undergraduate category QILT.edu.au

Your application

Why apply through UAC?

Around 50,000 Year 12 students apply for uni through UAC each year.

Applying through UAC means you don't need to apply separately to each institution. And, if you're a domestic applicant, you can apply for the:

- Schools Recommendation Scheme
- Educational Access Scheme.

Through these schemes, institutions can consider factors in addition to your ATAR, such as your Year 11 results and any educational disadvantages you've experienced: read 'Applying for access schemes' on [page 20](#).

If you're in need of financial help, you can also apply for an Equity Scholarship.

Remember, UAC processes the applications but the institutions decide who receives an offer of a place.

Apply before 30 September 2022.

The application fee will increase significantly on 1 October.

Apply before 19 September 2022 if you also want to apply for the Schools Recommendation Scheme. It closes on this date.

Keep an eye out for **early course closing dates**. You can't select a course after it has closed.

Early closing dates are indicated in the course search on the [UAC website](#).

What you need when you apply

- ✓ A current personal email address, not your school email address. Add the domain **uac.edu.au** to your list of safe email contacts so UAC emails don't end up in your junk folder.
- ✓ Your Year 12 student number and UAC PIN (emailed to NSW and ACT students on 12 April).
If you're an International Baccalaureate student or you're applying from other states, your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705.)
- ✓ Your Unique Student Identifier (USI), if you have one (you'll need it to enrol, so we suggest you get it now at [usi.gov.au](#)).
- ✓ A list of your chosen courses and their course codes.
- ✓ A credit card (Mastercard or Visa) or PayPal account to pay the processing fee. Domestic Year 12 students can also pay later using BPAY.

Applicants for medical degrees: You'll need to enter your UCAT (University Clinical Aptitude Test) or International Student Admission Test (ISAT) candidate number.

International students applying through an agent: You'll need to enter your UACID (UAC Identification Code). Your agent will have this.

- ✓ Change your [UAC PIN](#) once you've submitted your application and keep your UAC PIN in a safe place.
- ✗ Don't give your UAC PIN to anyone else.

International students

You are an international student if **you're not:**

- an Australian or New Zealand citizen or
- a permanent resident of Australia or
- the holder of an Australian permanent resident humanitarian visa.

As an international student, you can apply through UAC if you're undertaking one of the following qualifications in 2022:

- an Australian Year 12 in Australia
- an Australian Year 12 outside Australia
- an International Baccalaureate (IB) Diploma
- a New Zealand National Certificate of Educational Achievement (NCEA) Level 3.

If you're not undertaking one of the above qualifications, apply directly to the institution.

Prospective permanent residents

If you are granted permanent resident status after you have applied to UAC as an international applicant:

- ✓ apply again through UAC as a domestic undergraduate applicant
- ✓ write to the Senior Operations Officer at UAC as soon as possible to explain your change in status
- ✓ provide a verified copy of your current passport.

If your status changes after you receive an offer, contact the institution.

Find your way to uni

Course Compass draws on the experience of over 100,000 recent UAC applicants to show you paths taken by students just like you.

uac.edu.au/coursecompass

Australian Government requirements for international students

There are several requirements international students must meet to study in Australia.

Student visa requirements

To study in Australia you need to apply for a student visa. A student visa allows you to come to Australia for a specified period to study at an educational institution. To be eligible for a student visa, you need to meet the conditions set by the Australian Government's Department of Home Affairs – search for 'visas' at immi.homeaffairs.gov.au.

After you accept your offer and pay your fees, you will receive a Confirmation of Enrolment from the institution. You must have a Confirmation of Enrolment at the time of making your student visa application.

Students under 18 years of age

If you will be under 18 years of age when you arrive in Australia to study, special requirements are in place. Before you are granted a student visa, the Australian Government must be satisfied that you have appropriate accommodation, support and general welfare arrangements in place for the period that you will be under 18 years of age while in Australia.

Each institution decides whether they will accept responsibility for welfare arrangements for international students who are under 18 years of age.

Overseas Student Health Cover

Overseas Student Health Cover (OSHC) is insurance for international students to help them with the costs of medical and hospital care they may require while they are in Australia. OSHC does not cover dental treatment.

The Australian Government requires all international students on a student visa and their dependants to purchase an approved OSHC policy from an Australian registered health fund for the duration of their visas.

OSHC is not included in tuition fees.

Belgian, Norwegian and Swedish students

Some Belgian, Norwegian and Swedish students are not required to purchase OSHC as part of their visa requirements; they are considered to have met 'adequate insurance' requirements due to a reciprocal arrangement between their country and the Australian Government.

How do I organise OSHC?

Many institutions have arrangements with preferred OSHC providers and can help you to organise your insurance.

However, you can choose your own OSHC provider. A list of OSHC providers, together with general information about OSHC, is available from the Private Health Insurance Ombudsman website. Search 'Overseas Student Health Cover' at privatehealth.gov.au.

You must organise and pay for OSHC before you arrive in Australia. Once you receive an unconditional offer to study at an Australian educational institution, you will be required to pay your OSHC charge at the same time that you pay your tuition fee deposit.

How to apply

Scan to start an undergraduate application, or follow the instructions in step 1.

- 1 Go to uac.edu.au.

Hover over 'Apply or log in' and select:

- 'Undergraduate application' if you're a domestic student
- 'International application' if you're an international student.

- 2 Select 'Start your application'.

- 3 Follow the prompts to get to the personal details page. This includes entering your Year 12 student number and UAC PIN.

Are you a 2022 Australian Year 12 student (includes students sitting the IB in Australia)?

Yes No

Student number UAC PIN ?

Enter your Year 12 student number (eg NESA number)

Enter the UAC PIN emailed to you in April

- 4 Review/enter your personal details. Make sure:
 - your full name is as it appears on your official ID (ie birth certificate, passport or citizenship documents)
 - you provide a personal email address (not a school email address as it will expire). All official communication from UAC will be via email.

If you have your USI (Unique Student Identifier), enter it here. You'll need it to enrol. To get a USI, go to usi.gov.au.

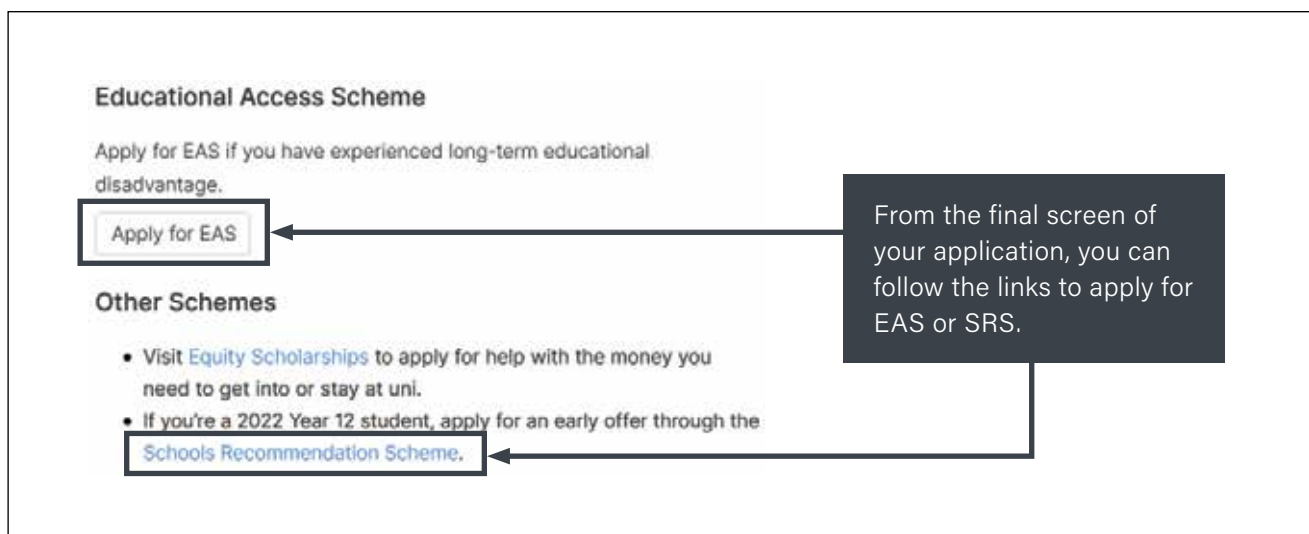

- 5 Click 'Next'. At this point, you'll be given a nine-digit UAC application number. If you log out now, you can log back in at any time using your UAC application number and UAC PIN.

- 6 Review your school/qualification details.

- 7 Select your course preferences. You can change these later.

- 8 Accept the applicant declaration (full version printed on page 24) and pay the processing fee. **The fee is not refundable**, except as required by law.

- 9 Your application is now complete and you can apply for the [Schools Recommendation Scheme](#) and [Educational Access Scheme](#). These applications are free.

Can't find your [UAC PIN](#)?
2022 NSW HSC applicants and ACT Year 12 applicants: Check your school email inbox: UAC emailed your UAC PIN to this address in April. It's different to your [NESA PIN](#).

All other applicants: Your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705).

International students

The person you authorise to act on your behalf can be a different person or the same person as the agent/representative who may be helping you with your application and visa.

Applying through an agent? You can add, change or delete your agent's UAC Identification Code (UACID) after you've submitted your international application.

Your agent will be able to access information about your application through [UAC's website](#).

Authorising someone to act on your behalf

Your application, and all the information within it, is confidential. For privacy reasons, we cannot discuss information relating to your application with anyone but you.

You can authorise another person to act on your behalf and speak to UAC about your application by:

- selecting this option **when you first apply** or
- emailing UAC and including the details of the person you are authorising **after you apply**.

Applying directly to a uni

Some of our participating institutions also take direct applications for their undergraduate courses. This means you can submit a UAC application and a direct application to the institution.

However, if you do complete both a UAC application and a direct application, we highly recommend that you don't duplicate your course preferences. Make the most of both applications and choose different preferences in each. That way, you can potentially receive offers to different courses.

Check with the uni as to how and when it will make direct offers.

Applying interstate

Applications for most undergraduate courses in states other than NSW and the ACT are processed through each state's tertiary admissions centre. Like UAC, most tertiary admissions centres increase their processing charges at the end of September, so apply early to avoid higher charges and ensure you can apply for your chosen course.

Application processes and fees vary: visit the relevant tertiary admissions centre or institution website for further information.

| State | Tertiary admissions centre | Website |
|--|--|---|
| Northern Territory and South Australia | South Australian Tertiary Admissions Centre (SATAC) | satac.edu.au |
| Queensland | Queensland Tertiary Admissions Centre (QTAC) | qtac.edu.au |
| Tasmania | There is no centralised admissions centre in Tasmania. | Apply to University of Tasmania at utas.edu.au/admissions |
| Victoria | Victorian Tertiary Admissions Centre (VTAC) | vtac.edu.au |
| Western Australia | Tertiary Institutions Service Centre (TISC) | tisc.edu.au |

Your UAC application is not complete until you've paid the processing charge. Your payment receipt and confirmation of application are your proof of payment – keep them safe!

Order your course preferences like this:

1. the course you'd most like to do
2. your second favourite course
3. your third choice
4. your fourth choice
5. your final back-up course: a course you're confident you'll get an offer to if you miss out on all your higher course preferences.

Questions or problems?

To talk to someone about your application:

- call UAC on (+61 2) 9752 0200, Monday to Friday between 8.30am and 4.30pm Sydney time
- send your question via the enquiry form at uac.edu.au/contact
- send us a message on [Facebook](#) or [Instagram](#).

Have a question about admission criteria or course details? Contact the institution directly using the details on the back cover.

Course preferences

How many course preferences can I have?

Domestic applicants can select up to five courses.
International applicants can select up to six courses.

What order do I put them in?

The order of your course preferences matters. Domestic applicants can only get one offer in each offer round. It will be to the first course in your list for which you're eligible and competitive enough.

Your chance of being selected for a course is not decreased because you placed it as a lower order preference. Similarly, you won't be selected for a course just because you entered that course as a higher order preference.

EXAMPLE

Anna, James and Sarah all applied for B Accounting. Anna put it as her fourth preference, while James and Sarah listed it as their first preference. Anna missed out on offers to her first, second and third preferences but was a more competitive candidate for B Accounting than both James and Sarah. So, Anna received an offer to B Accounting (her fourth preference) while James and Sarah did not, despite them listing it first.

It works a little differently for **international students**: for details, go to uac.edu.au/international-student-offers.

What if I'm still deciding which courses to choose?

Don't worry; although you need to enter at least one course preference in order to complete your application, you can change your preferences as many times as you want before preference deadlines. For a list of key dates, visit uac.edu.au/key-dates.

You even have time to change them after you get your ATAR and have a much better idea about your chances of being selected.

Just make sure you apply before midnight on Thursday 30 September 2022 – the processing charge increases after this date.

What if my course is not on the UAC website?

If you can't find the course you're looking for on [UAC's course search](#), it means course details are being confirmed:

1. Select a different course to complete your application.
2. Check the course search regularly – new courses will be posted as they become available.
3. Once the course is available, include it in your preferences.

All courses will be published on the [UAC website](#) by August 2022.

How do I change my course preferences?

You can add, delete or change the order of your course preferences as many times as you like before the closing date for each offer round:

1. Log in to your application using your [UAC application number](#) and [UAC PIN](#).
2. Select 'Course preferences'
3. Add or delete courses, or drag courses up and down to change their order.

The screenshot shows the 'Course preferences' section of the UAC Undergraduate application. At the top, there's a navigation bar with '1 Personal details', '2 Qualifications', and '3 Course preferences'. Below this, a 'Search for courses' button is visible. The main area contains a table of course preferences:

| No. | Code | Course | Course-specific requirements |
|-----|--------|---|------------------------------|
| 1 | 170010 | Bachelor of Health and Movement - full or part time Australian College of Physical Education (DFEE) Start date: 06-Mar-2023 | X |
| 2 | 170110 | Bachelor of Sports Coaching (Strength and Conditioning) - full or part time Australian College of Physical Education (DFEE) Start date: 06-Mar-2023 | X |
| 3 | 170120 | Bachelor of Education (Physical and Health Education) - full or part time Australian College of Physical Education (DFEE) Start date: 06-Mar-2023 | X |

Callout boxes provide instructions:

- 'Search to select a new course' points to the 'Search for courses' button.
- 'Click x to delete a course' points to the 'X' icon in the first row.
- 'To change the order of your course preferences, select ↑ or ↓ or drag and drop' points to the 'up/down' icons and the first row's handle.

After you apply

Keep your UAC application number and PIN in a safe place

You need them to log back in to your application. You also need your [UAC PIN](#) to view your ATAR.

Check your confirmation of application

Need to change your contact details, course preferences, or add other qualifications?

Log back in to your application on [UAC's website](#). For other changes, email UAC via the [online enquiry form](#) as soon as possible.

Need to provide documents to UAC in support of your application?

Most Year 12 students don't; however, supplying documentary evidence of your Australian citizenship will help speed up the admission and enrolment process if you receive an offer – read more at uac.edu.au/documents.

You don't have to give UAC your Australian Year 12 results or ATAR.

The only rare exception is if you complete your studies mid-year: in this case, upload your results and ATAR asap.

Tip!

Are you completing an International Baccalaureate Diploma?

You must authorise the release of your International Baccalaureate Diploma to UAC. Ask your school's IB Diploma coordinator to request this on your behalf.

Check for additional selection criteria

Before you can be selected, some courses require you to meet a few extra requirements. Examples are:

- external exams, such as the University Clinical Aptitude Test, which most institutions require you to sit if you want to study medicine
- questionnaires
- completion of (or minimum results in) specific Year 12 courses (aka prerequisites)
- portfolios
- interviews or auditions.

Track your application

You can track the progress of your application throughout the assessment process by logging in to your application. You'll be able to see when UAC has received your results and finalised the assessment of your qualifications, and if there are any issues preventing you from receiving an offer to your preferences.

Lock in your preferences before closing dates

You can change your preferences:

- after any round, whether you receive an offer or not
- until the closing date for the next offer round.

EXAMPLE

| After | You can change your preferences for | Until |
|-------------|-------------------------------------|--------------------------|
| Dec Round 2 | Jan Round 1 | midnight Thu 5 Jan 2023 |
| Jan Round 1 | Jan Round 2 | midnight Thu 19 Jan 2023 |

Applying for access schemes

Once you've completed your undergraduate application, you can go on to apply for the:

- [Schools Recommendation Scheme](#)
- [Educational Access Scheme](#).

Read about how these schemes work in the 'Admission and selection' section.

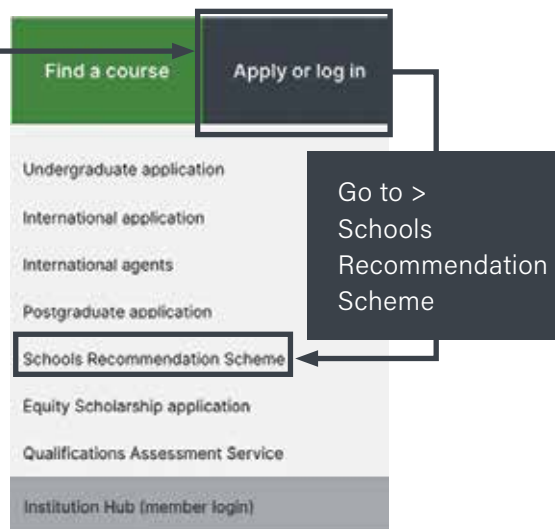

You can apply for these schemes from the final screen of your initial application. See step 9 of 'How to apply' on [page 17](#).

If you've already applied and logged out, follow the instructions on the next page.

Schools Recommendation Scheme

Go to uac.edu.au > Apply or log in.

- 1 Complete your SRS application by answering the questions and following the prompts.
- 2 Upload institution-specific documents if you're prompted to do so.
- 3 Review your application summary.
- 4 Accept the declaration and authority and submit.
- 5 Download your confirmation of application.

Not in the NSW school system?

If you're studying in another state or territory's school system, you'll also need to:

- enter the details of your Year 11 studies
- upload a PDF of your Year 11 school report.

You will find complete instructions for applying for SRS at uac.edu.au/srs.

Educational Access Scheme

Log in to your application and select the EAS tab.

- 1 Open the category of disadvantage you wish to claim. Select the specific disadvantages that apply to you and answer the follow-up questions. When you have selected all the relevant disadvantages in that category, click 'Save'.
- 2 Repeat for each category you wish to claim.
- 3 Accept the declaration and authority and submit.
- 4 Download your confirmation of application and the document cover sheet for each of your claimed disadvantages. The document cover sheet details the eligibility criteria for the disadvantage and the supporting documents you need to provide.
- 5 Upload completed cover sheets and supporting documents to your application at least two weeks before the undergraduate offer round in which you wish to be considered – visit uac.edu.au/key-dates.

Educational Access Scheme

Before you apply for EAS, check the eligibility criteria and documents required for each EAS disadvantage – visit uac.edu.au/eas-disadvantage.

Services for applicants with a disability

If you have a disability or an ongoing illness that may disadvantage you during your studies, we encourage you to include this information in your application.

Any information you provide:

- will not affect your application for admission
- will be seen only by disability services staff
- will help the institution meet your education needs should you be offered a place in one of their courses.

Institutions may be able to provide one or more of the following services:

- note takers
- personal readers
- examination provisions
- learning assistance
- alternative assessment methods
- academic material in alternative formats
- parking for holders of a Roads and Maritime Services Mobility Parking Scheme permit.

Preparing for study

Information and advice about preparing for study when you have a disability is readily available:

- Talk to the institution's disability services staff about what services they can provide – visit uac.edu.au/disability.
- Visit westernsydney.edu.au/getreadyforuni for information on making the move from school to university.
- If you're having trouble applying through UAC, call us on (+61 2) 9752 0200, Monday to Friday between 8.30am and 4.30pm Sydney time – we'll help you through the application process.

Your responsibilities as an applicant

Your responsibilities as an applicant include:

- reading the relevant parts of this Guide or corresponding information on [UAC's website](#)
- following any institution-specific instructions
- providing true and complete information in your application
- providing true and complete copies of official documentation with your application where requested
- accepting the conditions set out in the online declaration (read the printed version on [page 24](#))
- checking your emails (including in your junk folder) for any messages from UAC.

Tip!

It's important to meet your responsibilities as an applicant – by doing so you'll ensure that your application is processed and assessed as soon as possible.

If you fail to meet your responsibilities

If you submit an application that contains information that UAC or a participating institution determines to be untrue or incomplete:

- UAC may cancel your application
- an institution may withdraw any place offered.

For further information, read the policy statement on [page 24](#).

International students

If you're an international applicant, you must also:

- satisfy your student visa conditions (eg maintaining full-time enrolment in your course, satisfactory class attendance and course progress)
- remain with the same university where you originally enrolled for at least the first six months of your principle course except under certain circumstances (for details, search for 'overseas student transfers' at internationaleducation.gov.au)
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- if you are under 18, maintain your approved accommodation, support and general welfare arrangements

- inform your institution if you change your address
- provide details of your passport upon acceptance of an offer
- ensure you have sufficient financial capacity to support your study and stay in Australia
- return home immediately upon completion of your course or expiration of your visa.

If you breach your student visa conditions by failing to maintain full-time enrolment or satisfactory course progress, the institution will notify you and the Australian Government. This may result in your visa being cancelled immediately.

UAC

Declaration and authority

This is a printed version of the online declaration and authority you will have to accept when you apply.

Your application cannot be considered unless you or the person you have authorised to act on your behalf accept all conditions set out below.

UAC collects information about you, including information you provide in this application, to assist in the assessment of your application. This information may be used as described below.

1. I declare that I have read and understand the questions and that all the information submitted is true and complete.
2. I declare that I have read and understand 'Your responsibilities as an applicant' and the 'Policy statement on untrue or incomplete information submitted by applicants' below.
3. I declare that I have read and understand the section 'Collection of personal information' below.
4. I authorise UAC and the participating institutions to obtain available official records from any educational institution attended by me. I understand that UAC is not responsible if any institution does not provide these records.
5. I understand that UAC and the participating institutions may check my visa and residency status using Visa Entitlement Verification Online (VEVO), and I authorise UAC and the participating institutions to do so.
6. I authorise UAC to verify any information provided by me.
7. I authorise UAC to provide all information and documents provided with and/or obtained in connection with this application to all institutions participating in undergraduate/international admissions through UAC or their affiliates for any purpose connected with my possible selection, admission and/or enrolment in any course at any of those institutions or affiliates.
8. I authorise UAC to collect, receive, store, transfer and use any information provided by me, or any information obtained in connection with this application, and to disclose such information to all participating institutions, Universities Australia, Universities Australia member institutions, the members of the Australasian Conference of Tertiary Admissions Centres (ACTAC), the Tertiary Education Quality and Standards Authority (TEQSA), the Australian Skills Quality Authority (ASQA), state and territory governments and any other authority or tertiary educational institution, either in Australia or overseas, where UAC reasonably considers it is necessary to make such disclosure.
9. I authorise any future educational institution I attend as a result of this application to provide all of my results from future studies to UAC or a person nominated by UAC. I authorise UAC or the nominated person to collect, receive, store, transfer and use all such information and all information in or connected with this application for research purposes. I give these authorities on condition that all information provided pursuant to them is deidentified by UAC or the nominated person.
10. I understand that UAC or a participating institution for which I have a preference may disclose the personal information I have given in this application to the Department of Education, Skills and Employment, or its successor, for the purpose of:
 - use in connection with the Higher Education Information Management System (HEIMS) and/or
 - use in connection with the National Data Collection on University Applications and Offers and/or
 - other collections as the Department of Education, Skills and Employment, or its successor, may lawfully require from time to time.
11. I understand that UAC and the participating institutions have the right to vary or cancel an application or enrolment made on the basis of what UAC or a participating institution determines to be untrue or incomplete information from any source.
12. I understand that UAC, on behalf of the participating institutions, makes offers based on the information provided by me and on advice received from UAC. If a participating institution subsequently finds that the information or advice was incorrect, it may withdraw the offer.
13. I understand that enrolment at an institution is conditional upon accepting the policies, terms and conditions of that institution, including those pertaining to academic integrity.
14. I understand that UAC will release details of my course preferences and offers to my school/college and that I must notify UAC in writing within 7 days of applying if I do not wish these details to be released to my school/college.
15. I understand that information and documents provided with and/or obtained in connection with this application may be used by UAC for training and research purposes and that I must notify UAC in writing within 7 days of applying if I do not wish this information to be used.
16. I understand that all fees paid to UAC in connection with my application are not refundable under any circumstances except as required by law.
 - claiming membership of a special selection group when not a member of that group.

Policy statement on untrue or incomplete information submitted by applicants

UAC recognises that all decisions which affect an applicant must be made fairly using appropriate academic or other criteria as specified by the participating institutions.

Selection into courses by application to UAC is based on merit. It is the responsibility of applicants to ensure that they comply with all instructions when submitting a UAC application. Read 'Your responsibilities as an applicant'.

An application must be complete and correct and all attempts at academic study must be disclosed. Applicants must accept the conditions set out in the declaration and authority when they apply – read the printed version above.

UAC will review, and may take action against, anyone who submits an application that contains information that UAC or a participating institution determines to be untrue or incomplete. That application may also be cancelled.

UAC will also investigate, and may take action against, an applicant who, by any other means, has or could have achieved an advantage over other applicants.

Examples of conduct by an applicant which will be investigated by UAC include, but are not limited to:

- submitting an incomplete or falsified academic transcript
- failing to declare previous study at secondary, post-secondary or tertiary level
- submitting an incorrect or otherwise misleading statement of employment experience
- claiming special consideration of educational disadvantage based on incorrect information
- having some other person complete a selection task on the applicant's behalf such as an interview, audition or a portfolio of work

- claiming membership of a special selection group when not a member of that group.

The procedures for processing applications suspected of being in some way incomplete or untrue have been approved by the NSW Vice-Chancellors' Committee.

These procedures accept the right of applicants to be treated fairly and without prejudice, and in accordance with the principles of natural justice.

Collection of personal information

UAC collects personal information and, in some circumstances, information regarding your health, or information about someone other than yourself, for the purpose of processing your application for undergraduate/international admission to tertiary institutions.

If you are providing personal information about someone other than yourself, you should tell them about UAC's Privacy Policy [which can be found on UAC's website at uac.edu.au/privacy].

While your personal information is generally collected from you, UAC also collects information about you from other educational institutions that you have attended.

UAC provides your personal information and, where applicable, your health information to all institutions participating in undergraduate/international admissions through UAC. If you do not provide personal information where required in your application, UAC will not be able to process your application. Contact UAC's Privacy Officer if you have any queries.

You are able to gain access to any personal information and health information that is held about you by UAC. To obtain access, or if you have any questions, write to:

The Managing Director, UAC, Locked Bag 112, Silverwater NSW 2128.

For more information, read UAC's Privacy Policy at uac.edu.au/privacy.

FAQs about applying

How many times can I apply?

You can apply once in each admissions period. If you change your mind about the courses you'd like to apply for in this period, you can easily change them by logging in to your application on [UAC's website](#) – read 'Course preferences' on [pages 18 to 19](#).

If you have applied to UAC in a previous admissions period, you will need to start a new application. You cannot use your previous UAC application number and PIN.

How many courses can I choose?

Domestic applicants can choose up to five course preferences. International applicants can choose up to six course preferences.

How long does it take to apply?

It should take you about 30 minutes to apply.

Why is my connection slow?

Your application should load quickly but will be slower if:

- you are applying close to or on a closing date
- you are applying during the peak usage period (4pm to 10pm Sydney time)
- the speed of your modem or the bandwidth of your internet service provider's connection is insufficient.

Applying will be quicker if you don't leave it to the 30 September early bird deadline.

Admission and selection

General admission requirements

There are three general requirements for being offered a place in a course. You must:

1. **have paid the UAC processing charge**
2. **be eligible:**
 - by meeting the academic requirements outlined in this section
 - by meeting the specific requirements of each institution outlined under their 'Admission criteria' at uac.edu.au/institutions
 - by meeting the specific entrance requirements of the course (eg prerequisites or additional selection criteria) set out in the course descriptions at uac.edu.au/search
3. **compete against other eligible applicants.**

Check the course descriptions on the UAC website for:

- details of non-ATAR admission criteria (eg portfolio)
- information about the lowest selection rank required to get an offer to the course last year.

Academic requirements

Tertiary institutions in Australia have found that a student's overall academic achievement is the single best predictor of success in tertiary study. The ATAR is commonly used as a selection tool as it is a measure of your overall academic achievement.

2022 Year 12 students with an ATAR

ATARs are calculated in each state to reflect a student's rank against other students in their state. An ATAR of 85.00 in your state is equivalent to an ATAR of 85.00 in other states. For information on the ATAR in NSW, visit uac.edu.au/atar.

Find *your* why at UOW

Do you want to...

**START YOUR
JOURNEY NOW**
uow.info/study

UOW CRICOS: 00102E, TEQSA Provider ID: PRV12062 ABN: 61 060 567 686

You usually do not need to provide UAC with your ATAR: we have direct access to it. The exception is Queensland applicants: you need to give permission for your results and ATAR to be released to UAC. You can do this through the ATAR portal on the QTAC website. Alternatively, you can upload a copy of your official Senior Statement and ATAR Notice as soon as they become available. However, subject adjustment factors are not automatically applied to results provided to UAC by applicants. You'll need to contact the institutions to have these allocated to you.

Each course description on the [UAC website](#) will indicate, where relevant:

- the lowest ATAR previously required to receive an offer
- the lowest selection rank (ATAR + adjustments) previously required to receive an offer.

Use this data as a guide only to your chances of being selected for the course in 2023.

Some institutions also specify:

- the minimum ATAR or selection rank you'll need to achieve to be considered for a place in the course in 2023
- a guaranteed ATAR or selection rank (if you achieve these you are guaranteed a place in the course in 2023).

Head to the [UAC website](#) for everything you need to know about the ATAR: we explain how it's calculated and bust some common myths!

Tip!

Lowest ATARs and selection ranks for entry to semester 1 courses in 2023 won't be known until all offers have been made.

Lowest ATAR

Don't assume that the published lowest ATAR for a course is the ATAR you require to be made an offer to that course. The applicant who received that ATAR may have been eligible for adjustment factors and had their selection rank increased, making them more competitive for an offer.

Lowest selection ranks

The lowest selection rank for a course includes any increase to an applicant's selection rank made as a result of adjustment factors.

Three factors determine the lowest selection rank:

- the number of places available in the course
- the number of applicants for the course
- the quality of those applicants.

These three factors mean that lowest selection ranks change from year to year and are impossible to predict before applicants are selected for a particular course in a particular year. The lowest selection rank for any course can increase, decrease or remain the same.

The lowest selection rank doesn't represent the average ability of the students accepted for the course and does not reflect the difficulty or quality of the course.

Selection rank adjustments

Many applicants receive an offer to a course even though they have an ATAR below the published lowest selection rank. Why? Because other factors have been taken into consideration in combination with their ATAR and their selection rank for that course has been adjusted and is higher than their ATAR.

These adjustments are due to factors such as:

- performance in HSC subjects
- living or attending school in a certain area
- applying for consideration through the Educational Access Scheme.

Selection rank adjustments are applied differently from institution to institution and from course to course within the same institution. Visit each institution's website for details.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences.

- Your selection rank = your ATAR + adjustments.
- Adjustments do not change your ATAR; they change your selection rank for a particular preference.
- Institutions automatically adjust your selection rank if you are eligible.
- You are not notified of changes to your selection rank.

Tip!

EXAMPLE

Course A has six applicants and only three places available. The six applicants have the following selection ranks:

| Applicant | Selection rank |
|-----------|--|
| 1 | 89.00 (ATAR of 89.00) |
| 2 | 88.00 (ATAR of 87.00 plus adjustment of 1 point) |
| 3 | 87.00 (ATAR of 83.00 plus adjustment of 4 points) |
| 4 | 86.00 (ATAR of 86.00) |
| 5 | 85.00 (ATAR of 83.00 plus adjustment of 2 points) |
| 6 | 84.00 (ATAR of 84.00) |

Offers will be made to applicants 1, 2 and 3. Applicant 4 won't receive an offer, even with an ATAR higher than applicant 3, and applicant 3 will receive an offer even though their ATAR is below the lowest selection rank. The lowest selection rank required to receive an offer to Course A will be 87.00.

The example also shows that an applicant with an ATAR above the published lowest ATAR for a course will not necessarily receive an offer. The lowest ATAR for this course is 83.00 (applicant 3). Even though applicants 4, 5 and 6 have ATARs of 83.00 and above, their selection ranks are below the lowest selection rank of 87.00 and therefore they will not receive an offer.

Guaranteed ATARs and selection ranks

Some institutions indicate a guaranteed ATAR or selection rank for each course. If you achieve the guaranteed ATAR or selection rank, and you have the course listed as your highest eligible preference in your UAC application, you are guaranteed to be offered a place in the course for semester 1, 2023.

Depending on the demand for the course, applicants with lower ATARs and selection ranks may also be eligible for offers.

2022 International Baccalaureate students

If you're an IB student, you don't receive an ATAR. Instead, when you apply through UAC, or any other tertiary admissions centre in Australia, your IB score is converted to a rank. This allows you to be compared to applicants with an ATAR.

Getting your IB results to UAC

Ask your school IB Diploma coordinator to authorise the International Baccalaureate to release your IB Diploma results directly to UAC. This needs to be done in addition to any other request you make for results to be sent to an institution.

If UAC receives your results directly from the International Baccalaureate then any subject adjustment factors you are eligible for will be automatically allocated by the institutions.

Alternatively, provide a copy of your official Results Certificate and Diploma Certificate as soon as they become available. However, subject adjustment factors are not automatically applied to results provided to UAC by applicants. You'll need to contact the institutions to have these allocated to you.

Go to uac.edu.au/ib to:

- view the IB score/UAC rank conversion table
- compare IB courses to NSW HSC courses.

Tip!**Students completing non-standard Year 12 programs in 2022**

Non-standard Year 12 programs of study include those completed through:

- Australian Christian Education
- Rudolph Steiner Education
- home schooling
- Queensland Senior External Examination.

If you're studying these programs, select 'No' in your application when you are asked if you're completing an Australian Year 12 in 2022.

Assessment

UAC assesses the Queensland Senior External Examination.

For all other non-standard Year 12 studies to be assessable by UAC, you must:

- provide proof of completion of an accredited Year 12 program of study
- have sat the American Scholastic Aptitude Test (SAT), results from which will be assessed by UAC.

UAC will also assess results from the Special Tertiary Admissions Test (STAT). Find out more about STAT at stat.acer.org.au.

Contact the admissions offices of the institutions you are applying to for information on acceptance of STAT and on how they will consider your non-standard Year 12 studies.

2022 New Zealand NCEA Level 3 students

If you are completing the NCEA Level 3, an ATAR will be calculated by the New Zealand Qualifications Authority (NZQA) and provided to UAC. This will be used in the selection process, provided you have fulfilled NZQA's University Entrance requirements.

In your UAC application, select 'No' when asked if you're undertaking an Australian Year 12 in 2022.

Direct queries about the ATAR and university entrance requirements to NZQA: visit nzqa.govt.nz.

Additional selection requirements

Some courses have selection criteria in addition to (or instead of) your ATAR and selection rank. This can include a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. You can find details of any additional selection criteria in the course descriptions on the [UAC website](#).

Prerequisites

Some courses require you to have studied specific HSC courses or equivalent in order to be considered for an offer. For details of prerequisites, read the course descriptions on the [UAC website](#).

If you're applying to NSW universities from another state, you can compare your courses and results to NSW HSC courses and results at uac.edu.au/year12-quals.

ALL FOR CREATORS.

SAE is all for creators. As leaders in animation, audio, design, film, music, games development and creative technologies, our expert mentors, cutting-edge equipment and industry connections are second to none. With courses that are hands-on and real-world focussed, we'll help you master the skills to kill it in the industry.

CRICOS: 00312P | RTO: 0279 | TECOSAI-PRV12042

If you live in NSW or the ACT and are applying interstate, check if you meet the admission criteria of institutions in that state.

Tip!

Pathway options

Most institutions offer pathway options if you don't meet the entry requirements for their degree courses, or need further support and preparation before studying at degree level.

Non-degree courses

Pathway courses include:

- foundation studies
- preparatory courses (including the TAFE Certificate IV in Tertiary Preparation)
- certificate, diploma or associate degree courses.

If you successfully complete one of these courses, an institution may guarantee you entry into a particular degree course. Otherwise, you can use your non-degree studies to apply and compete for admission to other degree courses.

You may also be awarded credit for some studies undertaken in your non-degree course.

Offers to lower-level courses

Some institutions may offer you a place in a lower-level course – even if you don't apply for it – if you're not eligible or competitive enough to receive an offer to the course to which you've applied. This is sometimes called a 'slipback offer'.

English language proficiency

English language proficiency is an admission requirement for most tertiary courses. If you need to provide proof of your proficiency in English, this will be indicated in your application.

Applicants who don't need to provide proof

Most applicants – including those with an Australian Year 12 qualification – do not have to prove proficiency in English.

Students with assessable qualifications

For most institutions, you do not need to provide proof of English language proficiency if you have an assessable qualification – undertaken in English – from one of the following countries:

- | | |
|------------------|----------------------------|
| – American Samoa | – Nigeria |
| – Australia | – Papua New Guinea |
| – Botswana | – Singapore |
| – Canada | – Solomon Islands |
| – Fiji | – South Africa |
| – Ghana | – Tonga |
| – Guyana | – Trinidad and Tobago |
| – Ireland | – United Kingdom |
| – Jamaica | – United States of America |
| – Kenya | – Zambia |
| – Lesotho | – Zimbabwe. |
| – Liberia | |
| – New Zealand | |

Assessable qualifications are:

- senior secondary studies comparable with the NSW HSC (including the IB Diploma or Bilingual Diploma)
- one full year of Australian or comparable tertiary studies, including associate degree, bachelor degree and postgraduate studies
- Australian non-award studies
- tertiary preparation courses, including the TAFE Certificate IV in Tertiary Preparation, with a full-time equivalence of one year.

The following qualifications may also be accepted as satisfying English language proficiency if you were born in and undertook the qualification in one of the countries listed above:

- AQF qualifications: AQF Certificate III or IV, diploma or advanced diploma (or equivalent)
- Special Tertiary Admissions Test (STAT)
- professional registration/qualification (eg nursing, trade, CPA).

Note: Some institutions may accept a different group of countries or have different qualification requirements. For institution-specific details, visit uac.edu.au/elp.

Students with qualifications specified by an institution

Each institution specifies additional qualifications it will accept as proof of English language proficiency, which may vary for specific courses. These qualifications are set out on the UAC website at uac.edu.au/elp.

Applicants who do need to provide proof

If you don't have the required tests or qualifications outlined above, there are two ways to prove your proficiency in English.

Method 1: Sit an English language proficiency test

There are a number of English language proficiency tests that are commonly accepted by institutions.

Check with your preferred institution to make sure it will accept the test results as proof of English language proficiency for the course you want to study. Include details of your proposed test in the English language proficiency question in your UAC application and submit it. Provide UAC with evidence of your results as soon as you receive them.

Register with the individual test centre:

International English Language Testing System (IELTS): Academic

Visit ielts.org.

Test of English as a Foreign Language (TOEFL)

Visit ets.org.

Pearson Test of English (PTE): Academic

Visit pearsonpte.com.

C1 Advanced

Formerly known as Cambridge English: Advanced (CAE). Visit cambridgeenglish.org/exams/advanced.

C2 Proficiency

Formerly known as Cambridge English: Proficiency (CPE). Visit cambridgeenglish.org/exams/proficiency.

Method 2: Write to the institution admissions office

If you believe you can demonstrate your proficiency in English but your test or qualification is not included here or on the UAC website, write to the admissions office at each institution to which you're applying. Include supporting documentation so that the acceptability of your test or qualification can be determined. **Do not send this information to UAC** – we cannot make decisions about your English proficiency on behalf of institutions.

International students

The Australian Government has separate English language requirements for students applying for student visas from some countries. For more information, visit homeaffairs.gov.au.

Selection process

Once you've met all the admission requirements for a course, you will compete against other applicants for a place.

If you're not successful in gaining a place in the course listed as your first preference, your second preference will be considered and so on until an offer can be made or you have no more preferences.

You'll only receive **one offer per offer round** to your highest preference for which you're:

- eligible
- competitive enough.

In some cases you may also receive an offer to a lower-level course that you haven't applied for – read about slipback offers on [page 36](#).

International students

In each round, you can receive one offer from each institution listed in your preferences.

You compete against other applicants for a place in a course.

Entry schemes

Some institutions have a specific scheme or program for applicants who don't meet the usual admission criteria of the institution. For details, refer to the information about each institution on the UAC website at uac.edu.au/institutions.

Educational Access Scheme

Most of UAC's participating institutions have an [Educational Access Scheme \(EAS\)](#) to help students who have experienced long-term educational disadvantage gain admission to university.

To be eligible for an equity adjustment under EAS, you must be:

- a UAC domestic applicant for undergraduate admission
- an Australian or New Zealand citizen, or a permanent resident of Australia (includes holders of permanent humanitarian visa)
- able to demonstrate that you've experienced long-term educational disadvantage because of circumstances beyond your control.

International students cannot apply for EAS.

For detailed information, visit uac.edu.au/eas.

EAS applications

Before you apply for EAS you need to complete an application for undergraduate admission. Once you've submitted your undergraduate application, you'll have the option to immediately access the EAS application via the 'Apply for EAS' button or you can log back in to your undergraduate application at any time and apply for EAS.

You're encouraged to apply by the early bird closing date of Friday 30 September 2022, but if you miss this date the following EAS application and documentation deadlines apply:

- Tuesday 22 November 2022:
 - to guarantee receipt of your eligibility letter the day NSW ATARs are released and ensure you have time to change preferences for December Round 2
 - to be included in December Round 2.
- Thursday 22 December 2022:
 - to be included in January Round 1.

If you have any questions, you can call UAC.

Notification of EAS eligibility

After your application has been assessed, UAC will send you an email to notify you of your EAS eligibility at each institution. However, being eligible for EAS does not guarantee you an offer to a course. You still need to compete with other applicants.

EAS applications and supporting documents received by UAC on or before Tuesday 22 November 2022: EAS eligibility notifications sent on Thursday 15 December 2022.

This means that if you want to change your course preferences for December Round 2, you will know your EAS eligibility for every institution.

EAS applications received by UAC after Tuesday 22 November 2022: EAS eligibility notifications issued progressively.

Early offer schemes

Some institutions have early offer schemes for Year 12 students. Through these schemes, applicants may be selected for courses based on a range of criteria, including recommendations provided by schools/colleges, rather than their final Year 12 results.

Schools Recommendation Scheme

The [Schools Recommendation Scheme \(SRS\)](#) helps current Australian Year 12 students (who have applied through UAC) gain access to higher education. It does this by assessing a wide range of selection criteria other than, or in addition to, the ATAR. This means that offers – conditional or unconditional – can be made before ATARs are released.

Institutions can make offers based on:

- Year 11 results
- school ratings
- ATAR (or equivalent) or selection rank
- equity criteria
- institution-specific conditions.

After you've submitted your UAC undergraduate application you can apply for SRS via the UAC website. UAC centrally processes these applications.

SRS applications close at midnight on Monday 19 September 2022.

Who can apply

SRS is open to all Year 12 applicants who are completing either an Australian Year 12 qualification or an International Baccalaureate (within Australia) in 2022, and are:

- UAC domestic applicants for undergraduate admission for 2022–23
- Australian or New Zealand citizens
- permanent residents of Australia or holders of Australian permanent resident humanitarian visas.

International students cannot apply for SRS.

Individual institutions may have additional requirements for applicants. To find out more, access the link to institution-specific criteria at uac.edu.au/srs.

Course preferences

Finalise your course preferences by midnight on Thursday 3 November 2022. Place the course you would most like to do at the top of your list, your next most preferred second, and so on down the list.

SRS offers

Most SRS offers will be made in November Round 1 on Friday 11 November 2022.

There are two types of SRS offers:

- unconditional offers (which have no further conditions for you to meet)
- conditional offers (which require you to meet additional conditions, such as a minimum ATAR).

In November, you can receive one unconditional offer and one or more conditional offers.

Unconditional offers: Accept your unconditional offer, even if it's for your lowest course preference. You will automatically be considered for your higher preferences in later rounds.

If you receive an unconditional offer to one of your higher preferences and want to be considered for all your other preferences in later rounds:

- accept the offer
- log in to your UAC undergraduate application, go to 'Update course preferences' and move that course down to the bottom of your course preference list or remove it entirely (as long as you have accepted the offer, you can't lose it).

If you then receive an offer to a course in your new list, you can decide whether to accept it and withdraw from your original course, or not accept the new offer and keep your place in your original course.

Conditional offers: To convert your conditional offer to an unconditional offer, you must:

- meet the condition/s stipulated in the offer
- meet all other institution requirements for that course
- include the course in your list of preferences by midnight 16 December 2022 (closing date of change of preference for December Round 2).

Unsuccessful applicants

UAC won't advise applicants who do not receive an offer through SRS. An unsuccessful SRS application has no effect on your UAC undergraduate application.

For further information about SRS, visit uac.edu.au/srs.

Individual uni entry schemes

Some institutions have their own entry schemes that you can apply for directly via their websites. They might look at criteria like leadership, extracurricular activities or community service. Your applications to these schemes won't affect your UAC application.

Most institutions have an admission scheme specifically for Aboriginal and Torres Strait Islander students.

Read about these schemes in the institution entries starting on [page 57](#) or access them via uac.edu.au/institutions.

Do you have a disability, chronic health, mental health condition, or did you receive additional supports at school?

There is a lot of information out there to help you consider and articulate what supports you need to make your transition into higher education, and subsequent employment a success.

Top tips for a smooth transition

While in Year 12 (or earlier)

- Check out the Get Ready for University website: westernsydney.edu.au/ndco/getready
- Decide what you want to tell others about your disability: westernsydney.edu.au/ndco/disclosure
- Read about the Educational Access Scheme (EAS) in this Guide. EAS recognises the impact of personal illness/disability and can make a significant difference to your university course options.

When applying

Lodge your UAC application as required

- There are many special entry schemes which may be available through UAC, or individual universities. It is important to plan ahead so that you can research what special entry schemes may be available, how to apply and whether there are any closing dates for the application. Check out the UAC website, and your chosen university's website for further details.

When you get your offer and when enrolling

- Contact disability staff at the university to let them know you will be enrolling. If you will need services in place at the beginning of semester, for enrolment, and/or for orientation, make an appointment immediately. Ask what documentation is required to secure the right supports for you.
- At enrolment you may be given the opportunity to indicate whether you have a disability. However, this step does not necessarily mean that the right supports will be put in place to give you the best chance of success at uni. It is advisable that you connect with disability support staff on campus to develop a support plan prior to starting your course.
- When it is time to look for graduate employment, ask your university careers team how they can help you prepare for job search and to enter the workforce.
- Many universities in Australia participate in the University Specialists Employment Partnership (USEP) model for supporting students to achieve graduate employment. For further information or a list of participating universities, go to: usep.com.au

Remember to make contact with Disability Services early!

National Disability Coordination Officers (NDCO) work throughout Australia to drive change, so that people with disability have equitable opportunity to access, participate and achieve their goals in Higher Education and subsequent employment.

To find out more about the NDCO program, go to <https://www.dese.gov.au/access-and-participation/ndco>

Offers and enrolment

Why preferences matter

You can receive only one offer in each offer round. That offer will be to the highest preference for which you:

- meet the admission requirements (are 'eligible')
- successfully compete against other applicants who also meet the admission requirements.

For example, if you meet the admission requirements and are competitive enough for the first preference you've listed, you'll be made an offer to that course only. If you're not made an offer to your first preference, but meet the admission requirements and are competitive enough for your second preference, you'll be made an offer to your second preference.

Always keep your courses listed in your preferred order.

Tip!

Tip!

Sometimes the uni will tell you that your early conditional offer will only convert to an unconditional offer if it is your 'highest eligible preference'. This is true, but take note of the word 'eligible'. You can still place other courses higher in your preference list; if you miss out on offers to these higher preferences, your conditional offer will still become unconditional.

Action!

Accept any offer you receive: don't assume you'll receive another offer later. You can then review your preferences for the next offer round.

Timing of offers

Offers are made on scheduled dates throughout the year. These are called offer rounds.

The most important 2023 semester 1 offer round dates for Year 12 students are set out in a table on the inside front cover of this Guide. The table also shows the dates by which you need to apply, provide documents and change your preferences to be guaranteed consideration in each offer round.

Although some Year 12 applicants receive early offers (before ATARs are released), most will receive their offers in:

- December Round 2
- January Round 1.

Offer rounds after January Round 1 are for entry to courses that still have vacancies.

Early offers

The offer rounds before December Round 2 are usually for early offer schemes such as the Schools Recommendation Scheme, ADFA (Australian Defence Force Academy) courses, non-Year 12 applicants, or for courses that don't require an ATAR. If you don't receive an early offer and aren't in one of the categories listed, there's no need to worry.

If you get a **conditional** early offer, to convert it into an unconditional offer you have to:

- leave the course in your list of preferences.
- satisfy the conditions set out by the uni in your offer email.

International applicants

Conditional offers

Approximately 48 hours after you have applied through UAC, you'll receive a conditional offer via email. The email will list all the courses you've applied for, and you can use it as part of your pre-visa assessment. It is a conditional offer of admission only; it does not mean you are able to enrol. To be eligible to enrol in a course of study you need to receive an unconditional offer.

Unconditional offers

To receive an unconditional offer, you must have the course listed in your application when offers are made, meet the minimum admission criteria of the institution and any other specific entry requirements for the course, and successfully compete against other applicants for a place. Most offers will be made after you receive your final Year 12 results in December.

Your courses are considered in the order you have listed them in your application. However, each institution you have applied to will consider your application separately. Therefore, you can receive an offer to your highest preference at each institution included in your application (if you are eligible and competitive enough).

Getting your offer

UAC will send you your offer via email. Read the email carefully and follow the instructions.

Slipback offers

If you apply for a course but miss out on an offer, you might receive an offer to a lower-level course – in the same area at the same institution – instead. For example, you may get an offer to a Diploma in Marketing if you applied for, but missed out on, the Bachelor of Marketing at the same institution.

If you successfully complete a course such as a diploma, some institutions guarantee you entry into a degree course. You might also be awarded credit for some of your studies.

Direct offers from the unis

If you have applied directly to an institution, as well as through UAC, you can receive offers from both UAC and the institution. Then it's up to you to decide which one to accept.

Accepting your offer

Accept your offer by following the instructions the institution gives you in your offer email. Do this promptly, otherwise your offer might lapse and be given to another applicant in the next round.

Accepting an offer doesn't stop you from being considered in later offer rounds, but you must remove the successful course from your preferences list (or move it to the bottom) to prevent it blocking offers to lower preferences in future rounds.

Keep playing start studying

Improve your game while gaining a world-class education with UOW's Global Sports Programs.

What to do when you get an offer

11
NOV

Before you get your ATAR
SRS offers released: November Round 1

22
DEC

After you get your ATAR
Offers released: December Round 2

01. What happens

You get a **conditional** early offer

You get an **unconditional** early offer

You get an offer to your **first course** preference

You get an offer but it's **not** to your first course preference

You **don't get** any offers

02. What you need to do

Leave the course in your application in your preferred order

Accept the offer

Accept the offer

Accept the offer to keep as a backup

- **Compare** your ATAR to course lowest selection ranks
- **Consider** pathway courses (eg diploma in same subject area)

03. What happens next

Satisfy conditions set by the university

Receive an unconditional offer after you get your ATAR

Happy with the offer?
Proceed to enrol

Or want another offer?

- **Remove** offered course from preference list
- **Review** your preference list for post-ATAR offers

Happy with the offer?
Proceed to enrol

Or want another offer?

- **Remove** offered course from preference list
- **Review** your preference list for post-ATAR offers

- **Remove** offered course from preference list
- **Review** your preference list for post-ATAR offers

Review your preference list for next offer round

04. What to do in later rounds

If you get an offer to your preferred course:

- **Accept** the new offer and enrol
- **Contact uni to withdraw** acceptance of first offer

If you get an offer to your preferred course:

- **Accept** the new offer and enrol
- **Contact uni to withdraw** acceptance of first offer

If you get an offer to your preferred course:

- **Accept** the new offer and enrol
- **Contact uni to withdraw** acceptance of first offer

If you get an offer:

- **Accept** the offer and enrol

If you don't get an offer:

- **Discuss** your options with different unis
- **Change** your course preferences

Got a question?

If you want to know why you didn't get an offer, or what other study options are available to you, get in touch with the admissions office staff at the uni. The institutions make the decisions about who receives an offer to a course.

If you receive an offer in one round and accept it, then receive an offer in a later round, you can choose to:

- keep your previous offer and not accept your new offer or
- accept your new offer and withdraw from the course you've already accepted.

Once you accept your offer, the next step is enrolment.

International applicants

Your offer will include an explanation of how to accept your offer, enrol and pay the required compulsory Overseas Student Health Cover (OSHC) charge. Take particular notice of any deadlines the institution has for accepting the offer.

Once you have accepted your offer and sent your payment, the institution will send you a Confirmation of Enrolment. This document will allow you to obtain your student visa.

Receiving further offers

Once you've received an offer, you can't be made an offer to any lower course preferences unless you change your preferences.

So, if you receive an offer to your first preference, you won't be considered for further offers in subsequent rounds unless you move that course down to the bottom of your list or remove it entirely. (Before you do this, don't forget to accept the course you've already been offered!)

If you receive an offer to a lower preference, you will automatically be considered for higher preferences in the next round.

EXAMPLE

You have the following five courses listed as preferences and you receive an offer to your second preference:

| Preferences | |
|-------------|------------------------------------|
| 1 | B Life Science |
| 2 | B Animal Science |
| 3 | B Science (Physics) |
| 4 | B Human Sciences |
| 5 | B Natural Science (Animal Science) |

- 1** Accept your offer to B Animal Science.
- 2** Remove B Animal Science. As long as you've accepted your offer to this course, you won't lose your place. If you leave your preferences as they are, in subsequent rounds you will only be considered for your first preference, B Life Science.

If you change your mind

If you reject an early round offer or let it lapse and then change your mind, you'll need to speak with the institution's admissions office, as only the institution can reinstate the offer. Also, if the course you've rejected was your first preference and you don't remove it, no further offers can be made because the rejected offer will 'block' any new offers to other preferences.

- 3** Change your preferences in any way you like – even add new courses to your list. Just make sure you have a realistic chance of meeting the lowest selection rank and can satisfy any additional course requirements.

Say you change your preferences to the following:

| Changed preferences | |
|---------------------|----------------------|
| 1 | B Science (Physics) |
| 2 | B Science (Flexible) |
| 3 | B Biotechnology |
| 4 | B Human Sciences |
| 5 | B Teaching/B Science |

4 Receive an offer to a course in your new list.

5 Decide whether to accept it and withdraw from B Animal Science or not accept the new offer and keep your place in B Animal Science.

Your deferred offer can lapse

If you undertake degree studies or certain levels of TAFE study other than NSW HSC courses during your deferment period, your offer at many institutions will lapse. You will need to reapply through UAC and declare all of your studies. Check with each institution for specific policies.

Tip!

Deferring your start date

You can often delay starting your course for six months or one year. All deferments are granted subject to the course being offered the following semester or following year. Each institution has its own policy regarding deferment – refer to the institution information at uac.edu.au/institutions.

How to defer

Follow the institution's instructions for accepting your offer. You will then be given the option to 'accept' or 'defer' your place in the course. Sometimes you have to accept the offer before you can defer.

Most institutions will ask you to provide a statement to explain why you wish to defer and what you'll be doing during this period.

Once your deferment has been granted, the institution will confirm it in writing and give you instructions on how to take up your deferred course.

Changing your mind

If, at the end of the deferment period, you decide you'd like to be considered for other courses, you can complete a new UAC application and include these course preferences. If you receive an offer to one of the new courses, you can then decide whether to accept the offer or take up your deferred course.

Unsuccessful applicants

Take action

Contact the relevant institutions for advice on alternative study options, then change your course preferences for the next offer round.

Think ahead

When you apply through UAC, you'll be asked if you'd like to receive information about alternative study options should your application be unsuccessful. If you select 'Yes', institutions (including some not in your preferences) can contact you with details of other available study options. You can always opt out of receiving this information by logging in to your application on the [UAC website](#).

Enrolment

Enrolment is the next step after you accept your offer. Your institution will let you know when enrolments are open and what you need to do.

You usually enrol online and it often involves:

- registering for your semester 1 subjects
- setting up a student email account
- completing a form to request a HECS-HELP or FEE-HELP loan (you'll need your Australian Tax File Number)
- entering your unique student identifier (USI). You may already have one from previous vocational education or training. If not, you can create a USI at usi.gov.au.

After you enrol in a course, you have until the census date to pay your fees or withdraw without penalty from the course. The census date varies depending on when your course starts, but it is usually at least a couple of weeks after the course start date.

International applicants

If you apply through an agent, your agent will help you enrol.

Orientation week

Before classes start at the beginning of the year, most institutions run an orientation week (often called 'O-Week'). The aim is to help you transition into university life. During the week you can:

- get to know your way around the campus
- socialise with other new students
- join clubs and societies that interest you
- find out more about your course and the academic support that will be available to you.

It's not compulsory to attend orientation week but it will help you get off to a good start.

International applicants

International students are strongly encouraged to attend orientation programs as they are specifically designed to help with adjusting to life as a student in Australia. For more information, read the institution entries at uac.edu.au/institutions.

Transferring to another course

Many students enrol in a course with a view to transferring into another course after completing a year's study. A typical example is completing one year of a general degree (such as Arts) and then transferring to a more specialised degree (such as Arts/Law).

How to transfer

In most cases you're not actually transferring; you're withdrawing from one course and applying for entry to another. You usually need to submit a new application through UAC for the new course.

If you're transferring to another course in the same admissions period, you don't need to reapply because your application is still active – you just need to change your preferences. Then, if you get an offer you can formally withdraw from your current course. It's important to do this to avoid additional HECS fees or absent fail results on your academic record.

Get advice early

Transferring is not an automatic process. Places in your new course will be very competitive, and you usually need to achieve excellent results in your first year. Each institution has its own requirements for transfers and you should seek more information before you enrol.

FAQs about offers

Can I receive an offer in more than one round?

Yes, domestic students can receive one offer per round. If you receive an offer in one round and accept it, then receive an offer in a later round, you can either keep your first offer and not accept the second offer, or withdraw from the first offer (that you accepted) and accept the second offer.

International applicants can receive one offer per institution in each round.

Most offers are made in December and January.

Should I accept my offer? I might receive another offer in the next round.

Yes, you should accept your offer. If you receive an offer in one round, don't assume you'll receive another offer in a subsequent round. If you don't accept your offer and you don't receive another one in later rounds, you may miss out on a place.

Accept your offer by the date specified by the institution, otherwise you may lose your offer. Accepting an offer doesn't stop you from being considered for your higher preferences in subsequent offer rounds.

How do I receive more offers after I accept an offer?

If you receive an offer to your first preference but you'd like to be considered for other courses in subsequent offer rounds, you need to accept the offer, then remove your first preference and reorganise the order of your preferences before the next offer round (read the example on [page 38](#)).

If you receive an offer to a lower preference in an offer round, you'll automatically be considered for your higher preferences in subsequent rounds.

Course costs and financial assistance

Types of courses

Your course costs will depend on the type of course in which you're enrolled. There are two main types of courses:

- Commonwealth-supported place (CSP)
- domestic fee-paying (DFEE).

Not all institutions offer CSP courses and not all institutions offer DFEE courses.

The course descriptions at uac.edu.au/search indicate the types of fees charged.

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and exempt from student contributions
- OTH: DFEE with no government loan scheme for students
- VET: DFEE with VET Student Loans for eligible students.

Get a tax file number from the Australian Taxation Office at ato.gov.au. You'll need it if you pay your course costs using a loan from the Australian Government.

Heading to university next year?

You'll need a Unique Student Identifier (USI) to:

- access HECS-HELP
- enrol in a Commonwealth Supported Place
- graduate from your degree.

Find or create your USI now at usi.gov.au

Commonwealth-supported place courses

CSP courses:

- are subsidised by the Australian Government so typically cost less than equivalent DFEE courses
- require you to pay part of the cost of the course (a student contribution set by the institution, within a range set by the Australian Government).

Student contribution amounts

The Australian Government classifies your courses into funding clusters. The amount you pay is usually the maximum allowed by the government. The maximum student contributions for 2022 are set out below.

These amounts are indexed each year and are based on one year of full-time study. For the most up-to-date information, search for 'funding clusters and indexed rates' at dese.gov.au.

| Funding cluster | Max. student contribution in 2022 |
|--|--|
| Funding Cluster 1 Law, accounting, administration, economics, commerce, communications, society and culture | \$14,630 |
| Funding Cluster 2 Education, clinical psychology, English, mathematics, statistics Allied health, other health, built environment, computing, visual and performing arts, professional pathway psychology, professional pathway social work | \$3,985 \$8,021 |
| Funding Cluster 3 Nursing, Indigenous and foreign languages Engineering, surveying, environmental studies, science | \$3,985 \$8,021 |
| Funding Cluster 4 Agriculture Pathology Medicine, dentistry, veterinary science | \$3,985 \$8,021 \$11,401 |

Paying your student contribution

Australian citizens and holders of an Australian permanent humanitarian visa can pay their student contribution in three ways:

- pay the entire student contribution upfront
- receive a HECS-HELP loan for the whole student contribution
- pay some of the student contribution upfront and receive a HECS-HELP loan for the balance.

Holders of an Australian permanent resident visa must pay all of the student contribution upfront.

The institution will give you a 'Request for Commonwealth support and HECS HELP' form.

All CSP students (including upfront payers) must submit this form, regardless of their payment option.

HECS-HELP loans

You don't have to start repaying your HECS-HELP loan until your income reaches a certain level.

To find out more, visit ato.gov.au and search 'HECS'.

For more information about HECS-HELP loans and student contributions visit:

- institution websites
- studyassist.gov.au.

New Zealand citizens

New Zealand citizens can access HECS-HELP loans if they:

- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

International students

Tuition fees

Tuition fees for international students:

- vary between institutions and courses
- vary depending on the specific units of study in which you enrol
- are generally based on an average course load of two semesters of full-time enrolment.

Tuition fees are listed in the course descriptions at uac.edu.au/search and are indicative and subject to change.

What do tuition fees cover?

Tuition fees generally cover teaching costs only but they may also include:

- reception at the airport nearest to campus
- assistance in finding accommodation
- orientation program
- access to all available student services and facilities
- special uniforms for nursing courses.

What don't tuition fees include?

Tuition fees do not include:

- accommodation expenses
- costs of textbooks, course materials, study aids and equipment
- living expenses such as food, transport and clothing
- costs of field trips
- health cover and medical costs
- the Student Services and Amenities Fee (not charged by all institutions).

Living expenses

The Australian Department of Home Affairs requires prospective international students to demonstrate that they have adequate funds to cover their living expenses in Australia.

Living expenses include items such as:

- accommodation
- electricity and/or gas and telephone/internet bills
- food and entertainment
- personal incidentals
- public transport.

Your living expenses are separate from your tuition fees and will vary depending on many things (eg where you live, your type of accommodation and lifestyle).

Establishment costs and other expenses

You'll also need to meet establishment costs such as rental bonds for accommodation, furniture and general household items. Other expenses may include textbooks, study aids, vacations or the running of a car or motorbike.

You will find useful information on costs and other aspects of living in Australia at studyinaustralia.gov.au.

Domestic fee-paying courses

DFEE courses:

- are not subsidised by the Australian Government so typically cost more than equivalent CSP courses
- require you to pay the full cost of your course (a tuition fee set by the institution).

Paying your tuition fee

Australian citizens and holders of an Australian permanent humanitarian visa can pay their tuition fee in three ways:

- pay the entire tuition fee upfront
- receive a FEE-HELP loan or VET Student Loan for the whole tuition fee
- pay some of the tuition fee upfront and receive a FEE-HELP loan or VET Student Loan for the balance.

Holders of an Australian permanent resident visa must pay the tuition fee upfront.

FEE-HELP loans and VET Student Loans

FEE-HELP loans help eligible fee-paying students pay all or part of their tuition fees.

VET Student Loans help eligible students studying higher level vocational education and training (VET) qualifications (diploma level and above) pay their tuition fees.

Loan fees

The following loan fees apply:

- 20 per cent for FEE-HELP loans
- 20 per cent for VET Student Loans.

The loan fee does not apply to students at Torrens University, the University of Notre Dame Australia, Bond University or the University of Divinity.

For more information about FEE-HELP loans and VET Student Loans, visit studyassist.gov.au.

HELP loan limit

The HELP loan limit is a cap on what you can borrow from the Australian Government to cover the costs of your tuition fees. The HELP loan limit includes all HECS-HELP, FEE-HELP, VET FEE-HELP and VET Students Loans.

In 2022, the HELP loan limit is \$109,206.

The loan limit is \$156,847 if you're studying:

- medicine
- dentistry
- veterinary science
- an eligible aviation course.

You don't have to start repaying your loan until your income reaches a certain level.

You will not be eligible for any Australian Government assistance if you have a fail rate of more than 50 per cent in your tertiary studies. For details, search for 'low completion rate' at studyassist.gov.au.

New Zealand citizens

New Zealand citizens can access FEE-HELP loans and VET Student Loans if they:

- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

Student services and amenities fee

Most institutions charge a Student Services and Amenities Fee (SSAF) for student services and amenities of a non-academic nature, such as:

- sporting and recreational activities
- employment and career advice
- child care
- financial advice
- food services.

The SSAF is annually indexed and charged regardless of whether students intend to use the services and amenities provided.

Not all institutions charge international students the SSAF.

Visit:

- dese.gov.au for more information on SSAF
- uac.edu.au/institutions for individual institution policies.

Australian Government payments

The Australian Government provides financial help to eligible Australian students and trainees through payments administered by Services Australia.

The following information is correct as at February 2022.

| Payment | Details |
|--------------------------------|--|
| Youth Allowance | A fortnightly payment for people aged 16 to 24 who are: <ul style="list-style-type: none"> – studying full-time or – doing a full-time Australian Apprenticeship. Some job seekers aged 16 to 21 can also access these payments. |
| Austudy | A fortnightly payment for people aged 25 or older who are: <ul style="list-style-type: none"> – studying full-time or – doing a full-time Australian Apprenticeship. |
| ABSTUDY | A group of payments for Aboriginal and Torres Strait Islander students and Australian Apprentices. |
| Pensioner Education Supplement | A fortnightly extra payment to help with study costs when students also get certain income support payments from Centrelink. |
| Student Start-up Loan | A voluntary loan you can get up to twice a year. You might be eligible to apply for this loan if you're a student getting: <ul style="list-style-type: none"> – Youth Allowance – Austudy or – ABSTUDY Living Allowance. You have to pay the loan back once you start earning a certain amount of income. |
| Relocation Scholarship | A once-a-year payment if you're an eligible student getting Youth Allowance or ABSTUDY Living Allowance. In some circumstances, you may also be eligible if you get the Youth Disability Supplement or Energy Supplement. You need to move to or from a regional or remote area for higher education study to get this. |
| Tertiary Access Payment | A payment of up to \$5,000 if you're moving from a regional or remote area for tertiary study directly after completing Year 12. |

Visit servicesaustralia.gov.au/education for full, up-to-date details of payments and eligibility criteria.

Ask questions and get information about payments and services via:

- the [Services Australia Facebook page](#)
- [@ServicesAustralia](#) on Twitter.

Other assistance

If you receive Youth Allowance, Austudy, ABSTUDY, Pensioner Education Supplement or ABSTUDY Pensioner Education Supplement, you may also be eligible for the following payments:

| Payment | Details |
|----------------------------------|--|
| Education Entry Payment | A once-a-year payment made when you start study if you get certain income support. |
| Fares Allowance | Helps with travel costs between your permanent home and your place of tertiary study in Australia. |
| Concession and health care cards | Concession and health care cards can get you cheaper health services and medicines. |
| Other allowances | Eg Rent Assistance, Energy Supplement, Youth Disability Supplement, Remote Area Allowance. |

Equity Scholarships available through UAC

[Equity Scholarships](#) help disadvantaged students with costs associated with higher education.

Institutions award Equity Scholarships to Australian students from low socio-economic backgrounds, particularly those who receive Centrelink income support payments.

There are two types of Equity Scholarships:

- Institution Equity Scholarships (IES) funded by individual institutions
- Indigenous Student Success Program (ISSP) funded by the Australian Government.

Applying for an Equity Scholarship

By submitting just one Equity Scholarship application during UAC's admissions period you'll be considered for all available Equity Scholarships for which you're eligible at participating institutions.

Your application remains active for the entire 2022–23 admissions year, so if you miss out on a scholarship in one round, you may be considered again in subsequent offer rounds.

Do not apply multiple times for an Equity Scholarship; UAC will delete subsequent applications. One application is eligible for the entire admissions year.

Equity Scholarship applications and supporting documents received by UAC 10 working days before an offer round will be assessed for that offer round.

Visit uac.edu.au/es-offer-rounds for details of:

- offer rounds
- participating institutions.

To apply for an Equity Scholarship:

1. Go to uac.edu.au/es to research the categories of educational disadvantages you can claim and the documents you will need to provide.
2. Select 'Apply or log in' at the top right of the screen, then select 'Equity Scholarship application'.
3. Follow the prompts to the personal details section and enter the required information. Make sure you provide a personal email address; your school email address will expire.
4. Complete all sections covering the disadvantages you are claiming.
5. Accept the declaration and authority.
6. Review your application summary and submit.
7. Download your confirmation of application.
8. Upload supporting documents to your application **at least 10 days before** the undergraduate offer round in which you wish to be considered.

If your circumstances change after you've submitted an application, you can log back in and add disadvantages.

Visit uac.edu.au/es for details of:

- participating institutions
- offer rounds and application dates.

Other scholarships

Institutions offer a range of merit scholarships, from book vouchers to full bursaries. Apply directly to the institutions.

Go to uac.edu.au/institutions to check for financial assistance and scholarships provided by each institution.

If you need to provide supporting documents, a document package will be generated after you submit your Equity Scholarship application.

No document package = no documents required.

International students

Sponsorship

Sponsored international students receive financial support for their study and/or other agreed educational expenses from sources other than their own funds. Your sponsoring authority must be recognised by the institution.

Working while studying

International students can work for:

- up to 40 hours per fortnight during teaching periods (limit may change due to workforce shortages)
- unlimited hours when your course is not in session.

This total:

- ✓ includes certain categories of voluntary, unpaid work.
- ✗ does not include work undertaken as part of your course.

Don't rely on working to fund your tuition or living expenses while in Australia – work cannot be guaranteed and spending excessive amounts of time working may adversely affect your studies.

You can submit your work visa application only **after** you've arrived in Australia and started your classes.

The Department of Home Affairs determines work entitlement for students. For more information, visit 'Visas' at immi.homeaffairs.gov.au.

Scholarships funded by the Australian Government

The Australia Awards Scholarship program:

- provides opportunities for people from selected developing countries to study in Australia
- awards a limited number of undergraduate scholarships based on merit or on nomination by home governments.

To apply, visit dfat.gov.au/people-to-people.

Scholarships funded by institutions

Institution scholarships may be targeted to students from specific countries or to particular areas of study. Apply directly to the institutions.

HSC board developed courses to be examined in 2022

Here's a list of all the HSC courses that will be examined in 2022. To be eligible for an ATAR in NSW, you must satisfactorily complete at least 10 units of courses. These ATAR courses must include at least:

- 8 units from Category A courses
- 2 units of English
- three Board Developed courses of 2 units or greater
- four subjects.

Your ATAR is then calculated from your:

- best 2 units of English
- best 8 units from your remaining units, which can include no more than 2 units of Category B courses.

For details on how the ATAR is calculated, go to uac.edu.au/atar.

Category A courses

| Number | Course name | Unit value | Subject area |
|--------|--|------------|--------------------------------------|
| 15000 | Aboriginal Studies | 2 | Aboriginal Studies |
| 15010 | Agriculture | 2 | Agriculture |
| 15020 | Ancient History | 2 | Ancient History |
| 15280 | History Extension ¹ | 1 | Ancient History |
| 15030 | Biology | 2 | Biology |
| 15040 | Business Studies | 2 | Business Studies |
| 15050 | Chemistry | 2 | Chemistry |
| 15060 | Community and Family Studies | 2 | Community and Family Studies |
| 15070 | Dance | 2 | Dance |
| 15080 | Design and Technology | 2 | Design and Technology |
| 15090 | Drama | 2 | Drama |
| 15100 | Earth and Environmental Science | 2 | Earth and Environmental Science |
| 15110 | Economics | 2 | Economics |
| 15120 | Engineering Studies | 2 | Engineering Studies |
| 15155 | English as an Additional Language or Dialect | 2 | English |
| 15130 | English Standard | 2 | English |
| 15140 | English Advanced | 2 | English |
| 15160 | English Extension 1 | 1 | English |
| 15170 | English Extension 2 | 1 | English |
| 15180 | Food Technology | 2 | Food Technology |
| 15190 | Geography | 2 | Geography |
| 15200 | Industrial Technology | 2 | Industrial Technology |
| 15210 | Information Processes and Technology | 2 | Information Processes and Technology |

| Number | Course name | Unit value | Subject area |
|--------|---|------------|---|
| 15215 | Investigating Science | 2 | Investigating Science |
| 15220 | Legal Studies | 2 | Legal Studies |
| 15236 | Mathematics Standard 2 | 2 | Mathematics |
| 15255 | Mathematics Advanced | 2 | Mathematics |
| 15250 | Mathematics Extension 1 ² | 1/2 | Mathematics |

| 26899 | Primary Industries (Examination) | 2 | Primary Industries |
| 26999 | Retail Services (Examination) | 2 | Retail Services |
| 27499 | Tourism, Travel and Events (Examination) | 2 | Tourism, Travel and Events |

For interstate Year 12 and International Baccalaureate (IB) comparable courses, visit uac.edu.au/year12-quals.

Content endorsed courses (Board endorsed courses)

These courses cannot be included in your ATAR calculation.

| Course name | Unit value | Subject area |
|---|------------|---|
| Aboriginal Languages | 1 or 2 | Aboriginal Languages |
| Ceramics | 1 or 2 | Ceramics |
| Computing Applications | 1 or 2 | Computing Applications |
| Exploring Early Childhood | 1 or 2 | Exploring Early Childhood |
| Marine Studies | 1 or 2 | Marine Studies |
| Photography, Video and Digital Imaging | 1 or 2 | Photography, Video and Digital Imaging |
| Sport, Lifestyle and Recreation Studies | 1 or 2 | Sport, Lifestyle and Recreation Studies |
| Visual Design | 1 or 2 | Visual Design |
| Work Studies | 1 or 2 | Work Studies |

Notes

1. You can study both Ancient History and Modern History, but there is only one History Extension course. It is considered a course within the subject of either Modern History or Ancient History.
2. The unit value of this course changes depending on whether the course is taken in combination with Mathematics Advanced or Mathematics Extension 2.
3. You must study Music 2 if you wish to study Music Extension.
4. You can study more than one science course but there is only one Science Extension course. It is considered a course within one of the following subject areas: Biology, Chemistry, Earth and Environmental Science, Investigating Science, Physics.
5. You may study either Studies of Religion I or Studies of Religion II, but not both.
6. You may study only one of the following languages: Croatian continuers, Macedonian Continuers, Serbian Continuers.
7. An optional HSC written examination in Category B courses is offered to eligible students. Subject to ATAR rules, you must undertake the optional written examination to have the results from this course available for inclusion in the calculation of your ATAR. Check with your school or the NESA website at educationstandards.nsw.edu.au for more information.

Common terms and abbreviations

Following are definitions of many of the terms and abbreviations used by UAC and its institutions. Knowing these terms will help you understand the tertiary admissions process.

Academic record (see Transcript)

Academic year

The part of the year when classes are held at a university. The academic year usually starts in February/March when classes begin, and ends with the examination period in November/December. It may comprise two semesters or three terms/ trimesters. Some institutions also have an additional study period from December to February.

Additional selection criteria

Compulsory or optional requirements, either in addition to or instead of admission criteria, which you must meet to be considered for selection into a course.

Examples include a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. If a course has additional selection criteria it is specified in the course description.

Adjustment factors

Factors that institutions consider in order to increase your selection rank for a particular course (eg achievement in an HSC course related to your preferred degree or eligibility for the Educational Access Scheme). They do not change your ATAR.

Admission criteria

The minimum qualifications required for you to be considered for entry to a particular course. You then need to compete against other applicants who also meet the admission criteria.

Admissions period

The period when applications are open for tertiary study. Applications open in April.

Advanced diploma

An award requiring two or three years of full-time, or equivalent part-time, study. This is the highest of the undergraduate diploma awards.

Apply direct institution

An institution that lists its courses through UAC but which manages its own admissions. UAC does not process applications for these institutions; students apply directly to the institution.

Areas of study

Areas of study within a course, which may consist of a sequence of subjects/units in a single discipline (generally studied throughout the course as major areas of study or specialisations or sub-majors) or additional or supporting subjects or units.

For details of areas of study offered in a course, read the course description on the [UAC website](#).

Associate degree

An award requiring two years of full-time, or equivalent part-time, study. It equates to the first two years of a designated three-year degree course.

Associate diploma

An award requiring two years of full-time, or equivalent part-time, study.

Assumed knowledge (see also Prerequisites)

Some institutions assume you have knowledge of specified NSW HSC courses or equivalent before beginning your course. If you do not have the assumed level of knowledge but have met the admission requirements, you can still be selected for the course but you may have some difficulty coping with your studies. Bridging courses may be recommended for some students who do not have the assumed level of knowledge. If an institution recommends assumed knowledge for a course, it is specified in the course description on the UAC website.

Australian Qualifications Framework (AQF)

A national policy for qualifications in the school, vocational education and training (VET) and higher education sectors in Australia. All AQF qualifications are quality assured.

Australian Tertiary Admission Rank (ATAR)

A measure of academic achievement in the HSC that helps institutions rank applicants for selection to tertiary courses. The ATAR is a rank, not a mark.

ATAR courses

Board developed courses for which the NSW Education Standards Authority (NESA) conducts examinations that yield graded assessments. Classified as Category A courses or Category B courses, these are the only courses that can be included in the ATAR calculations.

Bachelor degree

An award requiring three or four years of full-time, or equivalent part-time, study.

Bridging courses

Courses that enable you to achieve the required level of assumed knowledge. The inclusion of one or more of these courses (also called introductory courses) in the first-year program, however, could prevent you from completing your course in the minimum time.

Combined/double/dual degrees

Degrees structured to allow students to complete two degrees in less time than would be taken if the two degrees were studied sequentially.

Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS)

A register of all Australian educational providers and their courses offered to students studying in Australia on student visas.

Commonwealth-supported place (CSP)

A place in a course to which the Australian Government contributes towards the cost, and the student pays a student contribution.

Deferment

Permission to delay starting a course, usually for one year. Refer to each institution's entry for deferment information specific to that institution.

Diploma

An undergraduate award that usually places more emphasis on practical skills than on theoretical content. Also a postgraduate award requiring one year of full-time, or equivalent part-time, postgraduate study.

Distance education

A form of full-time or part-time study that takes place outside the institution, either at a study centre, online or at home by correspondence. Periodic residential attendance at on-campus sessions is usually required.

Domestic fee-paying (DFEE) course

A course not subsidised by the Australian Government; the student meets the entire cost of their studies through tuition fees.

Education Services for Overseas Students (ESOS) framework

A combination of the ESOS Act, associated legislation and a National Code that protects the interests of students studying in Australia on student visas. Regulated by the Department of Education, Skills and Employment, it provides tuition and financial assurance and ensures there is a nationally consistent approach to registering education providers so that the quality of the tuition and services offered to students remains high.

Educational Access Scheme (EAS)

A scheme for university applicants who have experienced long-term educational disadvantage due to circumstances beyond their control or choosing.

Enrolment

Formal registration as a student at an institution after receiving and accepting an offer. Each institution has its own enrolment procedures. Successful applicants will receive enrolment details with their offer.

Equity Scholarships (ES)

Scholarships offered by institutions to help financially disadvantaged students with the costs of higher education.

Exclusion

A decision by an institution to exclude a student from continuing their study at that institution, usually because they have breached a regulation, such as failure in their program of study. In most cases they may reapply for admission to the course/institution after a set period of time from the date of exclusion, usually one or two years.

Faculty

A department within a university in a particular area of study, such as arts, law, engineering or medicine.

FEE-HELP

A loan for eligible fee-paying students to pay their tuition fees.

Fee-paying students

Students who meet the entire cost of their studies through tuition fees. They can be domestic or international students.

Graduate

A person who has received a degree or diploma.

HECS-HELP

A loan for eligible Commonwealth-supported students to pay their student contributions.

Higher Education Loan Program (HELP) (see also FEE-HELP, HECS-HELP and VET Student Loans)

A loan program available to Australian citizens, holders of Australian permanent humanitarian visas and New Zealand citizens who are Special Category Visa (SCV) holders (and meet the requisite criteria) to enable them to pay their student contributions or tuition fees or their overseas study expenses. Loans are repaid later through the taxation system once income has reached a certain level.

Honours

In a three-year undergraduate course (or part-time equivalent), honours is an additional year of study to meritorious students. In a four- or five-year course, honours is awarded on the basis of superior performance in the course.

Institution

A provider of tertiary study, such as a university or a college. UAC's participating institutions are those for which you apply through UAC.

International fee-paying students (IFEE)

Students who are not Australian or New Zealand citizens or permanent residents of Australia and who meet the entire cost of their studies through tuition fees.

Lowest ATAR

The lowest ATAR of an applicant to receive an offer to a course. Lowest ATARs can only be determined when offers are made each year.

Lowest selection rank

The minimum selection rank required for selection into a course. Lowest selection ranks published in this Guide are from semester 1, 2022. They are intended to be used as a guide only and are supplied to help you assess your chances of getting into a particular course and decide on your preferences.

The lowest selection ranks can only be determined when offers are made each year.

Moderation

A process undertaken by NESA to remove differences between how schools assess their students. It involves the comparison of school-based assessment marks with state-wide examination marks and their alignment to course standards to produce an assessment mark for each student.

Non-award program

A course of study for students giving them a pathway into a bachelor degree. It allows students to study individual units (subjects) that, when successfully completed, can enable entry into a degree course.

Non-standard Year 12 applicant

An applicant who is completing a Year 12 program through Australian Christian Education, Rudolph Steiner Education, home schooling or the Queensland Senior External Examination.

NSW Education Standards Authority (NESA)

The body that sets the core curriculum for Kindergarten to Year 12 for government and non-government schools in NSW; sets guidelines for school assessment tasks and sets, organises and marks the HSC examinations; and sustains and improves the standards of achievement in NSW schools.

Open days

Days set aside by an institution for prospective students to visit their campus, view their facilities and meet academic staff and students.

Overseas Student Health Cover (OSHC)

Compulsory health insurance for international students studying on a student visa in Australia to cover any costs for medical and hospital care. Students must purchase an approved OSHC policy before enrolment.

Participating institution

An institution that lists its courses through UAC. UAC manages its admissions process, including applications and offers.

Pathway courses

Non-degree courses – such as foundation studies, preparatory courses and certificates, diplomas or associate degrees – offered by institutions to applicants who don't meet the entry requirements for their degree course or need further support and preparation before studying at degree level. Some institutions offer pathway courses through UAC – read the 'Admission criteria' section and the institution entries at uac.edu.au/institutions for details.

Percentile

Calculating percentiles is part of the process of calculating ATARs. The percentile indicates a student's position in a course against other students. For example, a student in the 73rd percentile is in the top 27 per cent of students in that course.

Postgraduate courses

These are courses usually available only to people who have qualified for an appropriate first degree or diploma. They are not available to school leavers. They include:

- graduate/postgraduate certificates
- graduate/postgraduate diplomas
- postgraduate degrees such as masters or doctorates.

Practical experience

A requirement of some courses, it involves supervised practice that takes place in an approved workplace and helps students develop skills relevant to their area of study. It may be undertaken during a semester or in semester breaks and can vary from regular one-day placements to block periods of several weeks. Costs may be involved, such as instruments, uniform, accommodation or travel. Courses requiring practical experience will list it in the course description.

Preparation courses

Courses offered by most institutions, including TAFE colleges (ie Certificate IV in Tertiary Preparation), as a preparation for further study. They are usually undertaken by students with insufficient formal entry qualifications, or for those who have not participated in formal education for some time.

Prerequisites (see also Assumed knowledge)

Year 12 courses that must be completed in order to be considered for admission to certain tertiary courses. Some tertiary courses require applicants to have completed a specific HSC course or equivalent before they will be offered a place in those courses (course prerequisites). Some subjects within a tertiary course require applicants to have completed a specific HSC course or equivalent before they are able to enrol in those particular subjects (subject prerequisites).

Professional recognition

A course that has been approved by a professional body, which enables graduates to apply for membership and/or registration to practise in the profession.

Recommended studies

NSW HSC or equivalent courses that the institutions suggest will assist students in their chosen university course. However, if they haven't studied these courses their chances of selection are not affected. If a course has recommended studies they are specified in the course description.

Record of failure

Appears on a student's academic record due to withdrawing from a course or a single unit where that withdrawal is counted as a failure, or where the student has failed to satisfy the assessment requirements for one or more units.

Scaling

The first step in calculating the ATAR. It enables the many different courses taken by students to be compared fairly.

The scaling process is designed to encourage students to take courses for which they are best suited and which best prepare them for future studies. The underlying principle is that you should be neither advantaged nor disadvantaged by choosing one HSC course over another. The scaling algorithm estimates what your marks would have been if all courses had been studied by all students.

Scaling modifies the mean, the standard deviation and the maximum mark in each course. Adjustments are then made to the marks of individual students to produce scaled marks. Although scaled marks are generally different from the raw marks from which they are derived, the ranking of students within a course is not changed.

Schools Recommendation Scheme (SRS)

A scheme that enable schools to recommend current Year 12 students who are UAC applicants for offers of undergraduate admission. SRS aims to assist access to higher education for current Australian Year 12 students using a wide range of selection criteria, including school recommendations and senior secondary studies. SRS is processed through UAC.

Although most institutions make early offers of undergraduate admission under SRS, institutions have their own policies on determining SRS eligibility and making offers.

Semester

The division of the academic year into study periods. Students can start courses at the beginning of the first and, in some cases, second semester. Some institutions call their study periods 'autumn' and 'spring' semesters. Others use the terms 'session' or 'half-year'. Some institutions have trimesters or terms, with an additional study period over summer.

Slipback offer

An offer to a lower level of study than you applied for. For example, if you applied for a bachelor degree and the institution decides that, while you are not eligible and competitive enough for entry to the bachelor degree, you are eligible for a lower level of study (such as a diploma), the institution makes you an offer to the lower level.

Special requirements and policies

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

- clinical/internship placements undertaken as part of your course
- proof of English language proficiency
- accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

Student contribution

The amount that Commonwealth-supported students must pay towards their study costs. This amount is determined by each institution.

Student Services and Amenities Fee (SSAF)

Supports the delivery of student services including counselling, employment, orientation, career advice, child care, financial advice, health services, food services, sporting and recreational activities, student advocacy and legal services. The maximum SSAF amount chargeable is determined by the Australian Government.

Students studying on a part-time basis cannot be charged more than 75 per cent of the maximum amount that students studying on a full-time basis are charged.

Tertiary Education Quality and Standards Agency (TEQSA)

Regulates and assures the quality of Australia's higher education sector. TEQSA also maintains the National Register of Higher Education Providers. The register includes information on whether higher education institutions are self-accrediting or non self-accrediting and the courses they are accredited to deliver.

Transcript

An official copy of a student's complete academic record at a post-secondary or tertiary institution, issued by the institution.

Tuition fee

The amount that domestic fee-paying students or international students must pay for their course. Tuition fees are determined by each institution.

Undergraduate course

A course leading to a first qualification, namely a first degree of bachelor, an associate degree, an associate diploma or a diploma.

Unique Student Identifier (USI)

A government-issued student reference number that you keep with you for life. You need it to enrol at an institution and receive Commonwealth financial assistance, including HECS-HELP and FEE-HELP.

Universities Admissions Centre (UAC)

The central office that receives and processes applications for admission to most undergraduate degree, advanced diploma and diploma courses at participating institutions. UAC also notifies students of their ATAR and, on behalf of the participating institutions, makes offers to courses. Owned by universities in NSW and the ACT, UAC is a not-for-profit organisation that aims to provide excellence in admissions services and promote equity of access to tertiary education.

VET Student Loans

A loan for eligible fee-paying students studying higher level vocational education and training (VET) qualifications to pay their tuition fees.

Year 12 applicant

A student who is sitting one or more units of Year 12 in Australia or outside Australia (except Queensland Year 12 external students) or sitting the International Baccalaureate in Australia in 2022. Also referred to as a 2022 Year 12 or current Year 12 applicant.

Introduction

Part 2 contains general information about each of UAC's participating institutions, including:

- an overview of the adjustment factors they will consider when determining your selection rank for a particular course
- any early offer schemes available to you
- a list of the courses to be offered through UAC in semester 1, 2023.

Comprehensive information about each institution's admission criteria, access schemes and equity scholarships is available at uac.edu.au/institutions.

Full course descriptions will be published on the UAC website when details have been confirmed. All course descriptions will be published by August 2022. Institutions may change, cancel or add courses throughout the admissions period, so check the course search on [UAC's website](#) before you finalise your preferences.

Reading the course lists

Course name

| | |
|----------|--------------------|
| B | = Bachelor |
| M | = Master |
| Dip | = Diploma |
| AdvDip | = Advanced Diploma |
| AssocDeg | = Associate Degree |

Fee type

The fee type indicates how much domestic students pay towards the cost of the course. The two main types of courses are:

- CSP = Commonwealth-supported place (subsidised by the Australian Government)
- DFEE = domestic fee-paying (not subsidised – you pay the full cost of the course)

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and student contribution exempt
- OTH: domestic fee-paying with no government loan scheme for students
- VET: domestic fee-paying with VET Student Loans for eligible students.

All international students pay the full cost of their course. For more information, read 'Course costs and financial assistance.'

Course code

This is the code used in the UAC application and in the course search on the [UAC website](#).

Duration

| | |
|--------|--|
| 3F | = 3 years of full-time study |
| 6P | = 6 years of part-time study |
| 3F/EqP | = 3 years of full-time or equivalent part-time study |
| D | = Distance or online |

Prev LSR

Prev LSR = previous lowest selection rank for domestic applicants in the main offer round for Year 12 students (January Round 1, 2022). The lowest selection rank is determined by the interaction of three factors:

- 1 the number of places available in the course
- 2 the number of applicants for the course
- 3 the quality of those applicants.

Lowest selection ranks include any increases made as a result of adjustment factors (see below), so many applicants will have received an offer to that course even though their ATAR was below the lowest selection rank.

| | |
|-----|---|
| N/A | = not applicable: selection not based on the ATAR; or the course is not offered to current Year 12 applicants; or no offers were made to Year 12 applicants in these rounds |
| new | = new course offered through UAC |

Selection rank adjustments

When determining your selection rank for a course, institutions often take other factors into consideration in addition to your ATAR. This means that your selection rank for that course will be adjusted and will be higher than your ATAR.

Factors that can increase your selection rank include high achievement in specified HSC courses relevant to your preferred course, living in or attending school in an area defined by the institution, or assessment of your [Educational Access Schemes \(EAS\)](#) application.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences. Read more about selection rank adjustments in 'Admission and selection.'

Avail INT

Avail INT = available to international students through UAC. Where this column does not appear, international applicants cannot apply through UAC. Check the institution websites for details of all courses offered to international students.

Studying at AIE Institute

AIE Institute is a specialist game development higher education provider that offers a Bachelor of Game Development with three separate majors in game art, game design and game programming. AIE Institute provides students with real avenues to employment and further studies through innovative programs that combine current knowledge and role-based learning within a project-based professional environment.

AIE Institute's programs mirror the practices, workflows and standards of the game development industry. Diverse teams with a range of skills collaborate to create, innovate, respond to challenges and develop new digital experiences together. Developed in conjunction with Australia's leading game studios, AIE Institute degree programs are continuously reviewed in close consultation with industry and delivered by industry-experienced faculty.

AIE Institute builds upon the Academy of Interactive Entertainment's history as Australia's most awarded 3D animation, game development, film and visual effects educator. Created in 1996 as a vocational non-profit organisation to grow the creative digital sector, the Academy of Interactive Entertainment pioneered the development of specialist game qualifications. Academy graduates can be found working around the world on games like GTA V, Destiny and Gears of War 5 at major games studios such as Wargaming, Epic Games, Mighty Kingdom and Rockstar.

AIE Institute has leveraged the best aspects of the Academy of Interactive Entertainment's focus on practical skills and industry relevance and applied the academic rigour of higher education. AIE Institute empowers students to be active learners and creators ready for the career opportunities of tomorrow.

AIE Institute's degree programs are nationally accredited and recognised through the Tertiary Education and Quality Standards Agency within the Australian Qualifications Framework.

Aboriginal and Torres Strait Islander applicants

AIE Institute provides an annual scholarship for Aboriginal and Torres Strait Islander students studying in the discipline of game development. For more information, visit aieinstitute.edu.au.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

AIE Institute may award **up to 10 adjustment points** in total across the following categories. For details, search for 'adjustment points' on the AIE Institute website.

| | |
|---|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | For details and to apply, search for 'adjustment points' of the AIE Institute website. |
| Location adjustments For students who live within AIE Institute's catchment area. | Applicant's proximity to the Sydney or Canberra campus based on the residential address entered in their application. |
| Elite athlete and performer adjustments | None |
| Subject adjustments For students who perform well in HSC subjects related to their AIE Institute course preferences | – Automatically applied |

For the latest course information and detailed admission criteria visit uac.edu.au/aiei

Studying at ACU

True to our mission as a Catholic university, Australian Catholic University (ACU) is committed to the pursuit of knowledge, the dignity of the person and the common good. This means we stand up for people in need and causes that matter. We pride ourselves on offering a welcoming environment for everyone. And we're inclusive and supportive of everyone, every day – regardless of your faith, beliefs or background.

We're a young university, but we're making our mark. ACU is ranked in the top 2 per cent of universities worldwide¹ and we're first in Australia for graduate employment.² We have eight campuses around Australia and a campus in Rome, Italy.

At ACU, your education and wellbeing are our biggest priorities. Our campuses and classes are the perfect size, and you won't get lost in the crowd. We have a huge range of support services, your lecturers will know your name and you'll make great friends and strong networks.

We put our students and staff at the centre of a vibrant global network of scholars, partnerships and opportunities. All our courses offer work placements, internships with leading companies or volunteering opportunities.

We're closely integrated into our communities and industries, working with them to answer the big questions and create tangible results. Our research programs tackle enduring and pressing issues in society, in Australia and around the world.

¹ *Times Higher Education World University Rankings 2021*. Percentage calculated as ACU's world rank as a proportion of the total number of universities in the world: *International Handbook of Universities 2019*, Palgrave MacMillan.

² *QILT 2020 Graduate Outcomes Survey – Longitudinal results, full-time employment*.

Aboriginal and Torres Strait Islander applicants

If you are an Aboriginal or Torres Strait Islander applicant and apply for entry to an ACU program, you may be eligible for our Aboriginal and Torres Strait Islander Admission Process. Through the process you will meet with a member of the Indigenous Higher Education Unit and a faculty representative.

Your potential to undertake study will be based upon any of your formal qualifications, life experiences and achievements. Applications for most courses are made through UAC.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

ACU may award **up to 12 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the ACU website.

| | |
|--|--|
| <p>Equity adjustments</p> <p>For students who have experienced long-term educational disadvantage</p> | <p>Educational Access Scheme (EAS)</p> <ul style="list-style-type: none"> – Submit an EAS application via UAC. <p>For details, go to uac.edu.au/eas</p> |

Studying at ACAP

The Australian College of Applied Professions (ACAP) is a specialised tertiary education institute with campuses around Australia and the ability to deliver effective online learning. A deep understanding of human behaviour and a desire to contribute to the social wellbeing of society resonates throughout ACAP's courses in psychology, counselling, social work, criminology, case management, coaching and management.

Established in 1983, more than 20,000 graduates who studied on campus, online or by blended delivery have called ACAP their education provider. ACAP courses prepare students from diverse backgrounds for rewarding professions working with people in the community. There are also pathway options to further study to suit students' priorities and career aspirations.

Why do students choose ACAP?

Our approach to teaching in the specialist field of human behaviour is what truly sets us apart.

Our academic staff have extensive experience both as teachers and practitioners, with a breadth of research interests.

Our small class sizes allow for in-depth discussion, a high level of support and the opportunity to ask questions, all of which help students achieve success.

Student placements, another advantage of studying at ACAP, help prepare students for professional practice after graduation. In courses with placement included, students have the opportunity to apply theory in a professional workplace for a set period of time, gaining essential real-life experience in their chosen field. Our degrees are also professionally accredited.

Scholarships

Each year, ACAP offers a range of scholarships to help students pay part or all of their tuition fees. For more information visit acap.edu.au/pages/fees-payments/#sch

International Year 12 students apply directly to ACAP.

For the latest course information and detailed admission criteria visit uac.edu.au/acap

Selection rank adjustments

ACAP courses do not have an ATAR requirement.

Early offer schemes

There are no ACAP early offer schemes.

Studying at ACPE

The Australian College of Physical Education (ACPE) is a leading provider of specialist bachelor degrees in the related disciplines of sport, health science, community health, business, physical education and dance.

Located in the centre of Sydney's internationally renowned Olympic Park precinct, ACPE attracts individuals from around Australia and the world who wish to launch or further their career in the sports sector and related professions.

Established in 1917, ACPE aims to connect motivated and well-equipped students with fulfilling careers in their chosen field. ACPE aspires to maintain an impeccable reputation as a knowledge hub that serves the industry and broader community through scholarly activity, innovation and education.

Recognised as an Elite Athlete Friendly University by Sport Australia, ACPE is proud to support student athletes who strive for academic and sporting excellence.

Aboriginal and Torres Strait Islander applicants

ACPE is a values-based organisation that promotes and is committed to diversity, equity, inclusion and social justice – key principles which underpin excellence in teaching and learning. We provide and nurture an environment in which these principles are valued.

The ACPE Aboriginal and Torres Strait Islander Scholarship supports new students who have an Aboriginal or Torres Strait Islander background. We're dedicated to supporting Aboriginal and Torres Strait Islander students achieve their academic, personal and sporting goals.

International Year 12 students apply directly to ACPE.

Selection rank adjustments

ACPE courses do not have an ATAR requirement. However, ACPE will consider equity factors and achievements when assessing your application.

Studying at the Australian National University (ANU)

At ANU in Canberra, you'll be part of a talented and diverse community of original thinkers from around the globe.

We count six Nobel Prize winners and two prime ministers among our alumni and staff. You'll learn from renowned teachers and world-class researchers – and take part in opportunities and challenges that will help you build knowledge, skills and friendships for life (Australian Government Excellence in Research for Australia Report 2018–19).

With more than 50 single degrees to choose from, ANU gives you the flexibility to design your own double degree from 750 possible options.

What's more, as an ANU student, you'll engage with industry and government leaders through internships, access world-class international student exchange programs and join a range of vibrant cultural, sporting and social activities.

Broaden your ANU experience further by choosing to live on campus in one of our catered or self-catered student residences. As well as having Canberra's CBD, your classes, libraries, gyms and much more on your doorstep, your residence will put you at the heart of our world-class campus community. If you're leaving home to come to ANU and going to university for the first time, you may even be eligible for our accommodation guarantee.

While you're transitioning to and embracing life at Australia's only national university, we'll support your safety and wellbeing 24/7.

As a Year 12 school leaver, you can apply for admission, campus accommodation and scholarships in one direct application. This could see you receive an offer from ANU for study in 2023 as early as September 2022. Direct applications open on 2 March and close 23 May 2022.

Find out more about applying to study at ANU:

- View the application instructions: search for 'how to apply' at anu.edu.au.

- Read our undergraduate student guide: search for 'information for undergraduate students' at anu.edu.au.
- Talk to your school careers adviser.

Aboriginal and Torres Strait Islander applicants

We acknowledge the pressures that may prevent Indigenous Australians from accessing educational opportunities. At ANU, we are committed to the advancement of Australia's Indigenous people.

As an Australian Aboriginal or Torres Strait Islander student, you are eligible for priority admission. This means that if you meet the admission criteria for your ANU program of choice and declare your Indigenous heritage, you will be given preference. You may also be eligible for the selection rank adjustments listed below.

For details about entry schemes, scholarships and accommodation, go to anu.edu.au/study/apply/access-for-indigenous-students.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

ANU may award **up to 15 adjustment points** in total across the following categories. For details, search for 'ANU adjustment factors' on the ANU website.

Australian National University

ANU offers Flexible Double Degrees that allow you to choose from hundreds of possible combinations across three groups:

1. Arts, Social Sciences, Business and Science (4 years)
2. Engineering and Advanced Computing (5 years)
3. Law (5 years)

From these three groups, you can combine any two courses for which you meet the published selection rank. The previous LSR indicated against each group at the end of the following course list was the lowest selection rank for the group. The actual selection rank may have been higher depending on the double degree combination because the program-specific selection ranks still applied.

For more information, visit anu.edu.au.

Studying at Charles Darwin University

Whether you're looking to study 100 per cent online or you want to build lifelong connections with a tight-knit campus community – including at our central Sydney campus – there's a place for you at Charles Darwin University.

Join a new world university that's ranked in the top 2 in Australia for graduate employment outcomes (Good Universities Guide 2022) and graduate industry-ready with a salary to match.

Choose from more than 100 undergraduate and postgraduate degrees, including nursing, midwifery, law, environmental science, sustainable business, Indigenous knowledges and emergency and disaster management, as well as highly specialised courses in health and more.

We believe you make CDU

We are a new world university. Like our namesake Charles Darwin, we think differently. We innovate, embrace new ideas, and act with courage and kindness. We're not about tradition or legacy, privilege or exclusivity. We're about what we can give to the world, rather than what we take.

Positive change will be created by people like you. Your diverse background will help us break new ground and your fresh perspective is what we're looking for. We believe you make CDU the new world university.

Study from anywhere

Studying at CDU means you'll have the flexibility to schedule university around your home and work commitments.

We've been delivering online and distance education for more than 30 years and offer flexible degrees, so you don't have to put your life on hold.

Most degrees are offered 100 per cent online or on campus in central Sydney, part-time or full-time, and you can switch between these options during your degree.

Our lecturers and staff know how to support you from a distance. You'll also have access to an easy-to-use online study platform powered by world-class technology and 24/7 technical support.

Personalised support

Whether you study online or on campus, you'll be more than just a student number. We offer small class sizes, and our lecturers, tutors and student support teams are never more than a phone call, email or appointment away. Rest assured, they'll work hard to get to know you and support your study goals.

You'll also have access to free academic skills programs and career advice, as well as an online and on-campus library.

We have dedicated support services for Indigenous students and students with a disability and/or a health condition.

Pathways to study

We believe it's the experiences you bring to university that make you a great student. For those without an ATAR, we offer entry qualification pathways into university.

Our Tertiary Enabling Program can be studied online or on campus, full-time or part-time. In just 16 weeks you'll meet the entry requirements to most undergraduate degrees at CDU.

To read our student stories, visit cdu.edu.au/launchpad/student-stories.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

CDU may award **up to 4 adjustment points** in total. For details, search for 'pathways to study' on the CDU website.

| | |
|---|--|
| Equity adjustments | None |
| Location adjustments | None |
| Elite athlete and performer adjustments | None |
| Subject adjustments For students who have performed well in specific Year 12 subjects | Universities Language, Literacy and Mathematics Scheme – Automatically applied – Excludes B Clinical Science For details, search for 'pathways to study' at cdu.edu.au |

Early offer schemes

There are no CDU early offer schemes.

For the latest course information and detailed admission criteria visit uac.edu.au/cdu

Aboriginal and Torres Strait Islander applicants

We value and respect the place, history and culture of First Nations people. We're all about bringing people together for the future prosperity of Australia's First Nations peoples and the betterment of all Australians.

Our dedicated team provides high-level admissions and academic support to First Nations students, as well as pastoral care, advocacy and referrals to mainstream CDU support services.

Aboriginal and Torres Strait Islander students who don't meet minimum entry requirements for our undergraduate degrees are encouraged to consider an enabling program, such as our Preparation for Tertiary Success or Tertiary Enabling Program.

Visit cdu.edu.au/indigenous-leadership.

Studying at Charles Sturt University

When you join Charles Sturt University you'll make connections for life. From the friends you make to the inspirational lecturers and tutors who spark your interest, it's an experience you'll never forget. We know what it takes to help you develop the right skills to make a real difference. That's why we're Australia's top university for graduate employment – and have been for six years running (QILT Graduate Outcomes Survey 2021). So, when you graduate with a degree from Charles Sturt, you'll be the sought-after person employers are looking for – a job-ready professional.

Hands-on learning is at the heart of your degree. Live, breathe and practise your career in world-class facilities with expert academics and on work placements with employers. And become the best nurse, teacher, data analyst, social worker, environmental scientist – or whichever role fires your imagination – that you can be. Our facilities are some of the best in the world and will provide you with the opportunity to learn in real-world scenarios. You could learn on our global digital farm, in our simulation ambulance and hospital wards, or at our ecologically significant wetlands.

The world is changing, and we're looking for changemakers like you who want to use their ability, knowledge and innovation to create a world worth living in. When you study with Charles Sturt, you'll work alongside academics whose research contributes solutions to real-world problems. And we've partnered with leading organisations, including IBM, Axiom Connected, Marathon Health and Transgrid, to address regional issues and open doors to evolving careers for students just like you. Join a community that's committed to changing things for the better.

International Year 12 students apply directly to Charles Sturt University.

Aboriginal and Torres Strait Islander applicants

Charles Sturt University's Connections – First Nations Direct Entry Program is a supported personalised pathway into university that assesses skills and suitability for academic life. Search for 'First Nations student support' at study.csu.edu.au.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. If your ATAR is below 55.00, your selection rank for education courses will not be increased. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Charles Sturt University may award **up to 12 adjustment points** in total across the following categories. For details, visit study.csu.edu.au/study-options/pathways.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Location adjustments | – Automatically applied |
| Elite athlete and performer adjustments | – Submit a direct application to Charles Sturt University For details, search for 'Elite Athlete and Performer Program' at csu.edu.au |
| Subject adjustments For students who have performed well in specific Year 12 subjects | – Automatically applied |

Studying at CQUniversity

At CQUniversity Australia, we believe higher education should be for everyone – no matter your postcode or educational background. That's why we offer a wide range of up-to-date, industry-aligned courses, from TAFE certificates right through to research degrees, online and at campuses across Australia.

When you choose CQUniversity you'll benefit from convenience and flexibility, smaller, more intimate class sizes, and greater access to teaching staff. Our convenient Sydney campus is situated in the heart of the CBD, a five-minute walk from Town Hall Station. We offer a range of on-campus courses in accounting, business, diagnostic imaging, IT, public health and more, as well as access to facilities and support for online students.

We're committed to student success and providing positive graduate outcomes – and it shows. In fact, we're rated five stars for undergraduate full-time employment and ranked in the top five Australian unis for undergraduate starting salaries by Good Universities Guide 2022. We're also known for our excellent student support services. Data released by ComparED in 2021 shows that more CQUniversity undergraduate students rate our support services positively, compared to the national average. So, rest assured that when you choose CQUniversity, you're choosing a high-quality education to help you be what you want to be.

International Year 12 students apply directly to CQUniversity.

Aboriginal and Torres Strait Islander applicants

CQUniversity has a dedicated student support team that provides Aboriginal and Torres Strait Islander students with guidance and support. We also offer a range of pathways into our courses, including our free enabling course, Skills for Tertiary Education Preparatory Studies (STEPS). Our STEPS course provides a pathway for you to gain entry into and excel in higher education.

To find out more visit cqu.edu.au/steps.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

CQUniversity may award **up to 10 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the CQU website.

| | |
|---|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Location adjustments For students who live or attend school outside a capital city | Regional Adjustment Scheme – Automatically applied |
| Elite athlete and performer adjustments | None |
| Subject adjustments | None |

Monday 27 February to Friday 3 March 2023

Trimester 1

starts Monday 6 March 2023

Studying at Griffith University

When you choose Griffith University, you're choosing a world-class education, built on strong values, that will prepare you to thrive professionally and personally long after you graduate.

From day one, you'll be supported in every aspect of your studies, from help with scholarships, career advice and study skills to finding employment opportunities through our Careers Recruitment team. Whether you need learning, personal or financial support, we're here to help make your time at university a more manageable and memorable experience.

As the home of four Australian University Teachers of the Year, Griffith has a long history of driving innovation and achievement in higher education. Our students who learn in this environment are renowned among employers for their skills, experience and work ethic.

Ranked in the top 2 per cent of universities worldwide, Griffith delivers forward-thinking degrees that will prepare you to face the future with confidence, competence and the skills and knowledge you'll need to succeed in our rapidly changing world. We offer more than 200 undergraduate, postgraduate and research degrees across business, medicine, dentistry and health, education, law, sciences, humanities and the creative arts.

You'll get inside access to industry, with many of our degrees offering work placements, field trips and industry projects for real clients. Our industry connections give you practical experience that helps to make sense of the knowledge you're gaining in the classroom, while also enhancing your job-ready skills.

We're committed to giving our students as much flexibility as possible in how they participate in their studies. Depending on your degree, you'll have the choice to study at one of our five campuses in South East Queensland, online, or using a combination of both, either part-time or full-time over two or three trimesters. And as a Griffith student, you can make the most of your university experience with access to sport and recreation facilities across our campuses and more than 100 social, cultural, professional, educational, political and sporting clubs and societies.

At Griffith, we believe education is for everyone – talented students from all backgrounds are supported to reach their full potential. Knowing that our students learn in a variety of ways – and that your high school results aren't the only indicators of your abilities – we are proud to offer a range of admission pathways to study with us. From providing bridging courses to recognising Vocational Education and Training (VET) qualifications and beyond, we are committed to giving every student the means to succeed.

Griffith Sports College

Griffith has one of the highest numbers of elite athlete students in the country. Through the Griffith Sports College, you can access support to help balance the high demands of elite sport with your university studies. Visit griffith.edu.au/griffith-sports-college.

Aboriginal and Torres Strait Islander applicants

With dedicated centres on each campus, our GUMURRII Student Success Unit offers safe and culturally appropriate learning environs (including online) for all First Peoples students throughout their university journeys. Visit griffith.edu.au/gumurrii.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Griffith University may award **up to 8 adjustment points** in total across the following categories. For details, visit griffith.edu.au/adjustment-factors.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Schemes (EAS) – Submit an EAS application via UAC – Excludes preferences to B Medical Science and B Dental Health Science For details go to uac.edu.au/eas |
| Location adjustments For students who reside in an eligible region and apply to study at the Gold Coast campus | Gold Coast and Logan Priority Access Pathway – Automatically applied – Eligible regions defined by postcode For details, including eligible postcodes, visit griffith.edu.au/adjustment-factors |
| Elite athlete and performer adjustments | None |
| Subject adjustments For students who have achieved Band 3 or higher in HSC subjects (or equivalent) related to specific Griffith University courses | Year 12 subject adjustment – Automatically applied For details of which subjects attract adjustments, visit griffith.edu.au/year-12-subject-adjustment |

Early offer schemes

There are no Griffith University early offer schemes.

Open Day on Sunday 7 August 2022 is a great opportunity to experience the ICMS difference and visit our beautiful Northern Beaches campus in Manly.

Learn about our courses and student experience; take a campus tour; meet our academics, students and graduates; and find out how our unique industry training (internship) program will help you build your career faster.

Learn more at icms.edu.au/open.

Campus tours

Visit our campus anytime for a tour and a personalised course consultation. To book, call 1800 110 490 or visit icms.edu.au/book-campus-tour.

Important dates

Main intake

starts Monday 6 February 2023

For more information on the ICMS academic calendar, visit icms.edu.au/important-dates.

Studying at ICMS

The International College of Management, Sydney (ICMS) is a leader in career-focused education offering university-level undergraduate bachelor degrees and postgraduate master degrees.

At ICMS we work with you to create a personalised educational experience to ignite your career and mentor you to professional success.

How ICMS prepares you for professional success

- You study business-focused degrees specialising in various exciting and potentially lucrative industries such as business, entrepreneurship, marketing, events, fashion and global brand management, accounting, hospitality, sports management, international tourism, and property.
- Industry training, also known as an internship, is included as part of your degree – and we organise it all for you through our network of partners. Our contacts become your contacts.
- Degrees have been designed in conjunction with industry, so you develop skills your future employers want.
- Active learning means you do work-relevant assessments as you would in the real world. Most degrees have no exams as authentic assessments are preferred.
- From the start, you will develop a career mindset through professional attire, CV writing and interview skills, mentoring and access to the ICMS Student Success Centre.

Your time at ICMS will be career-focused but you'll also want a memorable, fun campus experience. ICMS offers everything that you'd expect from a traditional university, such as on-campus accommodation, sporting teams, student clubs and world-class facilities.

As well as modern online classes, ICMS has two campuses:

- the iconic traditional sandstone Northern Beaches campus, affectionately called the 'castle on the hill,' which offers sweeping views over Manly Beach
- the new modern City campus, conveniently located near Central Station.

These spectacular locations offer a student experience that would be hard to beat anywhere in the world.

Operated by ICMS, the Aspire Institute and the International Sport College of Australia (ISCA) are pathway institutions offering diplomas as standalone qualifications or as a pathway to the second year of a bachelor degree.

Aboriginal and Torres Strait Islander applicants

ICMS is committed to supporting Aboriginal and Torres Strait Islander students to succeed in higher education. All applicants are encouraged to apply directly to ICMS.

Selection rank adjustments

ICMS courses do not have an ATAR requirement. However, ICMS will consider equity factors and achievements when assessing your application.

| | |
|--|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |

ICMS Scholarships, unlock your potential.

Available for all bachelor degrees. Apply at icms.edu.au/scholarships

Scholarships range from \$5,000 - \$65,000

ICMS 

Almost \$2 million of scholarships to over 150 recipients were awarded in 2021. Our corporate partners that support this prestigious Scholarship Program are an invaluable endorsement for many students. In 2022/2023 it is expected that more scholarships will be awarded. The goal is to use opportunities to give back and to recognise students from all backgrounds. This year over 60 school leavers were awarded a scholarship to ICMS. Have a go! To find out more about benefits, eligibility and how to apply please visit: www.icms.edu.au/scholarships or call 1800 110 490.

Studying at La Trobe University

Unlock your future at La Trobe University.

For more than 50 years, students just like you have learned from our expert teachers and gained the knowledge, confidence and human skills needed for a successful career. Some of our most inspiring graduates are now CEOs, parliamentarians, human rights activists, medical researchers and Olympians.

When you study at La Trobe, you'll get an experience that sets you up for life. We're ranked in the top 1 per cent of universities worldwide,¹ and we're rated well above world standard in 23 fields of research.² This means you'll learn from experts – then become one.

Plus, with our Career Ready program, you'll develop the professional, technical and human skills employers want. Our unique partnerships bring professional opportunities to you so you can build the networks you need. This approach works. Our undergraduates are highly sought after, with 86.5 per cent securing work within four months.³

While you study, you'll learn with the latest technologies and have access to flexible study options. You'll develop every part of your skill set and build all areas of your technical knowledge. And you'll graduate ready to solve real problems.

Launch your career right here at La Trobe.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander people are welcome to contact Indigenous Student Services for advice about courses, application procedures, scholarships and other aspects of studying at La Trobe University.

To find out more, visit latrobe.edu.au/indigenous.

Selection rank adjustments

Refer to [pages 27 to 28](#) for an explanation of selection rank adjustments.

La Trobe University's selection rank adjustment factors are being reviewed for the 2023 admissions period. For the latest information, go to latrobe.edu.au.

Early offer schemes

Our Aspire Early Admissions Program rewards your involvement in community, leadership and volunteering with an early conditional offer into your chosen course at La Trobe. This means you'll know by September, or even earlier, if you have a place at university. You'll also receive exclusive benefits designed to nurture your skills and give you the support you need to succeed at La Trobe and beyond.

With Aspire, you can lock in your future and set yourself up to succeed now.

For further information about the Aspire program, including 2023 selection criteria and dates, go to latrobe.edu.au/aspire.

Studying at Macquarie University

At Macquarie, we're all about unconventional thinking, inspiring collaborations and making connections with diverse people and perspectives to create real change. We believe when we all work together, we multiply our ability to achieve remarkable things.

We're ranked among the top 1 per cent of universities in the world,¹ have three subjects in the top 50 globally and seven in the top 100,² and we were the first Australian university to introduce a global research pathway.

Whatever you choose to study at Macquarie, our future-focused approach to teaching and learning will help you become a confident and responsible leader in your field.

Why study at Macquarie?

Degrees co-designed by industry: Many of our degrees are shaped by the latest industry trends and can be adjusted to respond to the needs of industry in real time.

Degrees with in-built internships: Practical experiences are built into all of our degrees, which means that when you graduate, you'll have the knowledge and skills you'll need to meet the current and future challenges of your chosen profession.

Personalised degrees: All universities offer double degrees, but we allow you to personalise your double degree by choosing the combination you consider will best kickstart your career.

¹ QS World University Rankings 2021.

² QS World University Rankings by Subject 2021.

Aboriginal and Torres Strait Islander applicants

The Aboriginal and Torres Strait Islander Entry Pathway is an admissions pathway aimed at increasing Aboriginal and Torres Strait Islander participation within undergraduate degrees.

It provides opportunities to Aboriginal and Torres Strait Islander peoples who may:

- not have completed their HSC
- not have acquired a necessary selection rank for entry into their undergraduate degree of choice
- like peace of mind with an early offer.

This pathway involves a two-stage process: an online application and then a face-to-face interview. Offers will be made according to merit, based on demonstrated capacity and readiness to undertake university study.

Applicants are encouraged to contact Walanga Muru prior to applying. Call (02) 9850 8624 or visit mq.edu.au/walanga-muru-pathway.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Macquarie University may award **up to 15 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the MQ website.

| | |
|---|---|
| <p>Equity adjustments</p> <p>For students who have experienced long-term educational disadvantage</p> | <p>Educational Access Scheme(EAS)</p> <ul style="list-style-type: none"> – Submit an EAS application via UAC <p>For details, go to uac.edu.au/eas</p> |
| <p>Location adjustments</p> <p>For students from rural or regional Australia who don't have access to the same resources as students in cities and larger towns, and students who live in Macquarie's catchment region</p> | <p>Regional Entry Scheme</p> <ul style="list-style-type: none"> – Automatically applied <p>Macquarie Catchment Scheme</p> <ul style="list-style-type: none"> – Automatically applied <p>For details, visit mq.edu.au/regional-entry-scheme and mq.edu.au/macquarie-catchment</p> |
| <p>Elite athlete and performer adjustments</p> <p>For students with competitive commitments, such as training or performing, that have affected their Year 12 studies</p> | <p>Elite Athletes and Artistic Performers Scheme</p> <ul style="list-style-type: none"> – Submit a direct application to Macquarie <p>For details, visit mq.edu.au/elite-athletes-and-performers-scheme</p> |

Early offer schemes

| | |
|---|---|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022. Visit uac.edu.au/srs and mq.edu.au/srs |
| Macquarie Leaders and Achievers Early Entry Scheme | Important dates Applications open 1 June 2022. Applications close 31 August 2022 |
| | Assessment criteria Applicants need to demonstrate their leadership qualities and/or how they've contributed towards positive change in their community, as well as how they've consistently achieved good results at school. There are two selection components: 1. demonstration of leadership and service to their community by completing the Macquarie Leaders and Achievers Early Entry Scheme questions when applying online 2. Year 11 studies Notes: Applicants for the Bachelor of Marketing and Media and the Bachelor of Actuarial Studies and its double degrees are required to have undertaken specific English and/or maths subjects in the HSC, ACT Senior Secondary Certificate or International Baccalaureate. Applicants for teaching degrees need to complete and pass a survey before an offer is made. All applicants must complete their Year 12 examinations (10 units of HSC courses, including at least 8 units from Category A courses and 2 units of English) or comparable ACT Senior Secondary Certificate or International Baccalaureate subjects. |

Trimester 2

Monday 17 July to Saturday 21 October 2023

Trimester 3

Monday 13 November 2023 to Saturday 24 February 2024

Studying at MIT Sydney

MIT Sydney, in the Sydney CBD, offers accredited degrees with a specialised focus on business, IT networking and data analytics. You can choose to major in cyber security, software engineering, accounting, management, marketing or digital marketing. Our degrees are aligned to industry standards, as employability is at the heart of courses and student life at MIT Sydney. The Bachelor of Networking is accredited by the Australian Computer Society. The majors in cyber security and software engineering have been designed specifically to respond to market needs. As malware and cybercrime become more sophisticated, more cyber security specialists will be required in the years to come. Similarly, software engineering knowledge and skills to produce reliable and quality-assured software solutions in networking and other emerging areas are in high demand by the ICT industry.

The Bachelor of Data Analytics is designed to provide our graduates with a comprehensive knowledge of data analytics lifecycles and the necessary skills in data analytics tools and methodologies to meet future demands of the data analytics industry. It is a new course and is under consideration for professional accreditation by the Australian Computer Society.

The Bachelor of Business (major in marketing or digital marketing) is accredited by the Australian Marketing Institute, while the Bachelor of Business (major in accounting) is accredited by peak bodies including CPA Australia, Chartered Accountants Australia and New Zealand, and the Institute of Public Accountants.

Embedded into every degree are real-world projects in the business and IT industries so you will have plenty of opportunities to be challenged to think outside the box. At MIT Sydney we offer 1:1 careers advice, interactive workshops, industry-based projects and more.

Students enjoy studying in the heart of Sydney. The city campus is easy to get to and has everything you need to excel in your studies – high-tech computer labs, fast wireless internet, a library, plus plenty of study spaces and chill-out areas.

Want to know more? Visit mit.edu.au or call us on 1800 648 669.

Aboriginal and Torres Strait Islander applicants

Indigenous students studying with MIT are provided with the academic and personal support they need to enjoy and complete their studies.

Selection rank adjustments

MIT courses do not have an ATAR requirement; however, you must successfully complete the HSC (or equivalent).

Early offer schemes

There are no MIT early offer schemes.

Campus visits

You are welcome to visit the campus at any time during the year. To take a tour of the campus and meet with academic staff or our student recruitment team, call (02) 9339 8651, email student.services@nas.edu.au or stop by the student services' desk during business hours.

The National Art School campus is open from 9am to 5pm Monday to Friday and includes a cafe and art supplies store.

The NAS Gallery is open from 11am to 5pm Monday to Saturday during advertised exhibitions.

During semester, the campus is open to students for extended hours Monday to Saturday.

Important dates

Contact NAS for information about 2023 intakes.

Studying at National Art School

The National Art School (NAS) is a culturally significant Australian visual arts institution with origins that can be traced back to 1843. Situated within the historic walls of the old Darlinghurst Gaol, the school has a rich tradition of artistic practice and has produced generations of many of the country's best-known artists. The campus, located in inner-city Darlinghurst, offers a select number of full-time programs – B Fine Art and M Fine Art – as well as a comprehensive range of part-time and intensive short courses.

The National Art School uses practice-driven teaching methods and maintains a high staff-to-student ratio. Intensive instruction by over 80 eminent practising artists and art historians takes place in a studio environment. Drawing, art history and theory and their relationships to contemporary culture are taught each year in the undergraduate programs. Specialist study is offered in the studio disciplines of ceramics, painting, photography, printmaking and sculpture.

The fully accredited B Fine Art program is designed to develop the creative independence, knowledge and experience required for a career as a professional artist and the academic rigour required for further study at postgraduate level. The program is delivered full-time over three years and involves a comprehensive investigation of studio practices and historical and theoretical reflection supported by individual tutorials, peer discussions and reviews.

Aboriginal and Torres Strait Islander applicants

There is no separate admissions process for Aboriginal and Torres Strait Islander applicants.

First Peoples Scholarship

The NAS First Peoples Scholarship aims to contribute to Aboriginal and Torres Strait Islander students successfully attaining a higher education degree in the visual arts sector. Two scholarships are offered to commencing students each year. For more information, visit nas.edu.au/students-internships.

Selection rank adjustments

NAS courses do not have an ATAR requirement.

As Australia's leading independent fine art school, NAS attracts exceptional students from across the country. The BFA degree is focussed on studio-based learning, designed to impart the skills, knowledge and creative independence required to sustain a career as an artist. As a student of NAS, you will join a vibrant community of artists and art professionals, students and teachers, who are devoted to pursuing the highest aspirations for contemporary art practice.

Trimester 2

Monday 29 May to Friday 25 August 2023

Trimester 3

Monday 18 September to Friday 15 December 2023

Orientation

Orientation weeks are conducted every trimester, one week prior to the commencement of study periods.

Studying at SAE Creative Media Institute

SAE Creative Media Institute (SAE) is a leading global specialist in creative media education, with campuses worldwide. SAE is committed to providing innovative, real-world learning that challenges, develops and inspires. Offering postgraduate, bachelor, associate degree, diploma and certificate courses in animation, audio, design, film, games, creative industries and music, SAE's students receive an outstanding industry-focused and internationally recognised education.

In Australia, SAE provides courses to more than 3,000 students across six campuses in Brisbane, Byron Bay, Sydney, Melbourne, Adelaide and Perth.

For more than 40 years, SAE has maintained a strong commitment to providing high-quality practical education in creative media technologies, producing graduates with industry skills to fill integral professional roles within the sector. With accredited fast-tracked learning pathways, graduates can be on their way to their dream job sooner.

Each course at SAE focuses on teaching high-end technical production techniques specific to its niche, as well as developing broader industry perspectives and creative, analytical, communication and project management skills.

Course content has been structured to align with current industry practices and includes intensive training in world-class facilities with cutting-edge equipment and software, as well as industry-based internships.

As part of SAE courses, students engage in many collaborative multidiscipline real-world projects that replicate industry scenarios. This ensures students hone their technical knowledge and analytical skills while developing their creativity.

SAE offers flexible payment options, including payment plans, as well as access to FEE-HELP or VET student loans, scholarships and study grants.

Aboriginal and Torres Strait Islander applicants

All Aboriginal and Torres Strait Islander students who do not meet the entry requirements for our courses are encouraged to call the SAE admissions team on 1800 723 338 and arrange for an interview.

SAE acknowledges that many factors could demonstrate your suitability for entry to SAE courses, including community engagement, prior work history and family commitments.

Selection rank adjustments

SAE courses do not have an ATAR requirement.

Studying at SIBT

Sydney Institute of Business and Technology (SIBT) is your direct pathway to Western Sydney University, Sydney City campus. Our flexible entry criteria will allow you to complete a diploma program and fast-track to the second year of your university studies. If you successfully complete your diploma, you are guaranteed a place at Western Sydney University, Sydney City Campus.

Why study at SIBT?

A range of pathways to degrees

We have a wide variety of study options for you, including accounting, business, communications (advertising, journalism, public relations), engineering, information technology and social science (criminology and criminal justice).

Flexible study options

You can start in March, July or October and choose to accelerate your studies and complete a diploma in just eight months.

Personalised learning

At SIBT, we offer smaller classes, student support and a personalised learning experience, so that we can help you improve your academic performance and prepare you for life beyond the lecture room.

Help when you need it

Our Student Services team is here to help you and guide you throughout your journey. Whether you are having trouble studying, with assignments or any other personal matter, our staff will support you.

University preparation programs

We offer all students programs to help improve skills in areas such as literacy, time management, self-directed learning, assignment preparation and stress management.

Guidance from peer mentors

Selected senior SIBT students work as trained peer mentors who will share their passion and experience to make you feel welcome and provide you with essential information about campus life.

Sydney City is your campus

Located in the heart of Sydney CBD on Western Sydney University's Sydney City campus, SIBT's central location provides convenient access to transport and all the facilities and services you may need.

Since 1997, over 25,000 graduates have successfully completed their SIBT diploma program and 90 per cent of students have progressed to university.

Begin your study journey with SIBT and we'll help you find your path.

International Year 12 students apply directly to SIBT.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander people who don't meet the academic requirements may be admitted to a foundation or diploma program (depending on what level of high school they completed) based on demonstrable expertise and relevant work experience.

For the latest course information and detailed admission criteria visit uac.edu.au/sibt

SIBT

International Year 12 students apply directly to SIBT.

| Course name | Campus | Course code | Fee type | Duration | Prev LSR |
|------------------------------------|--------|-------------|----------|-------------|----------|
| Diploma of Arts | City | 640010 | DFEE | 0.66-1F/EqP | 44.65 |

| Diploma of Engineering | City | 640060 | DFEE | 0.66-1F/EqP | N/A |

Refer to [page 58](#) for an explanation of abbreviations and selection ranks.

Applicants are required to provide a Statement of Purpose, information on work experience and any studies undertaken since leaving high school.

For details, call the admissions office on (02) 9964 6555.

Selection rank adjustments

ATARs are not used for admission to SIBT. Admission is based on successful completion of an Australian Year 12 qualification (or international equivalent).

SIBT will give special consideration to students who have experienced disadvantage in education and employment in the past, including those from an Aboriginal and Torres Strait Islander background, people with a disability and people from culturally and linguistically diverse backgrounds.

For details, call the admissions office on (02) 9964 6555.

Early offer schemes

There are no SIBT early offer schemes.

Studying at Southern Cross University

Southern Cross University is a multi-campus university with locations along the east coast of Australia. We focus on delivering degrees of the highest quality together with inspirational student experiences.

Our main campuses are located on the southern Gold Coast adjacent to Gold Coast Airport, in the heart of the Northern Rivers in Lismore and in Coffs Harbour on the Mid North Coast of NSW, where the University's National Marine Science Centre is also located. The University operates The Hotel School Sydney, Melbourne and Brisbane in partnership with Mulpha Australia and delivers courses at Coomera creative campus, an educational partnership with TAFE Queensland.

The regions we call home all have unique characteristics as study locations – from cosmopolitan cities, thriving industries and coastal lifestyles to living laboratories of great natural beauty and ecological diversity, right next to the campus.

Southern Cross delivers degrees on campus and online, with a rich academic portfolio covering humanities, creative industries, social work and community welfare, health (including nursing and midwifery, osteopathy and a range of allied health specialisations), law (including a suite of double degrees), teaching and education, information technology, business, tourism, science, engineering and Indigenous Knowledge.

Southern Cross has been ranked in the top 200 young universities in the world by the Times Higher Education World University Rankings 2022.

International Year 12 students apply directly to Southern Cross University.

Aboriginal and Torres Strait Islander applicants

If you are an Indigenous Australian and do not receive an offer to Southern Cross University based solely on your application, there is a pathway scheme available.

The Testing and Assessment Program allows you to sit an assessment task and then discuss your options for University admission. This may include you receiving an offer into the course you have applied for or considering a pathway into your preferred course.

Indigenous Australian Student Services (IASS) provides an extensive service to all Aboriginal and Torres Strait Islander students who are studying at Southern Cross University. There are IASS officers at each campus.

For all details, search for 'IASS' at scu.edu.au.

Selection rank adjustments

There are no SCU selection rank adjustments.

Session 1: starts Monday 16 January 2023
Session 2: starts Monday 10 April 2023
Session 3: starts Monday 3 July 2023
Session 4: starts Monday 25 September 2023

Studying at Torrens University

As the country's fastest-growing university, Torrens University Australia brings a fresh approach to higher education, with employability at the centre of everything we do. A progressive university that fosters passion, we take a strengths-based approach to teaching. Recognising individuality and potential as better indicators of future success than exam scores, we no longer consider ATAR our primary entry requirement (exceptions may apply to some courses). Our focus on transferable soft skills means everyone has the chance to achieve their academic and career goals.

Built on the strong foundations of our distinguished schools and colleges, such as Billy Blue College of Design and Blue Mountains International Hotel Management School, Torrens University offers undergraduate and postgraduate courses designed with and for industry.

Our future-focused courses in business, design and creative technology, health and hospitality are taught by leading experts and delivered on campus, online and as a blend of both. With locations in Sydney, Melbourne, Brisbane and Adelaide, our national campus network and flexible study options allow students to tailor their learning journey.

Academic staff and industry partners help students bridge the gap between study and work. Our small lecture sizes and personalised approach to teaching ensure students develop strong, relevant skills and thrive in their chosen field. We offer partnerships with industry, allowing students to complete practical experience with some of the most influential brands on the planet.

From enrolment through to graduation, students are supported every step of the way by a passionate network of Success Coaches. Offering guidance and encouragement, our coaches help students excel in their studies and create the right trajectory for their chosen career.

At Torrens University, we give students the tools they need to create their own success. Call 1300 575 803 or email futurestudents@torrens.edu.au to talk to one of our Course and Careers Advisers.

Aboriginal and Torres Strait Islander applicants

Torrens University is committed to ensuring that Aboriginal and Torres Strait Islander students have access to all our services and are supported throughout their academic journey.

We have a range of support services and scholarships available. For further information, search for Indigenous student scholarships on our website at torrens.edu.au.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Torrens University may increase your selection rank across the following categories. For details, search for 'adjustment factors' on the Torrens University website.

| | |
|--|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC – For details, go to uac.edu.au/eas Other consideration – To discuss options, call 1300 575 803 |
| Location adjustments For students who live in regional areas | – Automatically applied |
| Elite athlete and performer adjustments | None |
| Subject adjustments For students who achieve a Band 2 or above in three subjects (one related to the field of study) | – Automatically applied – For details, call 1300 575 803 |

**We want your passion.
Not your ATAR.**

We value passionate humans, not perfect performance. So we have removed ATAR as a primary entry requirement, for good. Because we know passion unlocks potential.

Studying at University of Canberra

The University of Canberra is a young, vibrant and energetic university that serves the community of Canberra and the surrounding regions – city to coast, alpine to tablelands. Our home in Canberra is a place where ideas are born, creativity is explored and opportunity is created.

Whether it's solving environmental challenges, meeting the healthcare needs of our community or equipping the leaders of the future, our university is an embodiment of our city. Though our home is in Canberra, our global connections are deep and far-reaching through our research, business connections, alumni networks and partnerships.

With a real-world, practical approach to education and deeply embedded work-based learning, our graduates enjoy an 88 per cent employment rate and higher starting salaries than the Australian university average (ComparED, 2022). Many of our 94,000 alumni hold influential positions in public and private sectors in 120 countries.

Our ambition, talent and drive have seen us rocket up the international rankings, placing us in the top 1 per cent of universities worldwide and the top 10 universities in Australia (Times Higher Education World University Rankings 2022).

We are a leading sports institution with strong ties to elite sporting teams. We also have world-class health facilities, including our integrated health precinct, which provides access to cutting-edge learning and research environments.

Aboriginal and Torres Strait Islander applicants

If you do not meet standard entry requirements you may apply for admission to the UC College Aboriginal and Torres Strait Islander Foundation Program. The university also reserves places in nominated courses in each intake. These places are awarded on merit, including performance in an interview.

If you identify as Aboriginal or Torres Strait Islander when you apply through UAC, you may be eligible to have your selection rank increased: see 'Selection rank adjustments' on the next page.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

The University of Canberra may award **up to 20 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the University of Canberra website.

| | |
|--|---|
| <p>Equity adjustments For students who have experienced long-term educational disadvantage</p> | <p>Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas</p> <p>Aboriginal or Torres Strait Islander applicants Refer to the University Priority Groups below</p> |
| <p>Location adjustments For students who attend a rural or regional school</p> | <p>Refer to the Educational Access Scheme For details, go to uac.edu.au/eas</p> |
| <p>Elite athlete and performer adjustments For elite athletes or sporting coaches whose sporting commitments have affected their academic performance</p> | <p>Refer to the University Priority Groups below</p> |
| <p>Subject adjustments For students who perform well in HSC subjects (or equivalent) related to specific University of Canberra course preferences</p> | <p>– Automatically applied – Excludes preferences to B Physiotherapy and B Midwifery For details, search for 'adjustment factors' at canberra.edu.au</p> |
| <p>University Priority Groups For students from priority groups defined by the university</p> | <p>Aboriginal or Torres Strait Islander applicants – Identify as Aboriginal or Torres Strait Islander in your UAC application</p> <p>Australian Defence Force (ADF) personnel and reservists – Submit a direct application to University of Canberra</p> <p>Elite athlete and performer adjustments – Submit a direct application to University of Canberra</p> <p>For details, including supporting statement and evidence requirements, search for 'adjustment factors' at canberra.edu.au</p> |

Campus tours

A campus tour at the University of New England is a great way to experience the lifestyle of a university student. Campus tours are conducted on Monday and Friday at 9.30am and 1.30pm each week (excluding public holidays) and take approximately two and a half hours. Bookings are essential.

Book a free campus tour online at une.edu.au/campustours or call 1800 818 865.

Important dates

Trimester 1

Monday 27 February to Friday 16 June 2023
Orientation: Monday 20 to Friday 24 February 2023

Trimester 2

Monday 26 June to Friday 13 October 2023
Orientation: Friday 23 June 2023

Trimester 3

Monday 23 October 2023 to Friday 23 February 2024
Orientation: Friday 20 October 2023

Studying at UNE

At the University of New England (UNE), our mission is to help people 'future fit' their life in response to the rapidly changing world in which we live. When you study at UNE you get more than a degree, you get a complete university experience: a vibrant, supportive community, small classes, and easy access to your expert lecturers. This means that you get every opportunity to reach your potential and get the very best start (plus some great memories along the way).

UNE remains one of the few universities to provide the complete on-campus experience, combining affordability, student support and community, as well as extensive sporting facilities. Study with UNE and see why we get the maximum five-star rating from graduates for overall experience and teaching quality in the Good Universities Guide year after year (Good Universities Guide Ratings, 2007 to 2022).

Study online

UNE pioneered distance education back in the 1950s, so we have a lifetime's experience behind us. We now have more than 18,000 online students studying over 150 online courses.

Studying online means that you can access your course content when it suits you. You are not limited to your proximity to the university and can receive your education through a variety of the latest digital technologies. A course might include materials like a set of readings, immersive learning experiences, interactive content, videos, quizzes, forums, and exams — all delivered online.

To make sure your learning can take place when it suits you, UNE provides online facilities which allow you to send questions, submit assignments, order library books, check your results and access other resources 24 hours a day, seven days a week. UNE also pioneered supervised online exams and now all of our exams have transitioned to this mode.

Pathways to study

If it has been a while since you last studied or if you don't have entry qualifications, UNE offers a range of pathways to help get you on your way, including the Pathways Enabling Course, Science Pathways and TRACKS Tertiary Preparation Program for Aboriginal and Torres Strait Islander students.

Our fully online Pathways Enabling Course is the only fee-free uni entry course in Australia that also gives you two free units of credit, which means you'll reduce both the study time and the cost of your undergraduate degree by two units.

Visit une.edu.au/pathways for more information.

International Year 12 students apply directly to UNE.

Aboriginal and Torres Strait Islander applicants

For over 35 years, UNE's Oorala Aboriginal Centre has provided coordinated academic services and study facilities for Aboriginal and Torres Strait Islander students.

Oorala also offers dedicated pathways to Aboriginal and Torres Strait Islander applicants seeking admission to UNE. The Internal Selection Program is a one-day testing and assessment program which focuses on each participant's study skills and career goals. Following an interview, participants are recommended for admission to either

mainstream UNE courses or the TRACKS Tertiary Preparation Program, and advised on suitable alternatives for study in their chosen field.

The TRACKS Tertiary Preparation Program is a flexible, on-campus or online university preparation course that is completely free. The program has been specifically devised to provide Aboriginal and Torres Strait Islander students with the opportunity to access and explore tertiary education, while also developing the skills required for undergraduate study. Successful completion of TRACKS will provide entry into an undergraduate degree program.

Our study mentors will guide you through the TRACKS program, step by step. You can complete your study in your own time at your own pace, allowing you to maintain the support of your connections on country, as well as being part of an online community of students with similar goals and aspirations to you.

To find out more, visit une.edu.au/oorala.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

UNE may award **up to 5 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the UNE website.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Location adjustments For students who live in regional, rural and remote locations | – Automatically applied – Excludes B Laws (3 years), Joint Medical Program and B Music For details, and a link to an eligible postcode look-up tool, search for 'adjustment factors' at une.edu.au |
| Elite athlete and performer adjustments | None For details of UNE's Elite Athletes Program, search for 'Elite Athletes Program' at une.edu.au |
| Subject adjustments | None |

Early offer schemes

| | |
|--------------------------------------|---|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022 |
| UNE Early Entry Direct | Important dates Applications open: Mid-February Applications close: late September 2022 Offers released: Early November |
| | Assessment criteria Your school's assessment of your attributes and abilities. The assessment is based around your ability to work and learn independently, as well as your overall potential for academic success at UNE. |
| | How to apply – Submit a direct application to UNE: go to earlyentry.une.edu.au – Ensure any additional supporting documentation is attached – Your application will be sent electronically to your school for the principal's review. Your school will approve and submit the application to UNE on your behalf before the closing date. |

For the latest course information and detailed admission criteria visit uac.edu.au/une

Get into uni ahead of the pack

UNE Early Entry

UNE Early Entry is open to all Year 12 applicants, whether or not you're expecting to receive an ATAR.

- Get into uni with or without an ATAR.
- No application fees.
- Know in November that you have a place at UNE to relieve the pressure of waiting for results.
- Applying through UNE Early Entry does not prevent you from making another application through a Tertiary Admissions Centre so it's a great way to increase your chances of getting into the course you want.

Apply now to secure your place for 2023

Semester 2

starts Monday 17 July 2023

Mid-semester recess

Monday 25 September to Friday 6 October 2023

Exams

Monday 30 October to Friday 10 November 2023

Studying at University of Newcastle

We take education outside the classroom and beyond the textbooks. Our strong partnerships with local and global organisations ensure everything you study is shaped by the real world. Whether you study at our Newcastle (Callaghan and City), Central Coast (Ourimbah and Gosford) or Singapore campus, access to internships, work experience and industry connections is embedded in all our degrees.

When it comes to lifestyle, you can't go wrong. Think stunning beaches, public art, a buzzing music scene, chilled-out cafes, eclectic markets, micro-breweries and small bars. The people are friendly, and the coffee culture is taken seriously. If sports are your thing, make sure you experience the excitement of an A-League or NRL game.

Maybe you're keen to take your studies around the world? With more than 100 partner universities spanning all major continents, we've got you covered.

Or, if you're not quite sure whether attending university is possible for you – we hear you. Helping people access higher education is in our DNA.

We're proud to be the largest provider of enabling programs in Australia. So, if you don't quite get the marks you expect, or financial stress is holding you back, get in touch with us.

We also offer hundreds of scholarships to support our Indigenous students, students with educational or financial disadvantage, elite athletes, students who have achieved academic excellence and many more.

Need a place to stay? Take advantage of our award-winning student accommodation. Living on-campus is ideal if you're looking to meet new friends, get involved with social activities and have access to countless amenities.

So take the leap. Choose a university that embraces new technologies and pushes boundaries. That connects you with industry and helps you stand out in the crowd. Graduate ready to make an impact.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander students are enrolled in a variety of degrees and preparatory courses across the University.

Aboriginal and Torres Strait Islander applicants who wish to access university entry pathways will be invited to the University to participate in an interview prior to admission. Applicants may gain direct entry or be advised to undertake an enabling program offered through the University's Pathways and Academic Learning Support Centre.

For more information, visit newcastle.edu.au/our-uni/indigenous-collaboration/the-wollotuka-institute/study-with-us/entry/admission-schemes/atsi-admission-scheme.

For the latest course information and detailed admission criteria visit uac.edu.au/uon

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to pages 27 to 28 for an explanation of how selection rank adjustments work.

The University of Newcastle may award **up to 12 adjustment points** in total across the following categories. For details, search for 'selection ranks and entry schemes' on the UON website.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Schemes (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Location adjustments For students who attend school in selected regions | Regional and Rural Adjustment Scheme – Automatically applied For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes |
| Elite athlete adjustments For verified elite athletes | – Submit an application directly to NUSport at the University of Newcastle For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes |
| Subject adjustments For students who perform well in HSC subjects related to their Newcastle course preferences | Year 12 Adjustment Scheme - Automatically applied For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes |

Early offer schemes

| | |
|---|---|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022 |
| Indigenous and Refugee Law Early Entry Program For Indigenous and refugee HSC students applying for entry to 483100 B Laws (Honours) Combined | Important dates List 483100 B Laws (Honours) Combined as a UAC preference: Midnight 11 September 2022 Submit direct application to Newcastle Law School: Midnight 11 September 2022 Offers released: 7 October 2022 (October Round 1) Assessment criteria – Strong performance across Year 11 – School recommendation – Selection interview For details of requirements, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes How to apply – List 483100 B Laws (Honours) Combined as a UAC preference – Submit direct application to Newcastle Law School by midnight 11 September 2022 : go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes |
| Year 12 Subject Spotlight Your performance in your Year 12 subjects is matched to related degrees | Important dates Eligible applicants notified between the release of HSC results and the deadline for close of preferences for December Round 2 (16 December 2022) Offers released in December Round 2 (22 December 2022) Assessment criteria Strong performance in HSC English and at least one other subject related to your degree. View requirements at newcastle.edu.au/study/undergraduate/getting-in/entry-schemes How to apply No separate application required. Apply via UAC |

Details of selection rank adjustments and early offer programs are subject to change.

Semester 2

Monday 24 July to Saturday 18 November 2023

Orientation week

Monday 17 to Friday 21 July 2023

Studying at Notre Dame University

You are the new generation of ethical leaders. Navigate your future with an ethical education.

At the University of Notre Dame Australia, we're here to empower you to make a difference through our unique holistic approach to education. You are immersed in an intellectual tradition that has inspired the world's best thinkers for centuries and our lecturers are industry professionals and leaders in their field who guide you to realise your academic potential. In addition, our degrees offer practical, career-focused learning which combines theoretical knowledge and workplace experience, as well as a strong foundation in ethics, to help ensure you graduate job-ready. It's why we are the number one university in Australia for Overall Employment of graduates (QILT 2021 Graduate Outcomes Survey – Longitudinal (medium term outcome), undergraduate category).

Notre Dame is a national university with 12,000 students across our campuses in Sydney, Fremantle and Broome. Our Sydney campuses are centrally located in the vibrant inner-city hubs of Chippendale and Darlinghurst, which are close to public transport, a wide variety of cafes and restaurants, and Sydney's central business district – so our students are always at the heart of the action.

Notre Dame's admissions process goes beyond just academic results and is – like the Notre Dame study experience – focused on the whole person. We consider your:

- academic record
- personal qualities
- gifts and talents
- motivation to study
- contribution to community life.

Aboriginal and Torres Strait Islander applicants

Notre Dame is committed to providing Aboriginal and Torres Strait Islander students with the support needed to succeed in their university studies and beyond.

Commencing students have the opportunity to participate in our Aboriginal and Torres Strait Islander Mentoring Program. In your first semester, your Aboriginal peer mentor will help you to navigate university, answer any questions that you have and be a friendly face around campus.

As a Notre Dame student, you will have access to the Indigenous Student Success Program, a government-funded program which enables us to offer tutorial assistance to Aboriginal and Torres Strait Islander students in need of additional support.

You will also have the opportunity to gain practical work experience through industry internships with our partner, CareerTrackers.

For further information visit notredame.edu.au/indigenous-support.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Notre Dame may increase your selection rank by **up to 10 points** in total across the following categories. For details, visit notredame.edu.au/study/how-to-apply/adjustment-factors.

| | |
|---|---|
| <p>Individual factor adjustments</p> <p>Applicants are considered for more than their academic record alone</p> | <p>You are invited to provide details of personal qualities, experience and contribution to community life by submitting an Individual Factors form along with your application: notredame.edu.au/forms/applying-to-notre-dame-individual-factors</p> <p>The number of points awarded depends on the level of your contributions</p> |
| <p>Equity adjustments</p> <p>For students who have experienced significant educational or other disadvantage due to circumstances beyond their control</p> | <p>Educational Access Scheme (EAS)</p> <ul style="list-style-type: none"> – Submit an EAS application via UAC. You will need to provide supporting documents – The number of points awarded depends on the level and/or severity of disadvantage experienced <p>For details, go to uac.edu.au/eas</p> |
| <p>Location adjustments</p> <p>For current and recent school leavers who live, or have attended school, in designated areas</p> | <p>Adjustment points automatically applied:</p> <ul style="list-style-type: none"> – if the area you live in or attended school in is classified as being of socio-economic or socio-educational disadvantage – if you attended a school in an area classified as rural or regional |
| <p>Elite athlete and artistic performer adjustments</p> <p>For athletes who compete at – and performers who have had success at – a state, national or international level</p> | <p>At the time of application, clearly indicate and provide evidence that you are an elite athlete or performer. This can be indicated in your Individual Factors form and evidenced by uploading supporting documents.</p> |
| <p>Subject adjustments</p> <p>For current and recent school leavers who achieve outstanding results in school subjects that are relevant to their chosen program at Notre Dame</p> | <ul style="list-style-type: none"> – Adjustment points automatically applied, depending on the level of results achieved <p>For a list of the school subjects considered, along with the results and their respective adjustment points across different Notre Dame disciplines, visit notredame.edu.au/study/how-to-apply/adjustment-factors</p> |
| <p>University Priority Groups</p> <p>For students from priority groups defined by the university</p> | <p>Aboriginal and Torres Strait Islander applicants</p> <ul style="list-style-type: none"> – Identify as Aboriginal or Torres Strait Islander in your UAC application – Adjustment points automatically applied <p>Australian Defence Forces (ADF) personnel</p> <ul style="list-style-type: none"> – Identify as a member of the Australian Defence Forces in your UAC application – Adjustment points automatically applied |

Studying at University of Sydney

The Sydney undergraduate experience prepares you for a future full of possibilities. Our flexible degrees enable you to find a study path that is right for you.

Choose from a range of professional, specialist or liberal studies, and combined and double degrees. With more than 100 majors and minors you can broaden your skills or follow your interests and add multidisciplinary knowledge outside your primary degree. No matter what you study, you'll have the opportunities and support to take on internships or placements with industry-leaders and graduate ready for work.

Through our Dalryell Scholars stream for high-achieving students, as well as our Bachelor of Advanced Studies combined degree program, you can extend your degree with advanced learning and tailored opportunities to stand out from the crowd.

We offer an extensive study abroad and exchange program, allowing you to take advantage of opportunities from all over the world.

Join the University of Sydney and discover why we are number one in Australia and fourth in the world for graduate employability in the QS Graduate Employability Rankings 2022, and why we are ranked 38th globally in the QS World University Rankings 2022.

Aboriginal and Torres Strait Islander applicants

The University of Sydney is committed to supporting Aboriginal and Torres Strait Islander students to succeed in their higher education journey. Any course we offer (excluding block-mode and away-from-base courses) can be studied through the Gadigal Program, an admissions pathway and support program. If you are younger than 21, you need to have completed the HSC or equivalent but are not required to have an ATAR.

Submit your Gadigal Program application via your course application through UAC.

For more information, visit gadigal.sydney.edu.au.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

The University of Sydney does not accumulate points across the following categories. You will be awarded the points that benefit you the most.

| | |
|---|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Schemes (EAS)/Broadway Scheme <ul style="list-style-type: none"> – Submit an EAS application via UAC – Depends on course demand, availability of courses and severity of the disruption to your studies – Excludes Medicine double degrees, B Science/Doctor of Dental Medicine, B Oral Health |
| Location adjustments | None |
| Elite athlete and performer adjustments For athletes or performers whose rehearsal, training and/or competitive commitments have significantly impacted their Year 12 studies | <ul style="list-style-type: none"> – Submit two applications: <ul style="list-style-type: none"> • your UAC application • a separate application form (and supporting documentation) for the Elite Athletes and Performers Scheme: visit sydney.edu.au/admission-pathways |
| Subject adjustments For students who have achieved Band 5 or 6 in English Advanced or Mathematics Advanced (or E4 in extension courses) | Academic Excellence Scheme <ul style="list-style-type: none"> – Automatically applied |

Early offer schemes

| | |
|--------------------------------------|---|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022 The SRS application does not take effect on its own; you must complete all components of the E12 application. |
| E12 (via SRS application) | <p>Important dates</p> <p>SRS/E12 applications close: 19 September 2022 Do not remove your E12 course from your preferences after this date Conditional offers released: November 2022 Unconditional offers released: December 2022</p> <p>Assessment criteria</p> <ul style="list-style-type: none"> – EAS application – SEIFA index – E12 questions – SRS application <p>Tip: If your residential address lies within the lowest 25% of the SEIFA index, you will receive an email to this effect the day after you complete your UAC application for undergraduate admission. You will then know if you have met this criterion.</p> <p>How to apply</p> <ul style="list-style-type: none"> – Check that you meet the E12 eligibility criteria for admission (financial hardship + SEIFA index lowest 25%), choose an E12-eligible course and download the E12 application questions: search for 'early offer Year 12 scheme' at sydney.edu.au – Talk to your principal and careers adviser about applying for E12 – Complete your UAC undergraduate application and include your E12-eligible course as a preference – Apply for EAS at the end of your UAC application (financial hardship disadvantage F01A, F01B, F01C or F01D) – Apply for SRS at the end of your UAC application or via the UAC website and upload your answers to the E12 question |

Orientation: Monday 13 to Friday 17 February 2023
Calendar: Monday 20 February to Saturday 1 July 2023

Spring session

Main calendar

Orientation: Monday 31 July to Friday 4 August 2023
Calendar: Monday 7 August to Saturday 2 December 2023

Spring D (Education)

Calendar: Monday 17 July to Saturday 25 November 2023

Summer session (10 weeks)

Orientation: Monday 28 November to Friday 2 December 2022
Calendar: Monday 5 December 2022 to Friday 17 February 2023

Studying at UTS

UTS is a city university, like no other. Located in the heart of Sydney, there are lots of reasons why we're Australia's #1 young university and #11 in the world¹. Here are just a few.

We're changing the game

True innovation is a catalyst for change – and at UTS, it's part of our DNA. When you study with us, we'll help you imagine new ways of creating and doing, rather than being driven by the status quo. We're also building innovation and entrepreneurship opportunities into our courses and extracurriculars to prepare you for a truly disruptive career.

We've got our sights set on the future

We pride ourselves on staying ahead of the curve. We're constantly adding, changing and adapting our courses to meet the needs of the future workforce – and we take the same approach to your learning, too. We'll equip you with the expertise to pursue a career, not just a job, as well as the agility to apply your skills in more than one field.

We're getting hands on with technology

We're a university of technology in more than just our name: we see tech as a tool to drive transformational learning. Engage with the tools that are shaping your profession and study in digital learning environments that have tech at their core. You'll emerge ready to thrive in an increasingly digital world, no matter which profession you pursue.

We're building networks that matter

We're known as the most industry focused uni in the Sydney metro region (RepTrak Survey 2019) – and when you leverage our industry connections for your own professional gain, you'll understand why. Engage with industry-relevant curriculum, access internships and work placements and soak up case studies and guest lectures delivered by leaders in your field.

¹ QS Top 50 Under 50 2021

Aboriginal and Torres Strait Islander applicants

The Jumbunna Institute for Indigenous Education and Research provides support and access to all Australian Aboriginal and Torres Strait Islander applicants who would like to study at UTS via the Jumbunna Pathways Program.

In collaboration with UTS College, a number of tuition-free scholarships are available to applicants of the Jumbunna Pathways Program. Upon successful completion of the UTS College diploma program (and depending on your grade point average and chosen degree), you will be offered a place in an undergraduate degree at UTS.

For further information, visit uts.edu.au/future-students and select 'Indigenous Australians'.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

UTS may award **up to 10 adjustment points** for Business courses and **up to 13 adjustment points** for courses in Design, Architecture and Building, Engineering and IT. For details go to uts.edu.au/admission-schemes.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) <ul style="list-style-type: none"> – Complete an EAS application via UAC – Must achieve a min. ATAR of 69.00 (80.00 for Law) For details, go to uac.edu.au/eas |
| Location adjustments | None |
| Elite athlete and performer adjustments For students whose studies have been impacted by representing their school or state at a national level competition/event | <ul style="list-style-type: none"> – Submit an Elite Athletes and Performers application directly to UTS For details, search for 'admission schemes' at uts.edu.au |
| Subject adjustments For students who perform well in HSC subjects related to specific UTS courses | <ul style="list-style-type: none"> – Automatically applied – Min. ATAR (or equivalent) of 69.00 required – Excludes courses from the Faculty of Law and Health, and Education courses from the Faculty of Arts and Social Sciences |
| Work experience adjustments For applicants with work experience relating to your course of interest | <ul style="list-style-type: none"> – Automatically applied – For select courses In Business, Criminology, Engineering, Information Technology and Science For details, search for 'admission schemes' at uts.edu.au |

Early offer schemes

| | |
|--------------------------------------|---|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022 |
| Early Entry Program | Designed for high-achieving school students, the UTS Early Entry Program allows you to secure a place in your preferred UTS degree based on your Year 11 academic achievements Applications are direct to UTS. For more information on how to apply, visit uts.edu.au/early-entry |

Northfields Avenue, Gwynneville NSW 2522

Open days

Liverpool

Saturday 30 July 2022

Wollongong

Saturday 6 August 2022

See our campus for yourself and have all your questions answered by University of Wollongong (UOW) experts. Learn more about our world-class programs and facilities and see why UOW is ranked the number one university in NSW overall, as chosen by students¹. Visit uow.edu.au/openday for the details.

Campus tours

Spend some time at UOW and take a guided tour of either Wollongong or Liverpool campus. Our tours are run by current students who will answer all your questions about study and student life. Tours of UOW's student accommodation can be included in Wollongong campus tours. Book online at uow.info/campustours.

If you can't visit our campuses but would like to look around, take a virtual tour of our grounds and facilities anytime at uow.info/virtual-tours.

Important dates

First session

Starts Monday 27 February 2023

Orientation

Tuesday 21 to Thursday 23 February 2023

Mid-year recess

Monday 26 June to Friday 21 July 2023

Second session

Starts Monday 24 July 2023

Orientation

Monday 17 July 2023

Studying at University of Wollongong

Consistently ranked in the top 200 universities in the world for the quality of our graduates,¹ the University of Wollongong (UOW) focuses on teaching the specialist knowledge and skills you need to solve tomorrow's challenges.

Our approach emphasises practical experience and hands-on learning, inspiring you to follow your passions, stand for purpose and connect with the brightest minds across the globe. As a result, you'll gain an edge in a competitive job market by graduating with the tools necessary to solve complex social, environmental and economic issues. In fact, UOW graduates are ranked the best employees in Australia.²

University is a time to find yourself and become more independent. With many opportunities for development, fun and self-discovery, you'll quickly find your place and your people at UOW. Live out the student experience at UOW's safe, vibrant and open campuses. With a five-star rating for skills development,³ we offer the tools and support to succeed and a campus life like no other. We're proud to continue to provide the high-quality learning, teaching and support services that we're known for, whether it's face-to-face or online.

UOW has nine campus locations across NSW, plus a growing reach of international campuses and partner institutions. So, wherever you choose to study, you'll be joining a global community of learning.

Advanced study programs are also available for high achieving students, offering self-directed study and research opportunities – the kind not generally available to undergraduate students. Our tailored programs encourage high achievers to foster their passion, strive for excellence and reach their full potential.

Ranked among the world's top 20 modern universities,⁴ study with UOW earns you a globally recognised and respected degree – your passport to a world of opportunity.

2. QILT Employer Satisfaction Survey 2021

3. Good Universities Guide 2022

4. QS Top 50 Under 50 2021

Aboriginal and Torres Strait Islander applicants

UOW's Indigenous Admissions Program, run by the Woolyungah Indigenous Centre (WIC), is an assessment process offering an alternative pathway for Aboriginal and Torres Strait Islander people over the age of 17 seeking entry into our undergraduate programs.

WIC is a dedicated space on our Wollongong campus for Aboriginal and Torres Strait Islander students. Blending culture and the surrounding Dharawal country, the centre provides academic support, internships, career advice and a sense of community at UOW.

For more information and to apply via this pathway, visit uow.info/WIC or call (02) 4221 3776.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

UOW may award **up to 11 adjustment points** in total across the following categories. For details, visit uow.edu.au/study/high-school/apply.

| | |
|--|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, visit uac.edu.au/eas |
| Location adjustments For students who attend school in UOW's catchment area or in regional and remote areas | Completing the HSC at a school in UOW catchment area or regional NSW – Automatically applied Adjustments are based on the school attended. To check if your school is eligible, visit uow.info/catchment-adjustments Applicants for B Pre-Medicine, Science and Health – Applies to students living in regional or remote areas defined by the Australian Statistical Geographical Classification – Remoteness Area (ASGC-RA) (abs.gov.au) – Automatically applied For more information visit uow.info/atar-admission |
| Elite athlete and performer adjustments | For the latest information, visit uow.edu.au/study/high-school/apply |
| Subject adjustments For students who perform well in HSC subjects related to specific UOW course preferences | – Automatically applied For details, visit uow.info/subject-adjustments |

Early offer schemes

| | |
|------------------------|--|
| Early Admission | Important dates Applications open: July 2022 Applications close: August 2022 |
| | Assessment criteria – On track for an ATAR, IB or equivalent – Year 11 and 12 results, including trial results – Responses to questions in your application addressing the themes of academic readiness, motivation and passion, planning and persistence, communication and collaboration – Interview and/or registered attendance at an Early Admission Day |
| | How to apply Submit a direct application to UOW. Visit uow.info/early |

For the latest course information and detailed admission criteria visit uac.edu.au/uow

Saturday 20 August 2022

Important dates

Term 1

Monday 13 February to Thursday 11 May 2023

Study period: Saturday 22 to Thursday 27 April 2023

Exams: Friday 28 April to Thursday 11 May 2023

Term break: Friday 12 to Sunday 28 May 2023

Term 2

Monday 29 May to Thursday 24 August 2023

Study period: Friday 5 to Thursday 10 August 2023

Exams: Friday 11 to Thursday 24 August 2023

Term break: Friday 25 August to Sunday 10 September 2023

Term 3

Monday 11 September to Thursday 7 December 2023

Study period: Saturday 18 to Thursday 23 November 2023

Exams: Friday 24 November to Thursday 7 December 2023

Studying at UNSW Sydney

UNSW Sydney helps you discover your potential and make a positive difference in the world. Our community challenges you to turn your interests into world-changing ideas by helping you build the skills, experience, knowledge and connections to make it happen.

As one of the world's top 50 universities (QS World University Rankings 2022), our learning experience provides the best hands-on opportunities, work-integrated learning and extracurricular activities so you can uncover your strengths while working towards your degree. Located just 7 kilometres from Sydney's CBD and close to Coogee and Bondi Beach, UNSW is one of Australia's most cosmopolitan universities – with over 60,000 students from 135 countries.

UNSW's 3+ academic teaching calendar – made up of three 10-week teaching terms and an optional intensive summer term – offers you flexibility and time to pursue professional development opportunities in Australia and overseas. These experiences set you up for career success, with more of our undergraduate students finding full-time employment and earning higher salaries than any other Group of Eight university (QILT Graduate Outcome Survey 2021).

Our six faculties combine world-leading researchers and educators to offer a wide range of study areas. You'll learn the latest industry applications and push the boundaries of your field, being mentored by renowned minds to learn innovations in practice and theory. You'll realise your ideas by putting this thinking into doing, with access to facilities, business leaders and real-world situations that will prepare you for industry.

We're committed to taking actions today that create a more positive tomorrow. UNSW leads the way towards a more sustainable future, pioneering renewable power and materials in our research and actioning this on campus by switching to 100 per cent renewable electricity and plastic-free dining. Our community is pushing boundaries and solving today's biggest challenges; that's why we're home to more top-rating research than any other Australian university in the current Excellence in Research for Australia Report.

Aboriginal and Torres Strait Islander applicants

UNSW offers entry programs specifically for Indigenous Australians. The entry pathway program you apply for will depend on the degree you want to study. Throughout these programs you will be assessed on your commitment, attitude and aptitude towards your studies and your ability to participate academically in your selected discipline.

UNSW Indigenous Preparatory Programs (Pre-programs)

The Pre-program for Business, Education, Law, Medicine, Science and Engineering, and Social Work for Aboriginal and Torres Strait Islander people is a four-week residential program that involves participation in lectures, tutorials, group work, social activities, exams and assessments. Selection for the program is based on the submission of an application. For more information, visit nuragili.unsw.edu.au/preprograms.

UNSW Indigenous Admission Scheme (IAS)

IAS is an entry pathway administered by Nura Gili in conjunction with the UNSW Admissions Office. Entry to UNSW through this program means consideration is given

to an applicant's relevant life, work, educational and training experience as preparation for study. You can apply if you have not completed school or achieved a requisite ATAR score for entry into your preferred course of study. This admission scheme is designed to assess your capacity to study at a tertiary level in your preferred area of study.

IAS is only open for degree programs outside of our Indigenous Pre-programs. For further information, visit indigenous.unsw.edu.au/future-students/pathways-unsw/indigenous-admission-scheme.

Enabling programs for Aboriginal and Torres Strait Islander people

Enabling programs for Aboriginal and Torres Strait Islander People are one-year programs that provide a pathway into academic study in Law or Arts and Social Sciences. It is for Aboriginal and Torres Strait Islander students who may need to gain further knowledge in their selected discipline or better prepare themselves for university. For more information, contact Nura Gili: indigenous.unsw.edu.au/about/contact-us.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

UNSW awards adjustment points across the following categories. For details, search for 'adjustment factors' on the UNSW website.

| | |
|---|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS)/UNSW ACCESS Scheme – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Elite athlete and performer adjustments For students who have excelled in areas of sport, academia, leadership and/or music at an elite level | UNSW Elite Athletes, Performers and Leaders (EAPL) Program – Submit an application direct to UNSW For details, go to futurestudents.unsw.edu.au/adjustment-factors-eapl |
| Subject adjustments For students who perform well in Year 12 subjects relevant to specific UNSW course preferences | HSC Plus – Automatically applied For details, go to futurestudents.unsw.edu.au/adjustment-factors-hsc-plus |

Early offer schemes

| | |
|---|---|
| UNSW Gateway Admission Pathway and Program | The Gateway Admission Pathway is an early conditional offer to UNSW for Year 12 students that is administered through the UAC Schools Recommendation Scheme. It significantly adjusts the ATAR requirements for your preferred UNSW degree and provides you with an early conditional offer to UNSW. You are eligible to apply if you are in Year 12 and receiving an ATAR and either: <ul style="list-style-type: none"> – attend a Gateway school or – are identified by UAC as eligible for the Educational Access Scheme based on SEIFA consideration. For more information visit futurestudents.unsw.edu.au/unsw-gateway-early-offer |

Studying at UNSW Canberra – ADFA

UNSW Canberra at the Australian Defence Force Academy (ADFA) is the Canberra-based campus of UNSW Sydney (University of New South Wales). ADFA is a unique partnership between the Australian Defence Force and UNSW Canberra, providing training and education for future leaders of the Australian Defence Force.

Students can apply to be considered under the Defence Civilian Undergraduate Sponsorship scheme into Engineering, and Computing and Cyber Security degree programs.

Additionally, UNSW Canberra also provides education to non-Defence applicants pursuing studies in Engineering.

International students cannot apply to ADFA.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander applicants should contact Student Administrative Services on (02) 5114 5000 or email sas@adfa.edu.au.

Early offer schemes

There are no UNSW Canberra early offer schemes.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

UNSW awards adjustment points across the following categories. For details, search for 'adjustment factors' on the UNSW ADFA website.

| | |
|---|--|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Schemes (EAS)/UNSW ACCESS Scheme – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Elite athlete and performer adjustments For students who have excelled in areas of sport, academia, leadership and/or music at an elite level | UNSW Elite Athletes, Performers and Leaders (EAPL) Program – Submit a direct application to UNSW For details, go to futurestudents.unsw.edu.au/adjustment-factors-eapl |
| Subject adjustments For students who perform well in Year 12 subjects relevant to specific UNSW course preferences | HSC Plus – Automatically applied For details, go to futurestudents.unsw.edu.au/adjustment-factors-hsc-plus |

For the latest course information and detailed admission criteria visit uac.edu.au/unsw-adfa

Studying at Western Sydney University

Western Sydney University prides itself on challenging the traditional notion of what a university should be. We are deeply embedded in the community and the region we serve – Australia's fastest growing economy.

We are dedicated to ensuring our students enjoy a dynamic learning experience. From our award-winning, tech-infused vertical campuses in Western Sydney's growing CBDs, to the forward-focused new teaching methodologies, we ensure you are well prepared for the future.

Western Sydney University is also a research leader – the result of focused investment in its research strengths and facilities. We see learning and research as connected aspects of the student experience. We work with regional, national and international partners to deliver research that has a positive impact on the economic, social and environmental wellbeing of our communities.

At Western we demonstrate our pledge to students with our unique early offer program, HSC True Reward. We recognise that you are more than your ATAR so we focus instead on your strongest skills and the subjects in which you excel. At Western we make early offers into many of our degrees based your Year 11 or Year 12 results in the subjects that matter most to your chosen degree.

For high achievers, The Academy at Western Sydney University is a program that challenges our students to think differently and cultivates leadership skills. We empower our students with professional and personal experiences so they can influence change locally and globally.

With more than 200,000 highly respected alumni, we offer the benefits of a dynamic, culturally rich and globally aware graduate community.

With a modern outlook, Western has an agile and contemporary take on traditional higher education offerings, affording students, both international and Australian-based, significant advantages and unique opportunities.

Selection rank adjustments

Your selection rank for a course is your ATAR plus adjustment points awarded by the institution. Adjustment points will make you more competitive for an offer to the course. You will not be notified of the number awarded to you. Refer to [pages 27 to 28](#) for an explanation of how selection rank adjustments work.

Western Sydney University may award **up to 10 adjustment points** in total across the following categories. For details, search for 'adjustment factors' on the WSU website.

| | |
|---|---|
| Equity adjustments For students who have experienced long-term educational disadvantage | Educational Access Scheme (EAS) – Submit an EAS application via UAC For details, go to uac.edu.au/eas |
| Location adjustments For students living or studying in the Western Sydney region | – Automatically applied To check if your postcode is included, search for 'regional bonus points' at westernsydney.edu.au |
| Elite athlete and performer adjustments For athletes and performers whose commitments have impacted their Year 12 studies | – Submit a direct application to Western: search for 'Elite Athletes or Performers Scheme' at westernsydney.edu.au |
| Subject adjustments For Band 5 or 6 (and small range of Band 4) results in any HSC or IB subjects relevant to the degree you want to study | – Automatically applied For details, search for 'subject bonus points' at westernsydney.edu.au |
| Australian Defence Force/Veteran Programs adjustments Western Sydney University is proud to support currently serving Australian Defence Force members and previously serving veterans in their transition to study and balancing service or post-discharge requirements throughout their education | Automatically applied to eligible applicants Support is also available for: <ul style="list-style-type: none"> – enrolment – student club and dedicated Student Veteran Program – health clinic and psychology services – welfare services, including counselling and disability support – study and career transition services |

Early offer schemes

| | |
|--------------------------------------|--|
| Schools Recommendation Scheme | Apply via UAC. Applications close 19 September 2022 |
| HSC True Reward | Important dates Applications open: April 2022 Applications close: December 2022 Offers released: December 2022 For details go to westernsydney.edu.au/hscruereward |
| | Assessment criteria Depending on the undergraduate degree you choose, you need to meet a specified HSC band outcome in nominated courses. Some degrees are excluded from this program. |
| | How to apply Apply via the Western Sydney website |

Aboriginal and Torres Strait Islander applicants

In addition to applying through UAC, Aboriginal and Torres Strait Islander applicants may wish to be considered for entry through the Aboriginal and Torres Strait Islander Pathway Program.

The Pathway Program will be delivered virtually, with assessments and an interview component completed online.

We accept applications throughout the year with assessment workshops scheduled in:

- August (2023 commencement)
- November (2023 commencement).

For more information, visit westernsydney.edu.au/pathwayprogram or call our friendly student support team on 1300 897 669.

For the latest course information and detailed admission criteria visit uac.edu.au/ws

Western Sydney University

Diploma programs are delivered by Western Sydney University The College under arrangement with Western Sydney University.

Courses offered at Western Sydney University Sydney City campus are delivered on behalf of Western Sydney University by SIBT (CRICOS provider number 01576G).

Refer to [page 58](#) for an explanation of abbreviations and selection ranks.

The graphic features the UAC logo in the top left corner. Below it, the text "Looking for a course?" is displayed in a large, white font on a dark blue background. To the right of this text is a magnifying glass icon. Below the main text, it says "Go to UAC's course search at:" followed by a search bar containing the URL "uac.edu.au". On the right side of the graphic is a laptop displaying the UAC course search website interface, which includes a search bar, filters, and a list of course results.

Apply direct institutions

| | |
|--|-----|
| <u>Academy of Interactive Entertainment</u> | 189 |
| <u>Academy of Music and Performing Arts</u> | 191 |
| <u>Australian Institute of Music</u> | 193 |
| <u>Endeavour College of Natural Health</u> | 195 |
| <u>JMC Academy</u> | 197 |
| <u>Wentworth Institute of Higher Education</u> | 199 |
| <u>William Angliss Institute</u> | 200 |

Introduction

The institutions in this section manage their own admissions. UAC does not process applications to these institutions.

Each institution's entry includes general information and a list of available courses. Full course descriptions are published on the [UAC website](#).

Reading the course lists

Course name

| | |
|----------|--------------------|
| B | = Bachelor |
| M | = Master |
| Dip | = Diploma |
| AdvDip | = Advanced Diploma |
| AssocDeg | = Associate Degree |

Fee type

The fee type indicates how much you pay towards the cost of the course. The two main types of courses for domestic students are:

| | |
|------|--|
| DFEE | = domestic fee-paying (not subsidised – you pay the full cost of the course) Most courses offered at apply direct institutions are DFEE. |
| CSP | = Commonwealth-supported place (subsidised by the Australian Government) |
| OTH | = Domestic fee-paying with no government loan scheme for students |

All international students pay the full cost of their course.

Course code

Each course is given a UAC identification code. This code is for use on UAC's online course search only. You do not apply for this course through UAC or use this code when you apply directly to the institution.

Duration

| | |
|--------|--|
| 3F | = 3 years of full-time study |
| 6P | = 6 years of part-time study |
| 3F/EqP | = 3 years of full-time or equivalent part-time study |

Find your way to uni

Course Compass draws on the experience of over 100,000 recent UAC applicants to show you paths taken by students just like you.

Important dates

2023 applications open on Monday 2 May 2022.

Studying at AIE

The Academy of Interactive Entertainment (AIE) is Australia's most awarded 3D animation, game development, virtual production and visual effects educator. Created as a non-profit organisation to grow the creative digital sector, AIE pioneered the development of specialist game qualifications and continues to innovate through industry partnerships and dynamic teaching. AIE courses are practical, career-focused and delivered by industry-experienced teachers in a seriously fun and creatively demanding studio environment.

AIE offers specialist training in computer game development (art, design and programming), film, virtual production and visual effects, supporting the Australian digital creative industries, which continue to grow faster than any other entertainment or content sector. All AIE's certificate and advanced diploma programs are nationally accredited and recognised through the Australian Qualifications Framework.

AIE graduates can be found working around the world at major games, animation and visual effects studios: Animal Logic, ILM, Weta Digital, Epic Games, Mighty Kingdom, Ubisoft, Wargaming and Rockstar. Our graduates have been credited on blockbuster games including GTA V, Destiny and Gears of War 5 and their short films have featured in film festivals around the world. AIE graduates have worked on blockbuster films and TV shows, including *Spiderman: No Way Home*, *The Lego Movie* and *Loki* as well as AIE's funded feature films *Blue World Order*, *The Furies* and *Sissy*.

The software, production process and knowledge involved in the development of games, film and visual effects production mirrors activity in technology-driven industries from engineering, architecture and urban planning to defence simulation and biotechnology. AIE graduates are just as likely to be hired by a games or film studio as they are for a software development team working within Australia's biggest finance companies.

Studying at AMPA

The Academy of Music and Performing Arts (AMPA) is an innovative independent institution leading the way in tertiary education for performing arts in Australia.

With its uniquely personal approach and highly selective admission criteria, AMPA commits to providing the highest quality in undergraduate and postgraduate performing arts degrees. Focus areas include music (contemporary, jazz and classical), dance (contemporary, ballet, jazz and hip hop), and music theatre and composition/music production.

The institution’s supportive and collaborative community environment encourages students to pursue excellence in all aspects of their academic, practical and creative study. AMPA equips talented artists with the skills essential to succeed as musicians, dancers, performing artists, composers, producers, choreographers, directors, teachers and industry professionals in Australia and around the world.

Studying at AIM

The Australian Institute of Music (AIM) is the only private tertiary college in Australia dedicated exclusively to the pursuit of excellence in music and helping you on the path to a fulfilling career in the music industry.

Our programs include undergraduate certificates, the Bachelor of Music, Bachelor of Entertainment Management as well as postgraduate degrees, and are specifically designed to educate the next generation of artists and music industry professionals.

At AIM we know that industry and practical experience matter – that's why our academics are all music industry professionals who will help ensure you receive an education that's current and relevant. We provide opportunities for you to mix and mingle with industry through a series of industry-focused events, and we also provide opportunities for workplace learning.

We also offer you the chance to be involved in the release of high-quality recorded material through our student-led record company – to take part in gigs and events held on and off campus and perform in our showcase.

With campuses in central Sydney and Melbourne, you'll have access to AIM's world-class facilities during and after completion of your study.

At AIM you'll be part of a thriving student community, an industry-connected organisation and a faculty dedicated to bringing out your best work. This will help you start developing a network of music professionals that you'll remain connected with as you commence your music career.

We understand that you want a mix of musical experiences. Because we're dedicated to music, we're able to offer a wide range of electives to complement your main area of study.

If you want to pursue further a career in music, start working on your industry connections and take your skills to the next level, AIM is the place to be.

For course information, how to apply and enrol, visit aim.edu.au.

Studying at Endeavour

At Endeavour College of Natural Health, we're committed to the future and success of natural health both in Australia and internationally. Our purpose is to educate first-rate professionals who are perfectly positioned to service the thriving health and wellness sector.

Endeavour College of Natural Health offers five bachelor degree programs in Naturopathy, Nutritional and Dietetic Medicine, Acupuncture Therapies, Chinese Medicine, and Complementary Medicine, as well as three diplomas: our HLT52015 Diploma of Remedial Massage, Diploma of Health Science, and Diploma of Health Science (Chinese Remedial Massage). In addition, Endeavour College offers an HLT42015 Certificate IV in Massage Therapy and four undergraduate certificates. Endeavour College offers a range of scholarship opportunities for new domestic students, including school leavers, Aboriginal and Torres Strait Islander peoples and full-time students in select courses.

Each campus hosts a fully equipped student clinic which is open to the public and provides a variety of affordable, natural healthcare treatments. At these clinics, students gain significant clinical experience under the supervision of qualified practitioners.

It's an exciting time to become more involved in the dynamic and booming natural health industry. There's never been such high demand in Australia for natural health practitioners and the range of industries employing our professionals continues to grow. We believe that more than half of the job types available to health and wellness professionals of the future are yet to be invented. This means your wellness career could take exciting turns you could never have predicted.

We are committed to advancing the future of natural medicine by ensuring our graduates are equipped with a competitive edge to become leaders in their chosen fields of practice.

Studying at JMC Academy

As Australia's leading and most experienced creative education provider, we have been nurturing passionate creatives for over 40 years with fully accredited, industry-leading degrees and diplomas. Our unique, hands-on approach to creative education, along with our world-class facilities, inspire exploration, collaboration and innovation. It's why we are ranked #1 for Student Satisfaction and Skills Development among all private creative institutions in Australia (QILT Graduate Outcomes Survey: 2020, 2021).

Co-curricular projects and programs

JMC Academy's curriculum has been developed with a focus on emerging industry trends, professional development, collaboration and networking. Our programs are unique in combining essential critical thinking with the project-based work and practical experience critical to industry. Students from all departments have the opportunity to work together and apply their skills on collaborative projects. Students are also able to build and apply their knowledge abroad and create global networks through our study tours and exchange opportunities.

Learn from the experts

All JMC Academy courses are designed and taught by leading and award-winning industry experts alongside academics to ensure you graduate with contemporary best practice, ready to hit the ground running as a confident creative leader of tomorrow. Our student and career support programs ensure you develop a professional approach to your career development from day one.

World-class facilities

When you choose to study at JMC, you gain access to a wide range of world-class facilities and industry-standard software, all included in your tuition. Professional recording studios, post-production suites, digital media and animation labs, film and television studios and an on-campus auditorium are just some of the facilities you'll have access to during your time with us.

Internships

Our formal internship program allows you to engage in real industry placements across established national and local companies, including major recording studios, commercial radio and TV networks, advertising and design studios, major labels, festivals and major sporting events.

For the latest course information and detailed admission criteria visit uac.edu.au/jmc

Studying at Wentworth Institute

Wentworth Institute of Higher Education is located opposite Central Station and is distinguished by its small classes and support for the individual student. Wentworth Institute provides high-quality study programs in business information technology and interactive media at undergraduate and postgraduate levels.

Our mission is to provide industry-relevant and innovative higher education courses to address the learning needs of committed students and, in turn, the future needs of the businesses and industries in which they'll contribute their values, skills and knowledge.

Wentworth Institute's higher education degrees are accredited through the Tertiary Education Quality and Standards Agency (TEQSA) and by the relevant professional bodies. All our courses have been developed in close collaboration with industry so that students can gain relevant and sought-after skills. Our courses are designed to lead to successful and fulfilling careers in various fields, both in Australia and in the global marketplace.

We're committed to providing a valuable educational experience in a friendly atmosphere, and student support for academic studies and personal issues so that every student has the opportunity to reach their potential.

Studying at William Angliss Institute

Founded in 1940, William Angliss Institute focuses on developing leaders in the 'experience economy' – foods, tourism, hospitality and events – where consumers choose to spend more, share more and find more happiness in 'experiences' rather than 'things'. We offer a broad range of training and education programs including certificates, diplomas and advanced diplomas, short courses, associate degrees and bachelor degrees.

The Angliss Sydney campus is centrally located in Alexandria, known for its creative edge and surrounded by cafes, bars and restaurants; this area is the perfect place to learn and launch your career in Australia's experience industry. We pride ourselves on having passionate and dedicated people with long-standing industry ties who contribute their knowledge and experience in delivering training of the very highest standard.

Our Sydney campus offers endless experiential opportunities while you gain world-recognised qualifications. Feel at home at our modern campus with state-of-the-art facilities:

- super kitchen training kitchens
- bright street-front cafe
- large training restaurant with balcony dining
- full training bar
- a dynamic mix of formal and informal learning spaces
- relaxed student break-out spaces
- close to many restaurants, parks, cafes, bars and events venues.

Part 4:

Course Finder

Course Finder is a guide to undergraduate courses offered to domestic students in 2023.

Not all courses are available to international students: refer to the institution information in [Part 2](#) for details.

Course Finder is in two parts:

1. 'Find your topic of interest' directs you to the fields of study that incorporate your interests.
2. 'Find your course' lists relevant courses under each field of study.

Full course descriptions will be published on the [UAC website](#) when details are confirmed.

[Find your topic of interest](#) 204

[Find your course](#) 207

Find your topic of interest

1. Find a topic that interests you (eg Aboriginal studies). It will refer you to one or more fields of study (eg see Health and Society and Culture).
2. Turn to 'Find your course' and look up the cross-referenced field of study (eg Society and Culture). Browse the courses offered in that field.

Find your course

Full course descriptions will be published on the [UAC website](#) as details are confirmed. All course descriptions will be published by August 2022.

All university courses are categorised into fields of study, or disciplines, defined by the Department of Education, Skills and Employment. You'll find that university faculties and schools are organised in a similar way, although the actual names vary – one uni might have a Faculty of Engineering while another uni has a Faculty of Engineering and IT.

Agriculture, Environmental and Related Studies

Agriculture, environmental and related studies is the study of the theory and practice of breeding, growing, gathering, reproducing and caring for plants and animals. It includes the study of the interaction between people and the environment and the application of scientific knowledge to the environment to protect it from deterioration.

Topics studied include aquatic resource management; animal production and management; crop production; environmental impact and assessment; forestry resources management; soil and water conservation.

Career opportunities include agricultural consultant, agricultural manager, animal handler, animal nutritionist, animal welfare officer, commercial horticulturist, conservation manager, ecologist, farmer, grazer, horticulturist, land manager, produce manager, stud manager, veterinarian, veterinary technician, winemaker, wool-classer, zookeeper.

Jennifer Li

Site Engineer, Multiplex

Bachelor of Construction Management

Graduated in 2019

A degree in construction management set me up for an entry-level role in construction. Extensive industry experience meant I was able to put the theory I'd learnt at university into practice. It also put me in contact with people who had been in the construction game for several years.

The best thing about the construction industry is the dynamics: you meet a real mixture of people and the work is varied. The construction site is always moving forward and there's always different work to be done. If being onsite is not your preference or, for instance, you're stronger in dealing with finances and contracts, there'll be a job for you.

Architecture and Building

Architecture and building is the study of the art, science and techniques involved in designing, constructing, adapting and maintaining public, commercial, industrial and residential structures and landscapes. It includes the study of the art and science of designing and planning urban and regional environments.

Topics studied include aesthetics and space dynamics; architectural design and drawing; building economics; building science; building techniques and technologies; construction management; town planning.

Career opportunities include architect, building/property manager, building or land surveyor, construction manager, environmental planner, estimator, exhibition display designer, industrial designer, interior designer, landscaper, property valuer, town/urban planner.

My degree gave me the flexibility and opportunity to explore various avenues within the media industry, from UX/UI design to advertising, broadening my career options.

I've always been passionate about the media industry due to its innovative and creative nature. Working as a media assistant has given me the opportunity to be a part of the planning and implementation process of major media campaigns, which has been exciting and rewarding.

Neha Salah

Media Assistant, OMD Australia

Education

Education is the study of the process of learning. It includes the theories, methods and techniques of imparting knowledge and skills to others.

Topics studied include curriculum development; processes of learning and skill acquisition; teaching methods.

Career opportunities include careers adviser, community educator, corporate trainer, early childhood/primary/secondary teacher.

Hanne Pedersen

Leader of Learning, St Philomena's School, Moree
Bachelor of Education (Birth to Twelve Years)

Graduated in 2016

“

I found great value in the international and national experiences that were offered as part of my teaching course as they were, and still are, extremely relevant to my vocation. In addition to this, the smaller cohort and class sizes meant that we were able to receive a more personalised tertiary education from passionate professionals.

I love teaching because every day we support young people to think, question, be inspired, create, respect, problem solve, and much more. My course was a fantastic foundation to enable me to be the continuously growing teacher I am today.

”

“

Majoring in Construction Management at university allowed me to delve into the fields of management, design, construction, and the economics of construction projects and project management systems. It gave me expertise in dealing with huge construction projects as well as vital project management skills.

Working as a Graduate Civil Engineer has taught me that no two days on the construction site are the same. Every day, I am confronted with new obstacles and am constantly developing my critical thinking and analytical abilities.”

Gaurav Poddar

Graduate Civil Engineer, SD Group AU

Bachelor of Engineering Honours (Civil)

Majored in Construction Management

Graduated in 2020

Scott Bear

Front Office Manager, Sofitel Sydney Darling Harbour

Bachelor of Business (International Hotel & Resort Management)

Graduated in 2017

My hotel management education encapsulated everything it is to be a hotelier. While in a protected and guided environment, the course provided the opportunity to experience real-life situations, both practically and theoretically, preparing me for my future career. This on-the-job training was one of the most valuable experiences through my studies.

What I love most about the hospitality industry is improving the lives of the guests and ambassadors I meet every day. I can make a difference to those celebrating special occasions, spending their hard-earned money and creating everlasting memories.

Combined and double degrees only appear under one field of study. Check both areas you are interested in to find these courses. Combined Law degrees are listed after 'Society and Culture'.

Throughout my degree I had the opportunity to work with a number of allied health professionals. I was able to gain the skills to help individuals within clinical and community settings.

I developed a passion for rural health care and am now working in a small rural hospital where I treat a variety of patients, from young children to the elderly. I run group activities like bushwalking and falls prevention sessions to promote the benefits of physical activity and being on our feet.

It's rewarding to help people put their best foot forward and stay active and independent in their community.

Jessica Barton

Podiatrist, Corryong Hospital, Victoria

Bachelor of Podiatric Medicine

Graduated in 2021

Information Technology

Information technology is the study of the processing, transmitting and storage of information by computers.

Topics studied include computation theory; computer programming; data format and coding; management, storage and retrieval of information in a computer environment; robotics programming and artificial intelligence; systems analysis.

Career opportunities include app developer, computer programmer, computer scientist, cyber security specialist, data analyst, digital media producer, game designer, graphic designer, graphic web designer, filmmaker, illustrator, information systems manager, intelligence analyst, IT consultant, network administrator/engineer, photographer, software developer, systems analyst/developer, ui/ux designer, visual effects artist, web designer/developer.

Heshaam Sahib

Cloud Security Associate, Amazon Web Services (AWS)

Bachelor of Engineering (Honours)

Diploma in Professional Engineering Practice

Majored in ICT/Network Security

Graduated in 2019

My ICT degree allowed me to pursue a career in IT security and cloud services – two high-growth areas in the IT sector. As part of the Diploma in Professional Engineering Practice, I completed 12 months of internships. After graduating, I was able to get work immediately.

At AWS, which is a cloud provider, I help organisations of all sizes troubleshoot any issues they face while working with the AWS security services.

The most enjoyable aspect of my job is knowing that I am helping customers successfully migrate to the cloud and improve their business.

I chose my degree because I love everything about sport, and it was something I could see myself doing for the rest of my life.

Being part of a sporting organisation is a great fit for anyone who enjoys a collegial culture within a competitive sector. I meet key stakeholders from global organisations, get to know sporting greats on a first-name basis, and enjoy the best seats in the house at matches. Sport is a great way to unite people and it will always be an important part of our culture and our economy.

Aristoteli Taktikos

Partnerships Manager, South Sydney Rabbitohs

Claudia Jenkins

Advisor, Domestic Student Recruitment,

University of Canberra

Bachelor of Management/Bachelor of Science
in Psychology

Graduated in 2021

“

My course embedded real-world examples and evolved to match the new COVID-19 environment and landscape of events and tourism management, which I majored in. This allowed me to graduate with outcomes that prepared me for the workforce.

In my role I'm responsible for recruitment and events for the university such as Open Day and travelling on the road to careers expos. Having studied such a hands-on double degree, I am able to take human behaviour and psychology into the field of business and combine the science behind human motivation and productivity in the workforce.

Combined and double degrees only appear under one field of study. Check both areas you are interested in to find these courses. Combined Law degrees are listed after 'Society and Culture'.

My degree provided me with a diverse and interdisciplinary experience and gave me the opportunity to study various scientific disciplines in theoretical, field and laboratory settings. It provided a great foundation to find work after uni and opened my eyes to the vast number of career possibilities available to environmental science graduates.

My work as an environmental consultant exposes me to a variety of projects in policy, planning, infrastructure and construction. No single day is the same. I have the opportunity to contribute to the betterment of the natural and human environments in which we live.

Vincent Gillies

Environmental Consultant, WolfPeak

Bachelor of Environmental Science (Honours)

Graduated in 2015

Akala Newman

Assistant Producer, Moogahlin Performing Arts

Artistic Educator, Museum of Contemporary Art

Bachelor of Arts (Hons)

Majored in Theatre and Performance Studies/

Art History

Graduated in 2021

An Arts degree equips you to think critically, strengthening your understanding of our ever-changing world. As a First Nations woman it encouraged me to look at where dominant forms of knowledge come from and how to shed light between Western understanding and Indigenous epistemology.

The arts industry is tough, but better when you enter it with a community of like-minded people beside you. My degree has given me professional flexibility, a wide skill set and intricate perspectives, and helped me find pathways to the many jobs I'm privileged to be in now.

Combined and double degrees only appear under one field of study. Check both areas you are interested in to find these courses. Combined Law degrees are listed after 'Society and Culture'.

The practical focus of our law program, small class sizes and accessibility of the excellent faculty staff provided an enjoyable and relevant university experience. Pairing Law with Arts and the core curriculum ethics and philosophy subjects gave balance and perspective.

My time at uni has positioned me well to succeed in my career, giving me the foundation to pursue interesting and challenging roles at the leading edge of technology, law and society.

Tom Griffin

Associate General Counsel, APAC Privacy Legal, Meta

Bachelor of Arts/Bachelor of Laws (Honours)

Graduated in 2011

Mixed Field (Pathway) Programs

Mixed field programs provide personal development training and general education in a range of subject areas, such as history, geography, natural science, social science, art and music.

Topics studied include general studies; literacy and numeracy skills; personal, social and workplace relationships.

Mixed field programs offer students a pathway to higher education.

Times indicated in this publication are Sydney time.

Your privacy

When you apply to the Universities Admissions Centre (NSW & ACT) (UAC) you provide a lot of personal information, sometimes including health information.

UAC values the privacy of your personal information and recognises the importance of protecting it. UAC is bound by the following legislation:

- *Privacy and Personal Information Protection Act 1998* (NSW)
- *Privacy Act 1988* (Cth)
- *Health Records and Information Privacy Act 2002* (NSW).

This means that UAC must uphold the NSW State Information Protection Principles, the Australian Privacy Principles and the NSW Health Privacy Principles. UAC is committed to upholding these principles and has implemented policies and procedures to ensure they are met.

You can view UAC's Privacy Policy and applicant declarations at uac.edu.au/privacy.
